For the convenience of readers and for information purpose only, the auditors' report and the accompanying consolidated annual report have been translated into English from the original Chinese version prepared and used in the Republic of China. In the event of any discrepancy between the English version and the original Chinese version or any differences in the interpretation of the two versions, the Chinese-language auditors' report and annual report shall prevail.

- I. Name, title, contact number, and e-mail of Spokesperson  
Name: Chi-Chang Chen  
Title: Controller  
Phone: (03) 5959213 ext 1514  
E-mail: [services@sigurd.com.tw](mailto:services@sigurd.com.tw)
- II. Name, title, contact number, and e-mail of the deputy Spokesperson  
Name: Min-Hung Wu  
Title: Chief Financial Officer and Executive Vice General Manager  
Phone: (03) 5959213  
E-mail: [services@sigurd.com.tw](mailto:services@sigurd.com.tw)
- III. Address and telephone number of the Company and plants:  
Company and Beixing Plant: No. 430 and 436, Beixing Rd., Sec. 1, Zhudong Township, Hsinchu County 310  
Phone: (03) 595 9213 (operator)      Fax: (03) 594 4495  
Chunghsing Plant: No. 11, Lane 169, Chunghsing Rd., Zhudong Township, Hsinchu County 310  
Phone: (03) 582 4501      Fax: (03) 583 0927  
Hukou Plant: No. 1 and 1-, Siwei Rd., Hukou Country, Hsinchu County 303  
Phone: (03) 597 1698      Fax: (03) 597 4627
- IV. Name, address, phone number, and website of the stock transfer agency:  
Name: Shareholder Service Department, KGI Securities Co., Ltd.  
Address: 5F., No. 2, Sec. 1, Chongqing S. Rd., Zhongzheng Dist., Taipei City  
Phone: (02) 2389-2999  
Website: <http://www.kgieworld.com.tw>
- V. Certified public accountants (CPAs) who audited the company's annual financial report for the most recent fiscal year:  
Name: Chih-Cheng Hsieh, CPA, and Tsai-Yen Jiang, CPA  
Firm: PwC Taiwan  
Address: 27F, No. 333, Keelung Rd., Sec 1, Taipei City  
Phone: (02) 2729-6666  
Website: <https://www.pwc.tw/>
- VI. Name of the exchange where the Company's securities are traded offshore, and the method to inquire the information of such overseas securities:  
Not applicable.
- VII. Company website

V. DURING THE MOST RECENT FISCAL YEAR OR DURING THE CURRENT FISCAL YEAR UP TO THE DATE OF PRINTING OF THE ANNUAL REPORT, ANY OF THE SITUATIONS LISTED IN ARTICLE 36, PARAGRAPH 3, SUB-PARAGRAPH 2 OF THE SECURITIES AND EXCHANGE ACT, WHICH MIGHT MATERIALLY AFFECT SHAREHOLDERS’ INTERESTS OR THE PRICE OF THE COMPANY’ S SECURITIES .....	307

## One. Report to Shareholders

Ladies and gentlemen shareholders:

We express our sincere gratitude to all shareholders for their support and encouragement to Sigurd over the past year. We hereby present a report on the Company's business results for 2022 and a summary of the business plan for 2023.

### I. 2022 Business Results

#### (I) Operating Results for 2022 Business Plan

In 2022, the revenue increased by 12.07% from 2021 to NT\$ 18,694,345 thousand dollars, and net income after tax was NT\$ 3,513,949 thousand dollars, representing an increase of 15.73% as compared to 2021.

(II) Target Achievement: The Company did not disclose financial forecasts in 2022.

#### (III) Analysis of Financial Revenue/Expenditures and Profitability

The business strategy of the Company has always been prudent and robust, dedicated in the development of professional packaging and testing for niche IC. As such, the financial structure is fairly healthy. The analysis and comparison of financial structure, solvency, and profitability are as follows:

Item		Individual Financial Statements		Consolidated Financial Statements	
		2021	2022	2021	2022
Financial structure	Debts ratio %	46.89	43.93	51.30	48.41
	Long term funds to fixed assets %	208.34	245.14	156.44	174.51
Solvency	Current ratio %	147.39	228.47	192.97	277.21
	Quick ratio %	136.24	209.32	179.33	261.11
Profitability	Return on asset %	10.80	10.75	9.56	9.93
	Return on equity %	19.81	19.00	18.53	18.89
	Net profit margin %	26.89	28.64	18.20	18.80
	Earnings per share (EPS)(after adjustment of ordinary shares) (NT\$)	6.25	6.68	6.25	6.68

#### (IV) Research and development status

##### 1. Review of 2022

- (1) Based on the existing 12-inch Wafer Level Chip Scale Package (WLCSP), solder bumping, and Cu-pillar, the Company built an 8-inch WLCSP production line.
- (2) Strengthening the packaging capability of wafer level backend die-processing service (DPS).
- (3) Improved WLCSP's integrated service technology and capability.
- (4) Improved and upgraded the new generation RF IC automated test

equipment which have gone into mass production.

- (5) Developed the following related testing technologies which have gone into mass production: High-level 5G SoC, IC related to 5G mobile phone, Wi-Fi6/6E, IC related to True Wireless Stereo (TWS).
- (6) Self-manufacturing of accessories of related testing equipment.
- (7) Upgraded and expanded equipment to adapt to the need of high-speed computing IC, such as bitcoin, graphics chip, and server chip.
- (8) Improved the 4 nanometer testing technology.
- (9) Completed the mass production of Sigurd self-made logic and mixed signal testing machines.
- (10) Research on CoWoS (Chip on Wafer on Substrate) testing technology.
- (11) Research related testing technologies for next-generation high-speed computing interfaces, such as USB4.0.

## 2. Prospects for the future (2023 and future trends)

- (1) Improvement of the high-level SoC IC testing techniques for 5G mobile phones.
- (2) Improvement of the IC testing technology for 5G related equipment.
- (3) R&D of the 5G millimeter wave (mmWave) and antenna package AiP testing technology.
- (4) With the increasing popularity and demand for artificial intelligence (AI) applications, the Company collaborates with numerous research institutions and industrial companies to upgrade packaging and testing technologies.
- (5) Research on Metaverse-related IC packaging and testing.
- (6) Development of the integrated IC test technologies relevant to the AIoT (Artificial Intelligence & Internet of Things).
- (7) Development of RF related packaging and testing technology such as Wi-Fi 6/6E, WLAN SoC ICs, NFC (Near Field Communication) and Wireless Power (wireless charging).
- (8) Development of related image IC integrated packaging and testing technology: moving towards 8K4K (with a resolution of 7680x4320) video/audio Codec IC related testing technologies, based on the existing 4K2K package test.
- (9) Exploration of 3 nm test technologies.
- (10) Deepening the 4nm testing capability and scaling up mass production.
- (11) Expand the integrated backend production capacity of WLCSP and enhance relevant technological capabilities.

- (12) Enhancement of GaN-related testing technology.
- (13) R&D of the SiC-related testing technology.
- (14) Enhancing low-earth-orbit satellite testing capability and scaling up mass production.
- (15) Increase of automotive electronics and vehicle-to-everything-related IC test volume and maximization of the scope of certification.
- (16) Promotion of a smart factory and the width and depth of equipment automation and maximization of intelligent production.
- (17) Improve the specifications of self-made logic and mixed signal testing machines, and expand the customer base.
- (18) Mass production of CoWoS (Chip on Wafer on Substrate) related products.
- (19) Research on Wi-Fi7 related testing techniques.
- (20) Launch mass production plan for next-generation high-speed computing interfaces, such as USB 4.0.

## II. 2022 Operation Plan

### (I) 2023 Major Business Direction

In 2022, despite the rapid transmission of Omicron variants, the epidemic has been further controlled with the expansion of the COVID-19 vaccine. Most countries began to adopt a strategy of coexistence with the virus and gradually opened up border controls and lockdowns. It was originally expected that global prosperity would gradually recover. However, the global inflation caused by the Ukraine-Russia War led to a decline in consumption power, and the central banks of various countries were forced to raise interest rates to strengthen the fight against inflation. In addition, the United States began to implement chip control measures against China. In the second half of 2022, the semiconductor shortage originally encountered in 2021 has been solved, which will affect the revenue and growth rate of the global semiconductor market in 2022.

Semiconductor-related organizations will predict and lower the growth rate of semiconductors in 2023, which will be slightly lower than that in 2022. Statistics of respective market intelligence and research institutes (IDC, WSTS, Gartner, IC Insights) show a growth rate of 0.5%-5% in 2023 compared to 2022. As such, Sigurd is prudent and careful, adopting a steady development policy to maximize the Company profit.

In 2023, due to the endeavor of the Management, sufficient cash flow was secured to ensure the liquidity of the Company. Further, the Company is

striving to expand its competitive capabilities, strengthening product lines with an advantage in economies of scale, expanding differentiated product lines, and expanding prudently, and maintaining higher overall equipment efficiency.

(II) Expected sales and its basis

According to the Company's historical data of business revenue, as well as referring to the professional forecasting agencies' prediction for the semiconductor industry and IC packaging industry, and the feedback from customers through the sales unit, although the global economic prospect is affected by many unfavorable factors, It is estimated that in 2023, the Company will be driven by a series of new projects, new products and new customers to mitigate the impact.

(III) Important production and sales policies

For 2023, our response measures are as follows:

1. Strengthening the prevention of outbreak, and closely monitoring the status of the pandemic, customer needs and raw material supply.
2. Improving employee productivity and factory efficiency.
3. Continuously saving expenses, reducing operating costs, and lowering the break-even point.
4. Development of test business for products with a high gross profit rate, such as Metaverse, high-level 5G mobile phone IC, Wi-Fi 6/6E, high-speed computing, artificial intelligence (AI), AIoT, RF IC, and automotive electronics in order to make better profits.
5. Increasing the number and proportion of foreign customers.
6. Promotion of test business for telecommunication IC and niche IC.
7. Strengthening the relationships with strategic alliances with customers.
8. Reviewing and adjusting uncompetitive product lines.
9. Paying attention to market trends and striving for IC business orders related to high-level 5G products, vehicle electronics, Internet of Things and wearable devices.
10. Promotion of a smart factory and the width and depth of equipment automation.
11. Refining the specifications of self-made machines and expanding the customer base.

### III.Strategies for the Future

The future development of Sigurd is Reshaping Value, Technological Innovation, Avoiding Price Competition, and Forming the Blue Sea Strategy of

Sigurd. Therefore, Sigurd is constantly repositioning and moving toward developing packaging and testing technologies for niche products.

- (I) Timely adjustment of the organization: based on market and product conditions, timely adjusting the organization to adapt to changes.
- (II) Overseas markets continued to develop, and the number of customers in North America and Japan increased in 2022 compared with 2021. Moreover, the development of the Mainland China market has also produced good results. Therefore, in 2023, in addition to the original North American market, the Company also actively expands the Asian, Mainland Chinese, European, and Japanese markets.
- (III) Promotion of the throughput and customer base of Xixing (Suzhou).
- (IV) Integration and niche testing

Over the years, Sigurd has acquired the testing technology and experience of Mixed Signal, Logic, Memory, RF, and Power. With a stronghold of technologies, as well as aligning with market trends, Sigurd is moving toward integration and niche products.

#### 1. Integrated Testing Technology

IC products are becoming increasingly complex, and can no longer be simply categorized as Mixed Signal, Logic, CIS, Memory, RF, and Power. The current trend has been moving toward the integrated IC. Sigurd has accumulated years of testing experience with confidence in products such as SoC mobile phone AP (3G/4G) and Wi-Fi SoC, and has built a solid foundation for 5G-related IC packaging and testing technology.

#### 2. Niche Testing

- (1) High-speed computing-related ICs: such as chips for bitcoin, graphics, and servers.
  - (2) Communication-related ICs: 5G communication equipment IC, GPS, Wi-Fi SoC (integrated with Bluetooth and MCU).
  - (3) Video/Audio related ICs: 3D, 4K2K and 8K4K video codec IC, HDMI, and HDTV control IC.
  - (4) Mobile phone-related IC: such as 5G-related IC, AI, AP, Baseband SoC, GPS, Light sensor, Bluetooth, Touch Pad.
  - (5) Computer-related ICs: such as graphics chip, USB, Type C, WLAN, touch panel IC, and et cetera.
  - (6) Vehicle electronics ICs: such as sensor, microprocessor and V2X ICs.
- In addition, Sigurd also strengthens the acquiring of foreign customers, in the hope of achieving results in the future.

### 3.Niche packaging

As electronic products move towards being lighter, thinner, shorter, and smaller, the encapsulation technique is growing miniature, too. To go with this trend, as far as encapsulation is concerned, Sigurd is shifting towards the WLCSP (Wafer Level Chip Scale Package)-related encapsulation technology. WLCSP encapsulation is smaller in size, costs less, and is known for its high production yield. In addition, it offers strengths such as better coplanarity and heat dissipation capacity to high-speed and power management circuits.

#### (V) Research and development (R&D)

In addition to continuing recruiting industry talents, the Company also develops technologies and communicates intensely with companies, research institutions, and universities.

#### (VI) Exert the Group's comprehensive efficiency

Integrate the resources and equipment of subsidiaries in the Group, provide customers with more complete packaging and testing services, and make the most efficient use.

### IV. The Impact of external competitive environment, regulatory environment, and overall business environment

Most semiconductor research units had originally predicted that the gradual control of the COVID-19 epidemic in 2022 would drive economic recovery. However, they also projected that the global semiconductor shortage would persist. However, after the outbreak of the Ukraine-Russia war, the world entered an inflationary period, and the real purchasing power declined. In addition, the United States imposed chip sanctions on China. Under various unfavorable factors, although the global semiconductor market grew from 2021 to 2022, major semiconductor manufacturers have gradually become conservative in terms of capital cost since the second half of the year. Taiwan's packaging/testing factories have successively revealed their preliminary plans for capital expenditure in 2023. Amid the sound of a slump of prosperity, Sigurd will carefully adjust its capital expenditure according to customer demand and market conditions, and will focus more on saving expenses to pass this period of economic adjustment.

#### (I)Favorable Factors:

1. The undergoing mergers of global semiconductor manufacturers have been prevalent, which is beneficial to Sigurd in securing more orders from its now merged customer entities.

2. The COVID-19 epidemic is gradually easing, and most countries have lifted border controls and blockades, further driving economic recovery.
3. The implementation of chip sanctions by the United States on China is expected to drive the production of semiconductor related ICs in Taiwan.
4. The cost of packaging and testing houses of Mainland China is increasing and getting closer to their counterparts' in Taiwan.
5. After the financial tsunami, many IDM companies abroad have reduced their packaging and testing capacity or terminated production lines, which is beneficial for Sigurd to secure more orders from IDM companies.
6. New applications such as the metaverse, high-speed computing, deep learning, edge computing, AI, AR/VR, and so on, require high-level processes. Many large international companies choose to place orders in Taiwan, which is beneficial for Sigurd to secure more orders.
7. Wearable devices, which will bring forth new ideas and the extensive use of the IoT will give rise to a wave of demand for electronic components.
8. The exhaust emission standards are stricter and automobiles are gradually developed towards energy-saving (hybrid or electric vehicles) and self-driving, which is conducive to the growth of vehicle electronic related ICs.
9. With the release of the 5G spectrum, the demand for related equipment is gradually expanding.
10. Some products of semiconductor shortage remains a concern. However, among the global market, Taiwan has been proactive in expanding production, which is favorable to secure orders.

(II) Unfavorable factors:

1. Affected by the factors of the Ukraine-Russia War and the shortage in manpower are affecting the supply of raw materials and the supply chains and, accordingly, the production.
2. The cross-strait relations between Taiwan and Mainland China are still filled with variables. It is worthy of concern whether many semiconductor manufacturers will evaluate the establishment of factories in countries other than mainland China and Taiwan.
3. In the past few years, due to the shortage of semiconductors, various companies have actively expanded their factories. However, due to the impact of the economic downturn, it is still necessary to pay close attention to whether there has been price-cutting competition due to

overcapacity.

4. After implementing chip sanctions against China, the United States intends to further collaborate with other countries to implement them, and it is worth observing the impact in the future.
5. Potential recession caused by inflation.

Due to the above-mentioned reasons, the economy in 2023 will be subject to significant fluctuations, and Sigurd will cautiously adjust its company strategy in order to weather this period of economic adjustment.

Shin-Yang Huang, Chairman and CEO

## Two. Company Profile

### I. Company Profile

Date of Establishment/Registration: December 15, 1988.

### II. Company History

- |      |  |
|------|--|
| 1988 | The Company established (originally named: Giant Electronics)  |
| 1990 | Official commencement of production and sales; packaged products from 8L to 40L  |
| 1992 | Expand the plants to 500 ping; the occupied space and the total building space of plants became 1,200 pings  |
| 1994 | Siliconware Precision Industries Co., Ltd. invested the Company and became one of the major shareholders.  |
| 1998 | The Company acquired and merged Sigurd, whose major business was testing, and was renamed as Sigurd Microelectronics Corporation; the turnkey service of packaging and testing started to be provided to our clients.  |
| 1999 | Passed the quality certification ISO9002 for packaging and testing.<br>Started the R&D of packaging and testing technologies for CMOS Image Sensor.  |
| 2001 | Started the mass production of CMOS Image Sensor packaging and testing.<br>Passed the strict quality certification of TSMC for its suppliers.  |
| 2002 | Significantly expanded the multi-media IC testing.<br>Acquired the land, plant, and equipment of "Xin-Chen Technology Co., Ltd," which also operated in the packaging industry through an auction for expanding the capacity (currently, the Zhongxing Plant).   |
| 2003 | Officially went public-listed and trading shares on August 25.   |
| 2005 | The merge base date with Yu-Tung Global Technology Co., Ltd was March 1.<br>The overseas convertible corporate bonds, valued Thirty Million USD, were issued on March 23.  |
| 2006 | The merge base date with Hung-Yu Semiconductor Co., Ltd was June 12, (currently, the HouKou Plant).  |
| 2007 | The Corporate Director, Siliconware Precision Industries Co., Ltd. , resigned from the position of director on November 9.   |
| 2010 | The first unsecured convertible corporate bonds were issued on March 25, for the upper limit of the total amount of One Billion and Two Hundred Million NTD; the issued amount was One Billion NTD.  |
| 2013 | The Beixing 2nd Plant officially operated on February 19.<br>Merged Meicer Semiconductor Inc., with May 31 as the merge base date.   |
| 2014 | Certified as an Authorized Economic Operator (AEO) on July 30.   |
| 2016 | New Houkou Plant officially operated on January 8.<br>Publicly acquired 70.83% of TEST-SERV Inc.'s stake on January 30.<br>With cash consideration for stock conversion, 100% stake of TEST-SERV Inc. was acquired; the base date of conversion was September 1, 2016.   |
| 2017 | On April 24, the 2nd domestic unsecured convertible bonds were issued, the total issued amount was One Billion and Two Hundred and Six Million NTD; the bonds were issued by 100.5% of the face value with a coupon rate of 0%.<br>On July 5, the Board of Director resolved the acquisition of stake from the overseas company, Bloomeria Limited (Singapore) with cash, and thus to acquire 51.88% of Winstek Semiconductor Co., Ltd.'s stake. The delivery was done on October 12, and the merge date was October 13. |
| 2019 | Invested in Flatek, Inc. with One Hundred Million NTD in cash in August.<br>Invested in AMBERSAN Medical Technology Co., Ltd.. in August and acquired 55% of its shares in September.<br>On September 27, the Investment Commission, MOEA approved the investment of Forty-Five Million USD in Suzhou, China.<br>On October 15, the 3rd domestic unsecured convertible bonds were issued, the total issued amount was One Billion and Two Hundred and Six Million NTD; the   |

bonds were issued by 100.5% of the face value with a coupon rate of 0%.  
The cash capital increase base date was November 15, to issue 17,000,000 new shares to increase capital; the amount of capital was NTD 170,000 thousand dollars.

2020 On March 12, Gexing Co., Ltd. was founded.

2021 On January 25, the Board of Directors approved the acquisition of all issued shares of UTC Holdings Corporation from UTAC Taiwan Holdings (Cayman Islands) for an amount of US\$165 million in cash (approximately NT\$4.62 billion). The Company will indirectly obtain all the issued shares of UTC Holdings Corporation previously held by UTC Holdings Taiwan. The stock transaction was settled on April 14, 2021.

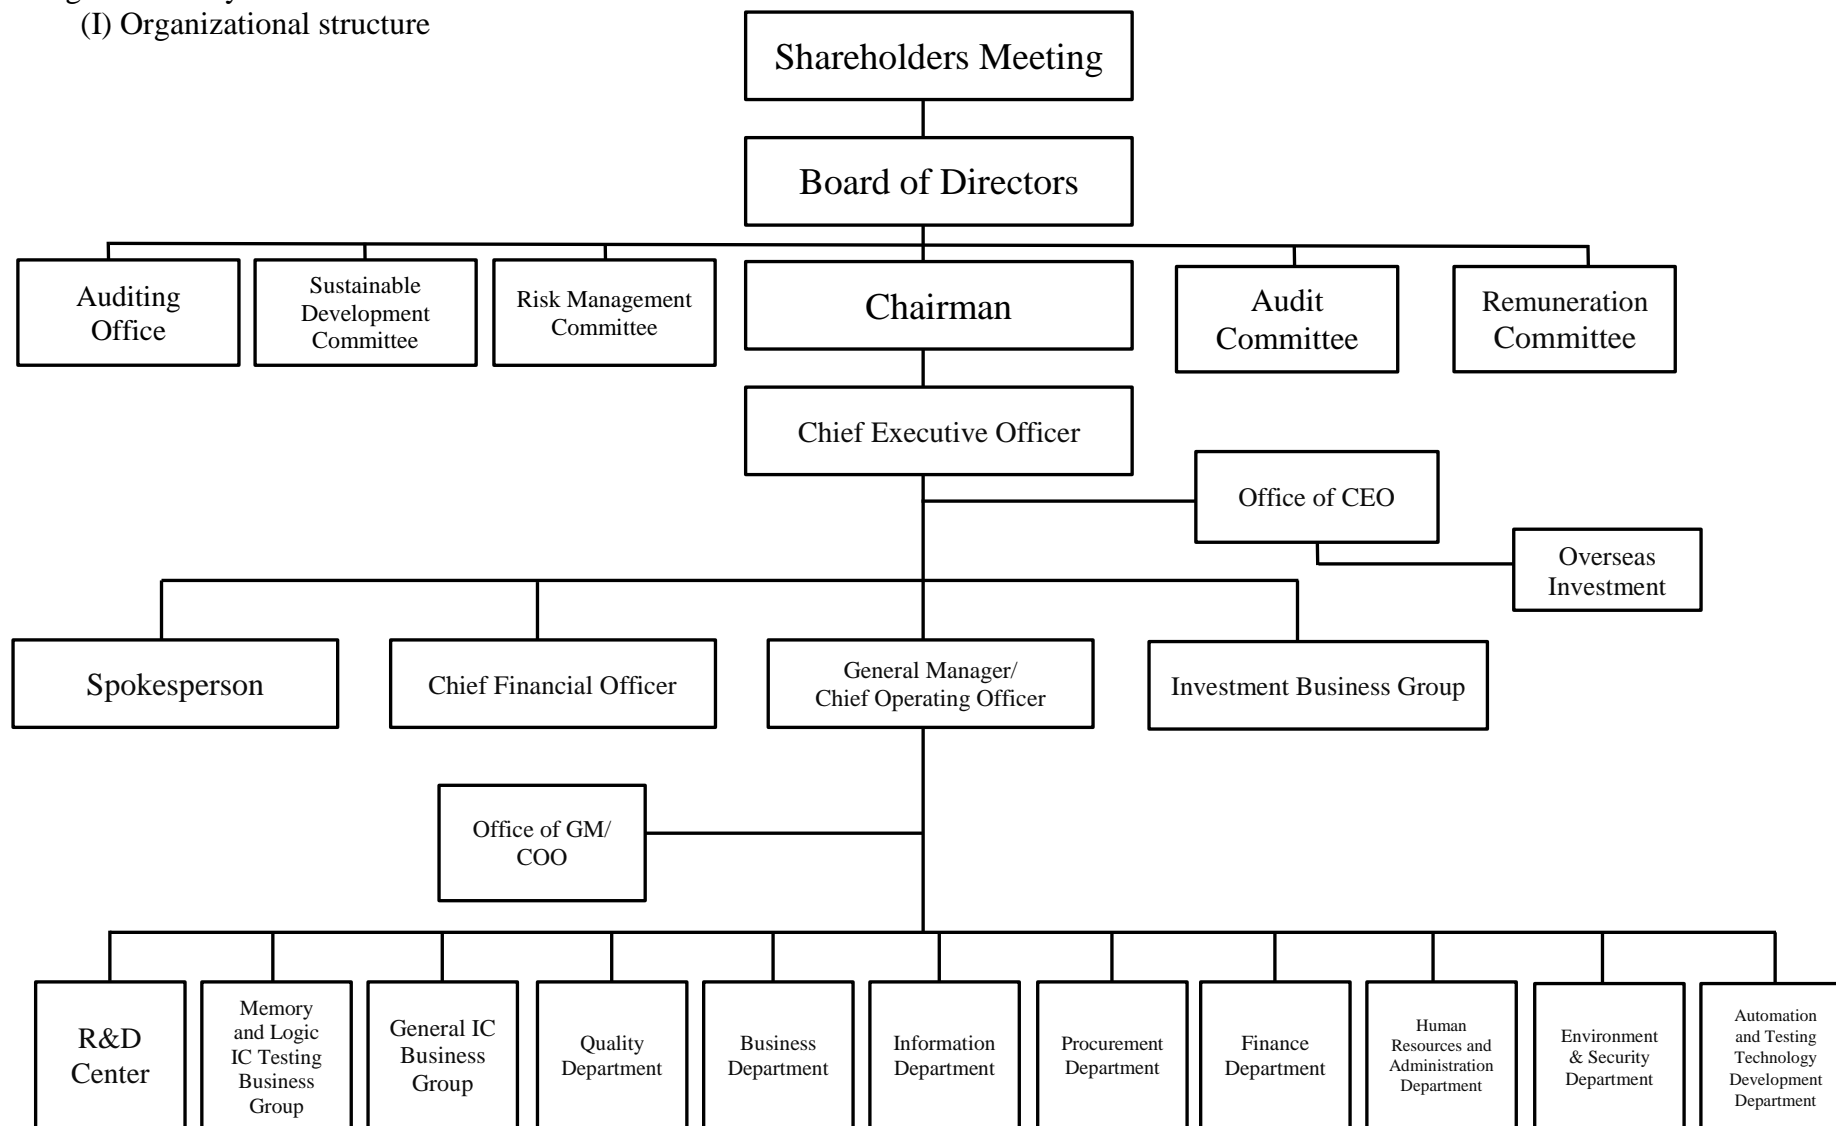

The first secured ordinary corporate bonds of 2021 were issued on March 29. The maturity period was 5 years and the total issue amount was NT\$3 billion only with a fixed coupon rate of 0.58%.

The fourth domestic unsecured corporate bonds were issued on October 13. The maturity period was 3 years and the total issue amount was NT\$1.5 billion.

### Three. Company Governance Report

#### I. Organization System

##### (I) Organizational structure

(II) Business of each major department

Department	Function
Auditing Office	Implementation of the internal audit system, and execution of projects.
Office of CEO	Major function is to decide the holistic operation of all businesses of the Group; the day-to-day operations include: the approaches regarding finance and business; the addition/reduction to the business scopes; participation to the decision making of the Board of Directors; executions of resolutions of the Board of Directors; regular business reports and annual reports presented to the Board of Directors. Entrenchment and solidification of corporate cultures; construction of the Group; adjustments to the organizational structures; establishment of systems and processes.
Office of GM/COO	Responsible to the organization and coordination for completing the Company's annual operation plans; responsible to the organizations, plans and strategies of the Company's mid- to long term developments, while promoting the annual responsibility guidelines, and drafting and supervising the operational objectives.
Research and Development Center	Design, development, and research of production process technologies and development of technology platforms.
Memory and Logic IC Testing Business Group	In charge of the operation of Memory and Logic IC
General IC Packaging/ Testing Business Group	Operation of General IC Packaging/Testing
Quality Department	Implementation of the QC of the Company and quality/quantity assurance to the clients.
Information Department	Establishment and maintenance of the information environment and application systems.
Procurement Department	Management of procurement and suppliers.
Finance Department	Finance, accounting, shareholder services, and budget management.
Human Resources and Administration Department	Management of human resources and related general affairs.
Business Department	Responsible for sale and promotion of products and implementation of such sale and promotion.
Environment & Security Department	Responsible for public security and environmental management
Automation and Testing Technology Development Department	Development of smart manufacturing equipment, technology and modules.

II. Information on the Company's General Manager, Assistant General Managers, Deputy Assistant General Managers, and the Supervisors of All the Company's Divisions and Branch Units

(I) Information of Directors

(former TPIC MICROELECTRONICS CO.,LTD.) or SIGURD CAYMAN in short; (3) Sigurd Micro Electronics (Wuxi) Co., Ltd or Sigurd Wuxi in short; (4) TEST-SERV Inc. or Test-Serv in short; (5) Flusol Co., Ltd. or Flusol in short; (6) Burgurd Co., Ltd. or Burgurd in short; (7) SIRIZE Technology (Suzhou)Corp. or SIRIZE Technology in short; (8) Bloomeria Limited or Bloomeria in short; (9) UTC Holdings Corporation or UTC in short; (10) Sigurd UTC Corp. or Sigurd UTC in

short; (11) Winstek Semiconductor Co., Ltd. or Winstek Semiconductor in short; (12) Winstek Semiconductor Technology Co., Ltd. or Winstek Semiconductor Technology in short; (13) TST Co., Ltd. or TST in short; (14) Ambersan Medical Technology Co., Ltd. or Ambersan in short; (15) SIGWIN Corporation or SIGWIN in short; (16) Flatek, Inc. or Flatek in short; (17) OPS Electronics Limited or OPS in short; (18) OPS Electronic (ShenZhen) Limited or OPS Electronics in short; (19) TPFUSION, INC. or TPFUSION in short; (20) TPfusion, Crop. or TPfusion in short; (21) Valuenet International Limited or Valuenet in short.

Note 2: If the chairperson, general manager, or person holding an equivalent position are the same person or are spouses, the information regarding the reasons, reasonableness, necessity, and countermeasures (such as adding more seats of independent directors, with a majority of directors not concurring employees or managers)

shall be disclosed:

The Chairman of the Company concurs with the CEO, to enhance the operational effectiveness and execution of decisions for the Group, while strengthening the independence of the Board of Directors. The Company has been actively cultivating excellent talents internally. The Chairman closely and sufficiently communicates the operating status and guidelines of plans with the Board of Directors often, to implement the corporate governance. In the future, the Company is prudentially assessing and planning to enhance the functions of the Board of Directors and oversight via adding more seats of independent directors. Currently the Company has the following measures in place:

(1) The three current independent directors have specialties in finance/accounting, electronics, and semiconductor areas, respectively, so that they may effectively oversee everything.

(2) Each director is arranged to have professional training every year, to enhance the effectiveness of the Board of Directors' operations.

(3) Independent directors may discuss sufficiently and provide opinions in each functional committee, for the Board of Directors to refer to, as one of the practices of corporate governance.

(4) Among the current directors, most of them do not concur with the Company's employees or managers.

Note 3: Mr. Shin-Yang Huang was firstly elected as a director on August 19, 1998; and elected as the Chairman on April 3, 2002.

Note 4: Mr. Tsan-Lien Yeh was firstly elected as a supervisor on August 19, 1998; he resigned from the position of supervisor on February 17, 2004; he was elected as a director on May 18, 2004.

Note 5: On June 13, 2008, Mr. Hsu-Tung Kuo was elected as a director at the Annual General Meeting and resigned his position on May 4, 2018. He was re-elected as a director on June 10, 2020.

Note 6: Siliconware Precision Industries Co., Ltd. re-appointed Mr. Wen-Yuan Lin as its representative on March 31, 2002. He started serving as the corporate director of the Siliconware Precision Industries Co., Ltd. in the Company on December 30, 2002;

Mr. Wen-Yuan Lin was elected as a director at the general shareholders' meeting on June 13, 2005 for the term starting from December 30, 2005. He retired from the position of Special Assistant, General Manager's Office, Sigurd Microelectronics Corporation, on January 31, 2016.

Note 7: Mr. Ming-Chun Chiu had been a director of the Company when the Company was founded in 1989; from March 22, 2000 to June 22, 2011, he was a supervisor; on June 22, 2011, he was elected as a director.

Note 8: Mr. Wen-Bin Wu was elected as an independent director in the AGM on June 6, 2014.

Note 9: Mr. Chuen-Rong Leu has been an independent director for more than 9 years as of 2020 since his election at the Annual General Meeting on June 22, 2011. Mr. Chuen-Rong Leu has extensive experience of the industry and provided valuable opinions to the Company during his time as the independent director. Hence, he was nominated as an independent director of the Company and elected successfully.

Note 10: Mr. Min-Kai Lin was elected as an independent director in the AGM on June 15, 2017.

1. Major shareholders of the corporate directors (1) Major shareholders of the corporate directors: not applicable. (2) Any major shareholder of a corporate director who is also a major shareholder: not applicable.

## 2. Information of directors

### (1) Disclosure of the information on the professional qualifications of directors and independence of independent directors:

Date: April 9, 2023

Qualifications Name	Professional qualifications and experience (Note 1)	Independence status (Note 2)	Number of publicly listed companies in which the director concurrently serves as an independent director
Director: Shin-Yang Huang	1. MBA, College of Management, National Taiwan University 2. Have work experience for more than 25 years in the areas of commerce, law, finance, or accounting, or otherwise necessary for the business of the company 3. None of the conditions indicated under Article 30 of the Company Act.	1. None of the directors or his spouse or relative within the second degree of kinship is a director, supervisor or employee of the Company or an affiliate. 2. As for the number of Company's shares held by the director and his spouse and relatives within the second degree of kinship (or held in the name of others), the director holds 7,215,771 shares (1.58%) of the Company and his spouse holds 503,495 shares (0.11%) of the Company. 3. The director is not a director, supervisor or employee of any company having a special relationship with the Company (in reference to Subparagraphs 5~8, Paragraph 1, Article 3 of the Regulations Governing Appointment of Independent Directors and Compliance Matters for Public Companies). 4. The amount of the remuneration in the most recent two years for providing the Company or affiliates with commercial, legal, financial, accounting or related services is zero.	0
Director: Tsan-Lien Yeh	1. Bachelor of Electrical Engineering, National Chiao Tung University; GMBA, National Chiao Tung University 2. Have work experience for more than 25 years in the areas of commerce, law, finance, or accounting, or otherwise necessary for the business of the company 3. None of the conditions indicated under Article 30 of the Company Act.	1. None of the directors or his spouse or relative within the second degree of kinship is a director, supervisor or employee of the Company or an affiliate. 2. As for the number of Company's shares held by the director and his spouse and relatives within the second degree of kinship (or held in the name of others), the director holds 3,409,633 shares (0.75%) of the Company and his spouse holds 82,955 shares (0.02%) of the Company. 3. The director is not a director, supervisor or employee of any company having a special relationship with the Company (in reference to Subparagraphs 5~8, Paragraph 1, Article 3 of the Regulations Governing Appointment of Independent Directors and Compliance Matters for Public Companies). 4. The amount of the remuneration in the most recent two years for providing the Company or affiliates with commercial, legal, financial, accounting or related services is zero.	0

The amount of the remuneration in the most recent two years for providing the Company or affiliates with commercial, legal, financial, accounting or related services is zero.</p>	1

Note 1: Professional qualifications and experience: The professional qualifications and experience of each director and supervisor shall be described. When the person is a member of the Audit Committee and have accounting or financial expertise, such accounting or financial background and related work experience shall be specified. Also, whether none of the circumstances under Article 30 of the Company Act applies to the person shall be specified as well.

Note 2: The status of independence of each independent director shall be specified, including but not limited to whether the person or the person's spouse or relative within the second degree of kinship is a director, supervisor or employee of the Company or an affiliate; the number of company shares held by the person and the person's spouse and relatives within the second degree of kinship (or held in the name of others) and the percentage thereof; whether the person is a director, supervisor or employee of any of the Company's affiliates (in reference to Subparagraphs 5~8, Paragraph 1, Article 3 of the Regulations Governing Appointment of Independent Directors and Compliance Matters for Public Companies); and the amount of remuneration in the last two years for providing the Company or affiliates with commercial, legal, financial, accounting or related services.

(2) Diversification and independence of the Board of Directors:

① Diversification of the Board of Directors: The Diversity policies, goals and achievements shall be described.

As a basis for the selection, the Company accepts the list of the candidates nominated in writing by the shareholders holding 1% of the Company's shares according to Article 192-1 of the Company Act or the professional candidates nominated by the Board of Directors from the fields of industry, commerce, technology, finance, accounting, and other industrial areas without the circumstances specified in Article 30 of the Company Act. There are 9 directors forming the Board of Directors of this term. They are specialized in the fields of industry, technology, finance and accounting, and are 60~75 years of age. The Company is dedicated to the diversification of the gender, nationality and culture. As for the diversity of the professional experience, the directors come from different professional fields and can provide valuable opinions and experiences for the development of the Company.

Note 2: On December 20, 2022, the Board of Directors approved the appointment of the Audit Supervisor.

Note 3: If the chairperson, general manager, or person holding an equivalent position are the same person or are spouses, the information regarding the reasons, reasonableness, necessity, and countermeasures (such as adding more seats of independent directors, with a majority of directors not concurring employees or managers) shall be disclosed: The Chairman of the Company concurs with the CEO, to enhance the operational effectiveness and execution of decisions for the Group, while strengthening the independence of the Board of Directors. The Company has been actively cultivating excellent talents internally. The Chairman closely and sufficiently communicates the operating status and guidelines of plans with the Board of Directors often, to implement the corporate governance. In the future, the Company is prudentially assessing and planning to enhance the functions of the Board of Directors and oversight via adding more seats of independent directors, or taking accounts of managers. Currently the Company has follows measures in place: (1) The three current independent directors have specialties in finance/accounting, electronics, and semiconductor areas, respectively, so that they may effectively oversee everything. (2) Each director is arranged to have professional training every year, to enhance the effectiveness of the Board of Directors' operations. (3) Independent directors may discuss sufficiently and provide opinions in each functional committee, for the Board of Directors to refer to, as one of the practices of corporate governance. (4) Among the current directors, most of them do not concur with the Company's employees or managers.

### III. Remunerations paid to the directors, supervisors, general managers, and vice general managers in the recent years

#### (I) Remunerations paid to the directors, supervisors, general managers, and vice general managers

##### 1. Remunerations to directors and independent directors (to disclose individual remuneration information with the name (s))

Unit: NTD Thousand Dollars

1. Please specify the payment policy, system, standards, and structure of the remuneration of independent directors, as well as the relevance between the factors, such as their responsibilities, risks, input time, and the amount of paid remuneration: the remunerations to the independent directors, pursuant to the Article of Association, are reviewed by the Remunerations Committee. The participation, contributions, reasonableness of the independent directors to the Company's operations link to their remunerations, and by referring to the payments made by peers, the proposal is made and presented to the Board of Directors for discussion.

2. In addition to the disclosures in the previous table, please specify the remuneration paid to the directors who provided services (e.g. acting as non-employee advisor for the parent company/any company stated in the financial statements/any invested company) in the recent year: none.

Note 1: The remunerations to directors and employees, have been resolved by the Board of Directors on March 7, 2023; as of the publishing date of the annual report, the name list of employees for the remuneration distribution has not been decided; therefore the said amount is provisional only.

Note 2: Neither the new system nor old pension system is contributed to directors.

2. Remuneration paid to Supervisors (to disclose aggregate remuneration information with the name(s) indicated for each remuneration range): None; the Company established the Audit Committee in 2017 to replace the supervisors with the Audit Committee.

3. Remunerations for the General Manager and Vice General Manager (to disclose aggregate remuneration information with the name(s) indicated for each remuneration range)

Unit: NTD Thousand Dollars

		Ja-Hung Hsieh				
		Chin-Te Kuo				
		Hsu-Ming Tsou				
		Wen-Hao Su				
		Ching-Cheng Tien				
	Senior/ Assistant General Manager	Jui-Jen Feng				
		Shih-Hsin Hsu				
		Wei-Hua Hsiung				
		Wen-Hsien Lee				
		Chia-Chieh Liu				
		Chien-Chung Lin				
	Head of Accounting and Controller	Chi-Chang Chen				
	Head of Corporate Governance and Chief of Finance Department	Chiao-Ling Kuan				
	Audit Supervisor	Yu-Hui Chen (Note 2)				

Note 1: The remunerations to employees have been resolved by the Board of Directors on March 7, 2023; as of the publishing date of the annual report, the name list of employees for the remuneration distribution has not been decided; therefore, the said amount is provisional only.

Note 2: Served as Audit Supervisor on December 20, 2022.

(III) Compare and describe separately the analysis of ratios of total remunerations paid to directors, supervisors, general managers, and vice general managers of the Company for the past two years by the Company and all companies in the Consolidated Report in after-tax earnings indicated in the entity or parent company only financial reports and describe correlation among the remuneration payment policy, standards and combination, remuneration establishing procedures, and management efficacy and risks in the future. The remunerations to the Chairman and directors, pursuant to the Articles of Association, are authorized to the Board of Directors to decided based on their participations and contributions to the Company's operations while referring to the domestic/overseas industry levels; for the remunerations of directors and supervisors, these are assessed by the Remuneration Committed and proposed to the Board of Directors. The Board of Directors resolve the proposal based on the earnings of the year and the percentage of distribution set forth in the Articles of Association, for the ratification of the Shareholders' Meeting. In addition, the compensation paid to the general managers and vice general managers consists of salaries, bonuses, and employee remunerations. These are handled based on the HR regulations of the Company, and proposed to the Board of Directors for resolutions, pursuant to the Company Act. The standards, structure, or system of compensation paid to directors, general managers and vice general managers, have taken into account of the industry growth of the coming years, the expansion strategies of the Company, and the cash flow, so that the Company has ample funds to respond to the uncertain operational risks.

Title	Total amount of remunerations to net income after-tax (%) of the Company, 2021	Total amount of remunerations to net income after-tax (%) of all companies in the financial report, 2021	Title	Total amount of remunerations to net income after-tax (%) of the Company, 2022	Total amount of remunerations to net income after-tax (%) of all companies in the financial report, 2022
Directors, supervisors, general managers, and vice general managers	9.36	9.75	Directors, general managers, and vice general managers	8.42	8.79

Note: This has been resolved by the Board of Directors on March 7, 2023; as of the publishing date of the annual report, the name list of employees for the remuneration distribution has not been decided; therefore, the said amount is provisional only.

#### IV. Corporate Governance

(I) Board of Directors: Throughout 2022, the Board of Directors met 6 times (A); attendance of directors and supervisors is as follows:

Title	Name	Actual frequency of attendance (being seated) in meetings (B)	Frequency of attendance through proxy	Actual attendance (being seated) rate (B/A)	Note
Chairman	Shin-Yang Huang	6	0	100%	
Director	Tsan-Lien Yeh	6	0	100%	
Director	Hsu-Tung Kuo	6	0	100%	
Director	Min-Hung Wu	6	0	100%	
Director	Wen-Yuan Lin	4	2	66.67%	
Director	Ming-Chun Chiu	6	0	100%	
Independent Director	Wen-Bin Wu	6	0	100%	
Independent Director	Chuen-Rong Leu	6	0	100%	
Independent Director	Min-Kai Lin	6	0	100%	

Other details to be documented:

I. In case of any following situation during the operation of the Board of Directors, the date, meeting, description of proposal, opinions from all independent directors, and the Company's treatment to such opinions shall be specified.

(I) Matters specified in Article 14-3 of the Securities and Exchange Act: Not applicable. The Company has established the Audit Committee and is therefore subject to Article 14-5 of the Securities and Exchange Act.

(II) In addition to the aforementioned, any resolution of the Board of Directors meetings objected by the independent directors, or with reserved opinions, recorded or by written statements: none. No independent directors voiced opposing or qualified opinions this year.

II. For the enforcement of recusal upon conflicts of interest among directors, the name of the director, content of the proposal, reason for the recusal, and participation in the voting process or not shall be described:

Time of Board of Directors meetings	Description of proposal	Avoidance of conflict of interest Name of Director (s)	Reason of recusal	Status of voting/implementation
1st Meeting of the Board of Directors in 2022 (March 7, 2022)	1. Proposal of distributing executive remuneration and employee compensation distribution in 2021	Shin-Yang Huang, Chairman and CEO; Tsan-Lien Yeh, Director/General Manager; Hsu-Tung Kuo, Director/Executive Vice General Manager; and Min-Hung Wu, Director/Chief Financial Officer	Did not participate in the discussion and poll	As they were stakeholders; the acting chair, Director Wen-Bin Wu inquired of the attended directors, and passed the proposal without objection.

		2. Proposal of the Company's 2021 earnings distribution for remuneration to directors	(I) Members other independent directors involve in the proposal: Shin-Yang Huang, Chairman and CEO; Tsan-Lien Yeh, Director/General Manager; Hsu-Tung Kuo, Director/Executive Vice General Manager; Min-Hung Wu, Director/Chief Financial Officer; Wen-Yuan Lin, Director; and Ming-Chun Chiu, Director (II) Independent directors involved in the proposal: Wen-Bin Wu, Independent Director; Chuen-Rong Leu, Independent Director; and Min-Kai Lin, Independent Director	Were stakeholders	(I) Members other independent directors involve in the proposal: Shin-Yang Huang, Chairman and CEO; Tsan-Lien Yeh, Director/General Manager; Hsu-Tung Kuo, Director/Executive Vice General Manager; Min-Hung Wu, Director/Chief Financial Officer; Wen-Yuan Lin, Director; and Ming-Chun Chiu, Director did not participate in the discussion and poll as they were stakeholders. The chairperson designated Director Wen-Bin Wu as the deputy to preside over the discussion and voting. He asked other three present directors for their opinions about the proposal and all of them gave their consent. (II) Independent directors involved in the proposal: Wen-Bin Wu, Independent Director; Wen-Bin Wu, Independent Director; Chuen-Rong Leu, Independent Director; and Min-Kai Lin, Independent Director did not participate in the discussion and poll as they were stakeholders. The chairperson Shin-Yang Huang asked other six present directors for their opinions about the proposal and all of them gave their consent.
5th Meeting of the Board of Directors in 2022 (November 1, 2022)	Proposal of the Company's earnings distribution for remuneration to managers.	Shin-Yang Huang, Chairman and CEO; Tsan-Lien Yeh, Director/General Manager; Hsu-Tung Kuo Director/Executive Vice General Manager; Min-Hung Wu, Director/Chief Financial Officer	Did not participate in the discussion and poll	As they were stakeholders; the acting chair, Director Wen-Bin Wu inquired of the attended directors, and passed the proposal without objection.	

### III. Implementation of evaluation to the Board of Directors

Cycle of evaluation	Period of evaluation	Scope of evaluation (Performance evaluation)	Method of evaluation	Content of evaluation
Once a year	The evaluation was conducted For the performance of the Board of Directors from January 1, 2022 to December 31, 2022	Board of Directors	Internal self-assessment by the Board of Directors	1. The understanding to the goals and missions of the Company 2. The awareness to the functions of directors 3. The participations to the Company's operation 4. The operations and communications of the internal operating relationship 5. The professional and continuing educations of directors 6. Internal controls
Once a year	The evaluation was conducted For the performance of the Board members from January 1, 2022 to December 31, 2022	Individual Board members	Self-evaluation of Board members	1. The understanding to the goals and missions of the Company 2. The awareness to the functions of directors 3. The participations to the Company's operation 4. The operations and communications of the internal operating relationship 5. The professional and continuing educations of directors 6. Internal controls

Once a year	The evaluation was conducted for the performance of the Remuneration Committee from January 1, 2022 to December 31, 2022	Remuneration Committee	Self-evaluation of the Committee members	1. The participations to the Company's operation 2. The awareness to the functions of the Committee 3. Improvement of the quality of the Committee's decision making 4. The composition and member selection of the Committee. 5. Internal controls.
Once a year	The evaluation was conducted For the performance of the Board members from January 1, 2022 to December 31, 2022	Audit Committee	Self-evaluation of the Committee members	1. The participations to the Company's operation 2. The awareness to the functions of the Committee 3. Improvement of the quality of the Committee's decision making 4. The composition and member selection of the Committee. 5. Internal controls.

Implementation of evaluation to the Board of Directors: The Company has conducted the evaluation regularly every year before the end of January 2023. The secretary unit is responsible for the implementation of the evaluation by using a questionnaire survey. The performance evaluation of the Board of Directors was conducted while the members of the Board of Directors, Remuneration Committee and Audit Committee conducted internal self-evaluation. The implementation status was reported to the Board of Directors on March 7, 2023.

- (I) The performance evaluation of the board includes items in five major aspects: participation in the operation of the Company, improvement of the quality of the Board of Directors' decision making, composition and structure of the Board of Directors, election and continuing education of the directors, and internal control.
  - (II) The performance evaluation of individual directors include items in six major aspects: alignment of the goals and missions of the Company, awareness of the duties of a director, participation in the operation of the Company, management of internal relationship and communication, the director's professionalism and continuing education, and internal control.
  - (III) The performance evaluation of functional committees (Remuneration Committee and Audit Committee) includes items in five major aspects: participation in the operation of the Company, awareness of the duties of the committee, improvement of the quality of the committee's decision making, composition and elections of committee members, and internal control.
- IV. The objectives (such as establishing an audit committee or enhancing information transparency) and implementation of the Board of Directors' functions in the current and the most recent year:
- (I) The Company has established the Audit Committee and Remuneration Committee to assist the Board of Directors to perform its duties. The Audit Committee and Remuneration Committee consist of the three independent directors of the Company, to enhance the functions of directors and the corporate governance. External experts may be engaged to provide advice if required.
  - (II) The duties of the Board of Directors include appointing and overseeing the management, overseeing the operating performance, prevent the conflicts of interests, and ensuring the Company to comply with various laws and regulations, the requirements in the Articles of Associations, as well as the resolutions of shareholders meetings. Meetings of the Board of Directors shall be convened at least quarterly and at least six times every year. The management of the Company reports the operating performance to the Board of Directors, and the Board of Directors resolves the future operation guidelines,

- (II) Operation of the Audit Committee: to enhance the corporate governance, the Company has established the Audit Committee in 2017. The Audit Committee consists of the three independent directors of the Company, and the independent director, Wen-Bin Wu is selected as the convener. The Audit Committee shall meet at least quarterly, and convenes meeting any time if required. At the Annual General Meeting on June 10, 2020, the Company re-elected all of its Board members, along with the 2<sup>nd</sup> Audit Committee established, and 3 independent directors re-appointed. The Audit Committee held 5 meetings (A) in 2022. The attendance of each independent director is described below:

Title	Name	Actual attendance (B)	Frequency of attendance through proxy	Actual attendance rate (%) (B/A)	Note
Independent Director	Wen-Bin Wu	5	0	100%	
Independent Director	Chuen-Rong Leu	5	0	100%	
Independent Director	Min-Kai Lin	5	0	100%	
Other details to be documented:					
I. In case of any following situation during the operation of the Audit Committee, the date, term of the meeting, content of the proposal as well as the objection or qualified opinion or material suggestions of the independent directors, the Audit Committee's resolutions, and the Company's resolution on the opinions of the Audit Committee shall be specified.

The Company's Chief Audit Executive maintains clear and open communication with the Audit Committee.			
(II) The accountant reports to the members of the Audit Committee irregularly on matters relating to the audit of the Company's financial position. The accountant reports to the independent directors at least twice a year on the results and findings of the financial statements audits, financial accounting standards, and changes in relevant securities and tax regulations. The accountant will also report to the members of the Audit Committee immediately if any material matters occur. The Company's certified accountant maintains clear and open communication with the Audit Committee.			

(III) Deviations between the Company's Corporate Governance and the Corporate Governance Best Practice Principles for TWSE/TPEX Listed Companies, and their Causes

Assessment Items	Implementation Status			Deviations to the Corporate Governance Best Practice Principles for TWSE/TPEX Listed Companies, and their Causes
	Yes	No	Summary	
I. Does Company follow "Corporate Governance Best Practice Principles for TWSE/TPEX Listed Companies" to establish and disclose its corporate governance practices principles?	✓		The Company established the "Corporate Governance Best Practice Principles" on December 22, 2021.	In compliance with the "Corporate Governance Best Practice Principles"
II. Shareholding Structure & Shareholders' Equity				
(I) Does the Company have Internal Operation Procedures for handling shareholders' suggestions, concerns, disputes and litigation matters. If yes, have these procedures been implemented accordingly?	✓		The Company has established the review standards and guidelines of the operational process for the annual general meeting accepting shareholders' proposals, and a speaking system to handle the recommendations, questions, disputes of shareholders, and implement the procedure.	Pursuant to the spirit of the procedures, the shareholders' interests are protected and shareholders are treated fairly; there is no deviance.
(II) Does the Company possess a list of major shareholders and beneficial owners of these major shareholders?	✓		Through the interactions with major shareholders, the Company is able to grasp the lists of major shareholders controlling the Company de facto, and the ultimate controllers of these shareholders.	In compliance with the "Corporate Governance Best Practice Principles"
(III) Has the Company built and executed a risk management system and "firewall" between the Company and its affiliates?	✓		The Company has clearly divided the authorities and responsibilities for personnel and properties from the affiliates. There is no irregular transaction, and the proper firewall is built.	The "Corporate Governance Best Practice Principles" are conformed to without deviation.
(IV) Has the Company established internal rules prohibiting insider trading on undisclosed information?	✓		The Company has established measures and regulations to prevent insider trading, which prohibits company insiders from using information that is unavailable on the market to obtain improper benefits for themselves or others. The Company disseminates this information internally on an annual basis. Aside from regular announcements, the Company discloses guidelines on its website for managers and employees to check at their convenience. We also inform internal stakeholders on significant matters that should be noted on an irregular basis. On November 10, 2022, December 20, 2022 and December 30, 2022, the Company carried out relevant education and publicity for directors, managers and employees. The course contents include prevention of insider trading publicity courses, integrity management publicity, risk management policies and procedures, major internal information handling procedures and corporate governance code of practice publicity, and sent the course briefing files to directors, managers and employees for reference. As of 2022, a total of 2,810 directors, managers and employees participated in relevant courses.	In compliance with the "Corporate Governance Best Practice Principles"
III. Composition and Responsibilities of the Board of Directors				
(I) Does the Board of Directors establish and implement a policy of diversification and specific management objectives?	✓		For the composition of the Company's Board of Directors, the diversity of the members are considered from various aspects. They have the required knowledge and capacities of different fields to enable them perform their duties, and the capability to implement. The Chairman Shin-Yang Huang, the Director Tsan-Lien Yeh, Hsu-Tung Kuo, Min-Hung Wu, Wen-Yuan Lin, Ming-Chun Chiu, and the Independent Directors, Wen-Bin Wu, Chuen-Rong Leu, and Min-Kai Lin, all have the capabilities of operational judgement, accounting and finance, operating and managing, risk handling, as well as the industrial knowledge, views of international markets, leadership, and decision-making ability.	The "Corporate Governance Best Practice Principles" are conformed to without deviation.
(II) Other than the Remuneration Committee and the Audit Committee which are required by law, does the Company plan to set up other Board committees?		✓	The Company has currently established the Remuneration Committee and the Audit Committee; other committees may be established based on evaluations in the future.	The Remuneration Committee and the Audit Committee have been set up pursuant to laws, and thus The "Corporate Governance Best Practice Principles" are conformed.

Assessment Items	Implementation Status			Deviations to the Corporate Governance Best Practice Principles for TWSE/TPEx Listed Companies, and their Causes
	Yes	No	Summary	
(III) Has the Company established methodology for evaluating the performance of its Board of Directors, on an annual basis, reports the results of performance to the Board of Directors, and uses the results as reference for directors' remuneration and renewal?	✓		<p>The Company's Board of Directors have approved the "Guidelines for Evaluating Performance of the Board of Directors," on August 7, 2019, which require the Board of Directors to evaluate the performance of the Board of Directors, directors, the Remuneration Committee and the Audit Committee at least once a year. An external institution shall be commissioned to evaluate the performance of the Board of Directors once every three years. The evaluation period is from January 1, 2022 to December 31, 2022. At the end of 2022, the performance evaluation of the Board of Directors for the current year shall be carried out in accordance with the Guidelines. The following five major aspects are covered in the measurements of the evaluations against the performance of the Board of Directors:</p> <ol style="list-style-type: none"> <li>(1) The participations to the Company's operation</li> <li>(2) The enhancement of the quality of the Board of Directors' decision-making.</li> <li>(3) The composition and structure of the Board of Directors.</li> <li>(4) The professional and continuing educations of directors</li> <li>(5) Internal controls.</li> </ol> <p>The following items are covered in the measurements of the evaluations against the performance of the directors:</p> <ol style="list-style-type: none"> <li>(1) The understanding to the goals and missions of the Company</li> <li>(2) The awareness to the functions of directors</li> <li>(3) The participations to the Company's operation</li> <li>(4) The operations and communications of the internal operating relationship</li> <li>(5) The professional and continuing educations of directors</li> <li>(6) Internal controls.</li> </ol> <p>The following items are covered in the measurements of the evaluations against the performance of the Remuneration Committee and the Audit Committee:</p> <ol style="list-style-type: none"> <li>(1) The participations to the Company's operation</li> <li>(2) The awareness to the functions of functional committees</li> <li>(3) The enhancement of the quality of the functional committees' decision-making.</li> <li>(4) The composition and member selection of the functional committees.</li> <li>(5) Internal controls.</li> </ol> <p>The secretary unit is responsible for the implementation of the evaluation, and internal questionnaire surveys are conducted for the performance evaluation of the Board members and functional committees. Based on the four parts including the appraisal to the Board of Directors' performance, the appraisal to the directors (self or by peer), and the appraisal to the two functional committees, the Remuneration Committee and the Audit Committee, the Directors evaluate themselves, and the members of the Remuneration Committee and the Audit Committee evaluate the committees they belong to, respectively. The outcomes of such performance evaluations will be referred to when selecting or nominating directors; the outcomes of evaluations against the performance of the directors and the members of the functional committees are referred for their remuneration.</p> <p>The Company completed the performance evaluation for the board, the directors, the Remuneration Committee, and the Audit Committee in January 2023. After receiving the questionnaires, the Company's secretary unit will analyze the previous data and present the self-evaluation results and directions for continuous improvement to the 1<sup>st</sup> board meeting for the current year on March 7, 2023. Through these questionnaires, the directors may strengthen the effectiveness of the board, which in turn enhances the overall competitiveness of the Company and builds the confidence of market investors.</p>	In compliance with the "Corporate Governance Best Practice Principles"

Assessment Items	Implementation Status			Deviations to the Corporate Governance Best Practice Principles for TWSE/TPEx Listed Companies, and their Causes
	Yes	No	Summary	
(IV) Does the Company regularly evaluate its external auditors' independence?	✓		<p>The Company's Audit Committee evaluates the independence and suitability of the attesting CPAs every year, proposes an AQI review to the Board of Directors, and provides evaluation results for Board approval. The independent evaluation and AQI review mechanism for the Company's attesting CPAs are as follows:</p> <ol style="list-style-type: none"> <li>1. The Company's CPAs shall not be related or engage in any form of employment with the Company or any director.</li> <li>2. The Company's CPAs shall have no other interest or business dealings with the Company except for audit or tax assurance engagements.</li> <li>3. The Company handles the rotation of the CPAs in accordance with relevant regulations.</li> <li>4. In accordance with the respective regulations, the Company conducts an annual assessment of the suitability and independent nature of the certified public accountant who signs off on the annual report. The indicators to assess the CPA firm include the scale and reputation of the CPA firm, the number of years that the CPA firm has continuously provided audit services, the nature and scope of non-audit services provided, audit fees, peer reviews, not engaged in any legal action or under investigation by the relevant authorities, quality of audit services (AQI), status of regular continuous training, interaction with management and internal audit supervisors etc. The CPA and firm must provide the respective information and the CPA Declaration of Independence and submit the audit result to the Board for resolution. According to the evaluation results of the last two years, the Audit Committee and the Board of Directors completed the evaluation on March 7, 2023, December 20, 2022 and March 8, 2022, respectively, that Chih-Cheng Hsieh, an attesting CPA, and Tsai-Yen Chiang, a CPA, met the independence specification and provided the 2023 AQI review.</li> </ol>	In compliance with the "Corporate Governance Best Practice Principles"
IV. Has the Company allocated suitable and sufficient corporate governance staff and appointed corporate governance manager responsible for corporate governance matters (including, but not limited to, furnishing information required for business execution by directors, assisting directors in complying with laws and regulations, handling matters related to board and shareholder meetings in accordance with the laws, producing meeting minutes of board and shareholder meetings, etc.)?	✓		The Board of Directors of the Company has adopted the appointment of a corporate governance manager and setup of a concurrent unit on June 10, 2021. The designated manager and unit will be responsible for corporate governance related matters (including, but not limited to, furnishing information required for business execution by directors, handling matters related to board of directors and shareholder meetings in accordance with the laws, handling company registration and alteration registration, producing meeting minutes of board and shareholder meetings, etc.).	In compliance with the "Corporate Governance Best Practice Principles"
V. Has the Company established a means of communicating with its Stakeholders None (including but not limited to shareholders, employees, customers, suppliers, etc.) or created a Stakeholders Section on its Company website? Does the Company respond to stakeholders' questions on corporate responsibilities?	✓		The Company has set up several reporting channels such as employee mailboxes, spokesperson mailboxes, and direct lines for shareholders, customers, suppliers and the general public to get in touch with. Stakeholders may reach out and communicate with the Company's responsible personnel at all times should the need arises. In addition, the Company has established sections for "Stakeholders" on its website for investors' further reference. The Company seeks to actively maintain open communication with its stakeholders to understand their needs and expectations through several reporting lines. These actions may also serve as an important reference for the Company to establish its corporate social responsibility policies and other relevant projects.	In compliance with the "Corporate Governance Best Practice Principles"
VI. Has the Company appointed a professional shareholders affairs agency for its Shareholders' Meetings?	✓		The Company commissions the Transfer Agency Department of KGI Securities Co., Ltd. to deal with the matters related to the shareholders and shareholders' meetings.	In compliance with the "Corporate Governance Best Practice Principles"
VII. Information Disclosure				

Assessment Items	Implementation Status			Deviations to the Corporate Governance Best Practice Principles for TWSE/TPEx Listed Companies, and their Causes
	Yes	No	Summary	
(I) Has the Company established a corporate website to disclose information regarding its financials, business and corporate governance status?	✓		The Company has the "Investors" section set up at the Company's website to disclose the information on the financial business and corporate governance of the Company.	In compliance with the "Corporate Governance Best Practice Principles"
(II) Does the Company use other information disclosure channels (e.g. maintaining an English-language website, designating staff to handle information collection and disclosure, appointing spokespersons, webcasting investors conference etc.)?	✓		The "Investors" section set up at the Company's website, and the information regarding its financials, business and corporate governance status may also be accessed through the MOPS. Dedicated personnel have been appointed to take charge of information collection and disclosure, to disclose the information of decisions affecting the shareholders and stakeholders fairly and timely. Competent personnel are appointed as the spokespersons and the deputies.	In compliance with the "Corporate Governance Best Practice Principles"
(III) Does the Company announce and report the annual financial statements within two months after the end of the fiscal year, and announce and report the first, second, and third quarter financial statements as well as the operating status of each month before the prescribed deadline?		✓	The Company disclosed its financial statements for the fiscal year ending 2022 on March 7, 2023, earlier than the specified deadline required by law. The Company will disclose its Q1, Q2, Q3 financial statements and monthly performance reports as soon as possible within the specified timeline, so as to provide transparency with company information and enable investors to understand the Company's business results.	In compliance with the "Corporate Governance Best Practice Principles". The Company will set the announcement and reporting of the annual financial statements within two months after the end of the fiscal year as the goal.
VIII. Has the Company disclosed other information to facilitate a better understanding of its corporate governance practices (e.g. including but not limited to employee rights, employee wellness, investor relations, supplier relations, rights of stakeholders, directors' training records, the implementation of risk management policies and risk evaluation measures, the implementation of customer relations policies, and purchasing insurance for directors)?	✓		<ol style="list-style-type: none"> <li>1. (V) Deviations between the implementation of the Company's sustainable development and the Sustainable Development Best Practice Principles for TWSE/TPEX Listed Companies, and their Causes

Item	Implementation (Note 1)			Deviations to the Sustainable Development Best Practice Principles for TWSE/TPEX Listed Companies, and their Causes
	Yes	No	Summary	
I. Does the Company have a governance structure that promotes sustainable development, and establish a special unit or designate an existing unit for the task of sustainable development promotion? Does the Board of Directors of the Company authorize the management to handle relevant matters and how does the Board of Directors supervise relevant matters?	✓		<p>1. In December 2021, the Company established the Sustainable Development Committee, chaired by the Chairman, chaired by the general manager, and chaired by the top executives of each unit. It has jurisdiction over the Sustainable Development Department and Functional Groups, such as the "Environmental and Occupational Safety Group", "Green Operation Group", "Human Resources Group", "Innovation Management Group", "Corporate Governance Group" and "Social Relations Group". At the same time, the code of sustainable development practices is formulated to implement the sustainable development best practices of Sigurd Group.</p> <p>2. The members of functional groups include the responsible directors and colleagues of the company's operation department. They collect information on major ESG issues, formulate management policies, short, medium and long term goals and action plans, and submit them to the Sustainable Development Committee. After they are agreed upon, they deal with ESG related issues according to each function and regularly report to the Sustainable Development Committee to promote corporate social responsibility and improve corporate governance for the purpose of practicing sustainable management.</p> <p>3. Sustainable Development Committee in the Company shall report to the Board of Directors at least once a year on strategy and action plan of sustainable development, relevant information on environment protection (E), social responsibilities(S) and company governance (G), such as greenhouse gas inspection results, green electricity purchase, risk management and human rights etc. to facilitate Board of Directors oversight of sustainable development implementation profile.</p>	Conform to the Sustainable Development Best Practice Principles for TWSE/TPEX Listed Companies.
II. Does the Company follow materiality principles to conduct risk assessment for environmental, social and corporate governance topics related to company operation, and establish risk management related policy or strategy?	✓		<p>1. The Board of Directors adopted the "Risk Management Policy and Procedure" on December 20, 2022, specifying the company's risk management policy, management scope and implementation method, and established the "Risk Management Committee" to mandate and supervise the implementation of risk management of all units, and report to the Board of Directors at least once a year on the risk operation and implementation effectiveness.</p> <p>2. Environment: The company obtained ISO 14001 environmental management system certification and Sony GP(Hukou Factory) certification on March 31, 2010. According to Plan, Do, Check, and Act (Improve), that is, the P-D-C-A cycle management methodology, Practice systematic inventory every year, formulate "risk and opportunity assessment and planning measures Table" for chemicals, waste, wastewater and noise, internal and external related environmental risk assessment and review, formulate planning measures/performance monitoring and measurement, and continue to accept the supervision and inspection of third-party verification units every year.</p> <p>3. Society: On November 18, 2015, Sigurd obtained</p>	Conform to the Sustainable Development Best Practice Principles for TWSE/TPEX Listed Companies.

		<p>certification of QC 080000 Hazardous Substance Management System. For all materials/substances/tools used in the production process of Sigurd, the "Hazardous Substance Risk Assessment Table" was established to set up the risk level, and the control method was formulated, and the inspection was strictly implemented from the incoming IQC feed inspection to the outgoing OQC finished product inspection. At the same time, strict supplier management is established, and the environmental protection concept of suppliers' green supply chain is promoted through the completion of declaration forms and annual audits, so as to comply with international regulations and customer requirements such as RoHS, China RoHS, REACH and Sony GP, so as to reduce the impact on the ecosystem and protect the Earth's environment.</p> <p>4. Company governance: The overall risk management policy of corporate governance focuses on the unpredictable events in financial markets and seeks to reduce the potential adverse impact on financial position and financial performance. At the same time, the risk management policy was introduced in 2022, approved by the Board of Directors and supervised by Finance Department to identify, assess and avoid financial risk, and work closely with operating units within the Group.</p>	
<p>III. Environmental Issues</p> <p>(I) Has the Company set an environmental management system designed to industry characteristics?</p>	✓	<p>1. Since March 31, 2010, Sigurd has obtained ISO 14001 environmental management system certification and Sony GP (Hukou Factory) certification for all factories and subsidiaries, and continues to maintain the validity of the certificates.</p> <p>2. Sustainable Development (ESG) committee was established in 2021 which was announced to the whole company with this year as the first year. The establishment of a sustainable development committee, chaired by the chairman, set up under the jurisdiction of the "Environmental Occupational Safety Group" led by senior managers, co-ordinate the integration of environmental protection and international certification tasks, and environmental sustainability related issues, so that the sustainable Development committee to grasp the full and timely information, short-term, medium and long-term strategies, specific plans or action plans are drawn up and measurable environmental sustainability objectives are set out. These objectives are submitted to the Sustainability Committee for agreement and then carried out under the command and coordination of the "Environmental Occupational and Safety Group".</p> <p>3. In daily practice, we use the international management methodologies of Plan, Do, Check, and Act to conduct systematic inventory, formulate "risk and opportunity assessment and planning measures", and conduct internal and external environmental risk assessments and reviews for chemicals, waste, wastewater, and noise etc. In addition, through planning measures/performance monitoring and measurement, we will continue to receive annual supervision and inspection by third-party verification units.</p> <p>4. As for the daily implementation result of the management system referred to above, collect and evaluate the environmental impact of the operation activities at least once a year, and report to the management to grasp the information and confirm the effectiveness. Continuously review the strategy, action plan or management plan to realize the spirit of continuous improvement.</p>	<p>Conform to the Sustainable Development Best Practice Principles for TWSE/TPEx Listed Companies.</p>

(II) Is the Company committed to improving energy efficiency and to the use of renewable materials with low environmental impact?	✓	<p>1. The Company takes energy reduction measures, uses the equipment of high energy efficiency in design, reduce the energy consumption of the Company and products, and increases the use of the renewable energy to optimize the energy efficiency.</p> <p>2. The Bureau of Energy sets forth a reduction of energy consumption by 1% as the annual goal. The consumption of energy in 2022 was reduced by 3,283kwh (2.08%) and the annual goal was achieved as planned. In the future (2023~2024), we will follow the regulations of the Bureau of Energy and plan to install the generation equipment of renewable energy (solar panels) and procure green electricity to improve the efficiency of renewable energy every year.</p> <p>3. The Company has established the HSF management system and acquired the QC080000 certificate to ensure that packaging materials comply with international regulations, including the EU RoHS, REACH, Halogen Free directives, and customer's requirements, to reduce the impact on the environment.</p> <p>4. As for green manufacturing, we reduce unnecessary waste of resources, dedicate ourselves to the reduction of the waste, and develop recycling technologies. We work with our upstream and downstream partners to recover and share packaging materials, such as the recycle of the cartons/cushion materials/bubble wraps/wafer cassettes/trays, to maximize the benefit of the circular economy.</p> <p>Actual performance: The goal in 2022 was set to NT\$ 42,000 thousand dollars and the actual total amount was NT\$ 42,559 thousand dollars with an achievement rate of 101.43%. The goal of 2023 is set to NT\$ 38,000 thousand dollars.</p> <p>5. The waste generated from the production lines (D-0299), such as aluminum foil bags and tape-on-reel, is treated and recovered by professional waste treatment plants under commission. They are converted to RDF (Refuse Derived Fuel) to maximize the benefit of recycling.</p>	There is no material difference from the Sustainable Development Best Practice Principles for TWSE/TPEX Listed Companies.
(III) Does the Company evaluate current and future climate change potential risks and opportunities and take related measures?	✓	<p>1. Sustainable Development (ESG) Committee was established in 2021. Announced to the whole company that this year was the first year of the establishment of the Sustainable Development Committee, chaired by the chairman of the Board of Directors, and assumed the Climate change (TCFD) assessment measures and business (the highest governance unit on climate change issues).</p> <p>2. The Sustainable Development Committee has subordinate implementation units and assists them with their responsible affairs, products and processes with reference to the suggestions of the TCFD, an international organization, on the climate-related financial disclosures. In addition to the risk and opportunity, it assesses the overall circumstances of the Company using situation analysis tools to validate the stress testing and its result, such as the impact on finance.</p> <p>3. The identification of the annual risk and opportunity with respect to climate change is as follows: (The first two points are subject to the TCFD methodology while the rest is subject to situational identification.)</p> <p>(1) Risk: ①Policy and regulation: Increased disclosure obligations for greenhouse gas emissions, and carbon fees for pricing greenhouse gas emissions. ②Immediateness: Typhoon, heavy rainfall, resulting in increased possibility of flooding.</p> <p>(2) Opportunity: ①Source of energy: Use of low-carbon technology. ②Toughness, energy alternative/diversification</p>	Conform to the Sustainable Development Best Practice Principles for TWSE/TPEX Listed Companies.

		<p>(3) Others</p> <p>①Climate abnormality leads to a shortage of energy or resources. For example, draught leads to tight water supply and high temperature leads to an unstable power supply or power rationing. All of these may affect the daily operation and production of the Company. And, the increasing price of the energy and material leads to soar-up of the operating cost.</p> <p>②As for the supply chain management and other risks arising from force majeure, the Company will make adjustment from time to time for the deficiency in our emergency response plan, business continuity strategy, and insurance planning.</p> <p>4. To reduce the risk factors referred to in the preceding point and assess the result of the situation analysis, short-term, mid-term and long-term strategies will be developed, risk management measures will be formulated, indicators and goals will be defined, and submit them to the Sustainable Development Committee for resolutions and then implement them.</p> <p>5. As for the opportunity, the Company will establish strategies on renewable energy, equipment and relevant measures to achieve the goal in the proportion of the renewable energy and reduce GHG expenditure. The Company will take the following countermeasures:</p> <p>(1) The Company reports greenhouse gas inventory information on a regular basis, confirms the sources of emissions, increases green equipment and implements green procurement strategies to improve the competitive strength.</p> <p>(2) The Company implements energy saving and carbon reduction plans on an ongoing basis. We have a plan on the direction for the reduction of emissions and reduce the cost expenditure on electricity and water consumption. We also increase our operating revenue, fulfill our social responsibility, and implement sustainable development strategies to reduce the impact on the environment.</p> <p>6. The risk and opportunity of with respect to the climate change will be disclosed in the 2022 sustainability report of the Company.</p>													
<p>(IV) Does the Company collect data for greenhouse gas emissions, water usage, and waste quantity in the past two years, and set greenhouse gas emissions reduction, water usage reduction, and other waste management policies?</p>	✓	<p>1. GHG emissions:</p> <p>Greenhouse gas emission data of the Company in 2021 has been verified by PricewaterhouseCoopers Taiwan; The data of 2022 is expected to be verified in 2023. At present, the data is calculated by our factory and there is no third-party verification.</p> <p>GHG emissions in the most recent two years: (The Scope 1 and Scope 2 information covers Beixing, Zhongxing and Hukou plants. Unit: tonCO<sub>2</sub>e)</p> <table border="1"> <thead> <tr> <th>Year</th><th>Scope 1</th><th>Scope 2</th><th>Unit product Emission (TonCO<sub>2</sub>e/k die (Note)</th></tr> </thead> <tbody> <tr> <td>2021</td><td>340.08</td><td>80123.93</td><td>0.0145</td></tr> <tr> <td>2022</td><td>332.65</td><td>80174.626</td><td>0.0165</td></tr> </tbody> </table> <p>Note: A unit product stands for 1,000 dies; each piece of wafer stands for 1,000 dies.</p> <p>The total GHG emission of Scope 1 and Scope 2 in 2022 was 8.05 million metric tons Co<sub>2</sub>e and the emission of a unit product was about 0.0165 metric ton CO<sub>2</sub>e/k die. The primary source was the electricity emission in Scope 2, occupying 99.59% of the aforesaid emission; Scope 1 is followed by stationary, mobile and runaway emissions, with runaway (from septic tanks) accounting for 67.06% of Scope 1. Mobile emissions, from oil fuel used, account for 31.43% of Scope 1.</p> <p>To keep up with the international reduction trend, the Company established the Sustainable Development Committee in 2021 to take the responsibility for the</p>	Year	Scope 1	Scope 2	Unit product Emission (TonCO <sub>2</sub> e/k die (Note)	2021	340.08	80123.93	0.0145	2022	332.65	80174.626	0.0165	<p>Conform to the Sustainable Development Best Practice Principles for TWSE/TPEX Listed Companies.</p>
Year	Scope 1	Scope 2	Unit product Emission (TonCO <sub>2</sub> e/k die (Note)												
2021	340.08	80123.93	0.0145												
2022	332.65	80174.626	0.0165												

		<p>reduction and follow-up actions. Third-party validation of the 2021 year data has been completed, and the 2022 year ISO14064-1 greenhouse gas inventory certification is expected in August 2023. The greenhouse gas emission per unit product for the year 2022 was 0.0165 metric ton CO2e/k die, a slight increase of 13.6% over the target of last year. This was mainly due to the fact that the implementation of new energy-saving measures in the middle of the year after the reduction of production capacity had no obvious effect at the beginning, but the effect was gradually noticeable at the end of the year. The main reduction and emission reduction measures include large-scale investment in new high energy efficiency frequency conversion ice water host and air compressor replacement, and offer new air blower timer start-stop energy saving, UPS 500&amp;800KVA ECO energy saving operation, water seal vacuum machine automatically adjust the frequency according to the set pressure, indoor air blower cleaning and maintenance of each floor, etc. to achieve energy saving and carbon reduction performance. To sum up, the absolute carbon reduction in 2022 (Scope 1 and Scope 2) is lower than that of the previous year. It is expected that under effective carbon reduction measures, the carbon emission per product and the absolute total carbon emission will be reduced expectedly in the future. In addition, in order to cope with climate change and promote the sustainable operation of the company, the company aims to continue to invest in the development of green energy such as solar panels in the future. It is expected that the greenhouse gas emission intensity will be 5% lower than the base year (2021) in 2025 based on the inventory results and carbon footprint results, and it is expected to achieve the 2030 inventory results and carbon footprint results. Reduce greenhouse gas emission intensity by more than 25% compared with the base year, and eventually achieve the long-term goal of carbon neutrality.</p> <p>2. Water consumption: The Company has paid attention to the issues on the water saving and environmental protection many years. The water saving measures starts from the implementation in our daily life to maximize the benefit of the available water resource. Water consumption in the most recent two years:</p> <table><tr><th colspan="3">(All the plants and subsidiaries)</th></tr><tr><th colspan="3">Unit: million tons</th></tr><tr><th>Year</th><th>Total water consumption</th><th>Water saving amount</th></tr><tr><td>2021</td><td>38.9</td><td>0.40</td></tr><tr><td>2022</td><td>34.9</td><td>0.47</td></tr></table> <p>The Company is engaged in testing business using domestic water instead of special process water. The water saving measures include recovering the condensate water from the air handling unit to the cooling tower on the 4th floor and replacing the auto sensing faucets of some washbasins with manual spraying ones to save water. In 2022, with the implementation of the water resource management and water saving plans, about 4682 tons of water were conserved, with a reduction rate of total water consumption of about 10.37%.</p> <p>3. Waste: The Company is dedicated to the protection of the environment. For this, we review the performance and conduct internal audit every year. To realize the recycling of resources on a sustainable basis, the Company recovers carbons, cushion materials, bubble wraps, wafer carriers, and other wastes generated from the production lines. In 2021,</p>	(All the plants and subsidiaries)			Unit: million tons			Year	Total water consumption	Water saving amount	2021	38.9	0.40	2022	34.9	0.47

IV. Social Issues (I) Does the Company set policies and procedures in compliance with regulations and internationally recognized human rights principles?	✓	<p>To implement the corporate social responsibility, the Company is committed to the protection of the employees' rights, and thus obtain the respect and integrity agreed by the international society. We emphasize the labor rights and occupational safety, and go toward the common vision. We take good faith and integrity, seek sustainable operation, value environment protections, produce green products, take energy-saving and greenhouse emission reduction measures, and emphasize the continuous improvement of performance. In pursuance of these commitments, in October 2015, the Company referred to the regulations of the largest alliance of the global electronic industry (Electronic Industry Citizenship Coalition; it changed its name to Responsible Business Alliance or RBA in October 2017) and adds, establishes and amends relevant internal regulations to persistently make effort for the rights and welfare of the companies and communities in the supply chain of the global electronic industry. In addition to using the RBA standards to measure our performance in the respects of society, environment and ethics, the Company applies these standards to our major suppliers and recommends RBA tools and standards to them. We also audit our suppliers based on the RBA standards to ensure that they act in compliance with the labor, ethics, environment, health and safety regulations.</p>	<p>There is no material difference from the Sustainable Development Best Practice Principles for TWSE/TPEx Listed Companies.</p>																									
(II) Has the Company established appropriately managed employee welfare measures (include salary and compensation, leave and others), and link operational performance or achievements with employee salary and compensation?	✓	<p>1. The employee welfare measures include the following:</p> <p>(1) Annual salary adjustment/year-end and festival bonus: Dragon Boat Festival bonus, Mid-Autumn Festival bonus, Spring Festival bonus, high operational performance bonus, favorable profit sharing plan for employees.</p> <p>(2) Free regular health inspections for employees / favorable group insurance plan for family members</p> <p>(3) Birthday gifts/holiday vouchers/wedding and funeral subsidies/year-end party/recognition of long-term employees/various employee benefits and activities.</p> <p>(4) Providing meal allowance for lunch/employee cafeteria/convenient store/health center/nursing room/staff dormitory/staff lounge/ car and motorcycle parking space.</p> <p>(5) A staff welfare committee is established to carry out various types of employee welfare activities with</p>	<p>There is no material difference from the Sustainable Development Best Practice Principles for TWSE/TPEx Listed Companies.</p>																									

		<p>the purpose of seeking maximum benefits for staff and creating a quality environment for work-life balance.</p> <p>(6) Labor insurance, affairs related to the health insurances, and the contributions of labor pensions are handled and maintained pursuant to the related laws and regulations; in addition, the occupational injury compensation and paid leaves are provided.</p> <p>2. The Company adjusts the salary with reference to the salary level on the market, economic development trend, and personal performance to maintain the overall competitiveness of the salary. The salary was adjusted to the extent of 6% in 2022.</p>	
(III) Does the Company provide employees with a safe and healthy working environment, with regular safety and health training?	✓	<p>1. The Company establishes the occupational safety and health policies pursuant to the Occupational Safety and Health Act and the regulations of our customers and related organizations, and values the requirements of relevant stakeholders for the occupational safety and health to build a healthy workplace of happiness.</p> <p>All the plants of the Company have dedicated teams for prevention of accidents, occupational safety and health, occupational health nursing service, and factory administration. They integrate the matters related to occupational safety and health within the factory and put forward effective measures.</p> <p>Accident prevention measures: Infrared scanning of switchboards every week performed from 2021, inspection of storages within the factory before long weekends, inspection of internal and external surroundings before typhoons, and so on.</p> <p>Other routine items include strengthening the protection management of workers, regular education, training and publicity, and arranging professional factory doctors to visit the factory to strengthen occupational disease prevention. In the case of Covid_19, we will take comprehensive epidemic prevention measures into the factory, control the safe stock of epidemic prevention materials at any time, and regularly distribute masks to all employees. If you feel unwell, immediately apply to the company for quick screening. In addition to reducing the risk of infection in the plant, we successfully completed the annual health examination of the whole plant once every two years. In addition, we cooperated with the External Lifeline Association to provide EAP employee assistance program, and provided employee consultation services through a special hotline, mailbox and counseling. The Company also creates quantified indicators, organizes more occupational safety and health activities, improves overall occupational safety and health performance, and control risk effectively.</p> <p>2. The Company's certification:</p> <p>In 2021, the Beixing, Zhongxing and Hukou plants of the Company have passed the ISO 45001:2018 and ISO 14001:2015 certification. We also accept audit for the effectiveness of the certificates every year. All the certificates are currently effectiveness.</p> <p>3. The frequency of disability injury in 2022 years (excluding commuting accidents) was 2.25, which was higher than that in 2021 years (1.25), and did not meet the goal of having a frequency of disability injury less than 1.2. The main reasons for the increase are: 1. Colleagues did not pay attention to the work, resulting in falls, sprains, poor posture and hand injuries caused by the rolling door, etc. Publicity in the factory has been strengthened. 2. Colleagues do not really wear protective shoes, resulting in foot injuries, etc. In 2022, there were 12 occupational accidents in our company, involving 12 people, accounting for about 0.5% of the total number of employees at the end of 2022. Last year, we failed to achieve the goal of zero occupational accidents. The Company establish improvement measures for</p>	There is no material difference from the Sustainable Development Best Practice Principles for TWSE/TPEX Listed Companies.

		<p>every accident occurring in the plant, such as inspection of the safety interlock components of machines, post-up of warning labels, enhancement of dissemination and educational training, to ensure the safety of the employees during the work. The purpose of monitoring the work environment is to protect workers from being exposed to the hazards at the workplace and provide them with a healthy and comfortable work environment. Monitoring of the work environment is conducted twice a year to understand the actual exposure status of the workers. The Environment &amp; Security Department of the Company prepares work plans every year. The head of the Environment &amp; Security Department acts as the convener within the respective plants. The annual plan audit and the statistical performance evaluation of the occupational safety and health and environmental protection are conducted at the end of the year. The annual goals and plans for the occupational safety and health as well as environmental protection are defined at the same time.</p> <p>The construction conducted by the contractor is inspected and recorded every day. The personnel responsible for the occupational safety and health within the respective plants shall provide a weekly report and submit it to the Environment &amp; Security Department every week, and shall conduct review with respect to the improvement suggestions at the monthly meeting.</p>	
(IV) Has the Company established effective career development training plans?	✓	<p>Based on the indicators and requirements of the Workforce Development Agency's Talent Quality-management System (TTQS), the Company has made the "Talent Quality-management Manual" as the highest principle for the training. Each year, the annual education and training plan is formulated according to the business objectives of annual strategy plan, the employees and the customers' product demands, and covers the following:</p> <ol style="list-style-type: none"> <li>1. Orientations for new employees: Supporting the new employees to rapidly understand the corporate culture, adapt themselves to the workplace and get familiar with their future tasks. such as the Company's profile and regulations, occupational safety and health awareness, concept of quality, information about ISO documents, etc.</li> <li>2. On-the-job training: With the system of mentorship adopted, letting the junior or new employees increase their professional knowledge and personal productivity within a short time through the demonstration by senior personnel. such as training based on the training system form of each position system.</li> <li>3. Management training: Enhancing the managerial personnel's leadership and management skills, so that they have both the knowledge of theories and experience of practices and continuously apply the knowledge and improve during the practices. such as training based on the training system form of the managerial personnel's position.</li> <li>4. Quality-related training: Increasing the internal awareness of quality and improving the audit methods to reduce the failure rate of quality control, and assisting the employees in meeting the specific quality requirements of customers and complying with relevant regulations. such as training based on the training system form of the category of quality.</li> <li>5. General knowledge training: Strengthening the internal personnel's awareness of the relevant regulations and policies, customer requirements and factory needs, so that they can have the basic knowledge and skills. such as training regarding the corresponding general knowledge based on each training system form.</li> <li>6. Training for internal lecturers: Enhancing the</li> </ol>	Conform to the Sustainable Development Best Practice Principles for TWSE/TPEX Listed Companies.

			<p>teaching effects and skills of internal lecturers to satisfy the actual requirements of employees at work, carry out the internal talent training plan, and further reach the objectives of internal experience sharing and corporate sustainable operation.</p> <p>7. Training in public safety: Increasing the employees' familiarity with the basic line, strategies, policies and regulations related to public safety at work in Taiwan, making the employees acquire the basic knowledge and skills regarding public safety management, and firming the employees' understanding on the equipment and related routes of the Company to ensure the safety of employees at work.</p> <p>8. Environmental, safety and health training: Understanding the local regulations related to environmental protection, safety and health as well as the relevant requirements of the agreements that the Company has signed, thereby enhancing the energy and resource efficiency in production activities, promoting energy saving, reducing waste of resources, and achieving the safe work environment and the objectives of zero accidents.</p>	
(V) Does the Company's product and service comply with related regulations and international rules for customers' health and safety, privacy, sales, labelling and set policies to protect rights of the consumers and customers and for their appeal procedures?	✓		<p>1. Since its establishment, Sigurd has successively passed ISO 9001 Quality Management System, IATF 16949 Global Automotive Industry Quality Management System Certification, ISO 26262 Automotive Functional Safety Certification and other quality system certifications, RBA Code of Conduct for Responsible Business Alliance and AEO Quality Enterprise Certification. The above standards and requirements have been implemented in every link of production and manufacturing.</p> <p>2. The interests and needs of customers are the priority. In terms of product quality, cargo safety and social responsibility, we strictly follow the requirements of laws and regulations, and pass the strict supervision of the third party certification unit every year for correction and prevention.</p> <p>3. Sigurd carries out customer satisfaction surveys every six months through the "Customer Satisfaction/Expectation Questionnaire". By setting satisfaction indicators, we can timely understand customer needs, serve as a policy to protect customer rights and interests and a defense line for complaints, and then adjust customer rights and interests, propose review countermeasures, track the implementation progress, and make appropriate and effective responses, as a continuous optimization direction of the company's business.</p>	Conform to the Sustainable Development Best Practice Principles for TWSE/TPEX Listed Companies.
(VI) Does the Company set supplier management policy and request suppliers to comply with related standards on the topics of environmental, occupational safety and health or labor rights, and their implementation status?	✓		<p>1. The Company establishes the "External Supplier Management Procedure" and requests new suppliers to sign a supplier RBA commitment letter (containing labor rights, code of ethics, environmental protection, occupational safety, company's commitments, and risk management) and occupational safety and health commitment letter (ISO45001) during the selection. The Company implements ethics and integrity as the basis of the cooperation in the supply chain management through strict supplier selection process, on-site evaluation and quarterly ranking, and requires that all the suppliers must meet the aforementioned conditions.</p> <p>2. Selection of new suppliers: A supplier questionnaire and an environmental management questionnaire must be completed. The supplier RBA commitment letter, occupational safety and health commitment letter (ISO45001), and hazardous substance free declaration must be signed or stamped and countersigned.</p> <p>3. Evaluation and audit of suppliers: The Company forms an audit team. The QA department prepares an audit plan and provides guidance every year, and take follow-up and improvement measures for the deficiencies of the suppliers.</p>	There is no material difference from the Sustainable Development Best Practice Principles for TWSE/TPEX Listed Companies.

		<p>4. Quarterly ranking: This is conducted for key suppliers. The performance is supervised based on the quality, delivery time, price, service and technique. The results are used as a basis for evaluation and placement of orders.</p> <p>5. Risk assessment of suppliers: The suppliers in the supplier list are reassessed to determine their low, medium and high risk and make adjustments every year based on the quality audit, ISO certification, BCP, quarterly ranking result, and transaction amount. An on-site audit is conducted pursuant to the level of risk and relevant regulations.</p>	
V. Does the Company refer to international reporting rules or guidelines to publish Sustainability Report to disclose non-financial information of the Company? Has the said Report acquired 3rd certification party verification or statement of assurance?	✓	<p>1. The Sustainability Report is based on the GRI Standards and uses the sustainability indicators of the Sustainability Accounting Standard Board (SASB) and Task Force on Climate related Financial Disclosures (TCFD) structure, which released Chinese and English versions, respectively to disclose non-financial information of the company.</p> <p>2. The 2021 Sustainable Report was verified by the British Standards Institute (BSI) (Statement No: RA-TW-2021136) and a Statement of Independent Assurance Opinion was obtained on September 27, 2022. The 2022 Sustainability Report will also be applied to the third party certification unit, which has obtained an independent opinion statement</p>	Conform to the Sustainable Development Best Practice Principles for TWSE/TPEX Listed Companies.
<p>VI. If the Company has its own established according to the Sustainable Development Best Practice Principles for TWSE/GTSM Listed Companies, please describe the differences between its implementation and the established Principles:</p> <p>The Company established the Sustainable Development Committee in December 2021 and adopted the "Sustainable Development Best Practice Principles" of the Company at the 1st meeting of the Board of Directors on March 8, 2022 in order to enhance the practice of sustainable development responsibilities and to continuously improve economic (corporate governance), environmental protection and social responsibility, and achieve the goals of sustainable development. The Company will regularly review the implementation of sustainable development in accordance with the Code of Sustainable Development each year, rolling optimization improvement, and the current implementation has not made much difference so far.</p>			
<p>VII. Other important information to facilitate better understanding of the company's implementation of the sustainable development:</p> <p>(I) Environment</p> <p>1. In 2022, in accordance with ISO 14064-1:2018 international standard requirements, and with reference to the greenhouse gas inventory protocol GHG Protocol, the Environmental Protection Agency compiled "Greenhouse Gas Emissions Inventory Registration Practice Guidelines", etc., to carry out greenhouse gas emissions inventory and inventory set up in 2021, and on December 30, 2022 through the third-party confirmation institutions: PwC Taiwan.</p> <p>2. By the first point of practice is to grasp the whole company's greenhouse gas emissions, as a benchmark for future greenhouse gas reduction; furthermore, in accordance with the requirements of the Financial Supervisory Commission's Sustainable Development Roadmap, the Group's greenhouse gas inventory schedule for each subsidiary will be compiled and submitted to the Group's Board of Directors for inclusion in supervision and tracking.</p> <p>3. The Company continues to invest in the evaluation of green power procurement, looking for environmentally friendly renewable energy sources such as solar energy and offshore wind power to mitigate the effects of climate change caused by greenhouse gas emissions, in the hope of fulfilling our social responsibility to reduce the trend of global warming.</p> <p>(II) Society</p> <p>1. Established the Sustainable Development Committee, which includes the "Human Resources Section" and the "Social Relations Section", to supervise and implement human rights and social care.</p> <p>2. The company's human rights policy does not discriminate on the basis of race, class, language, ideology, religion, party affiliation, national origin, place of birth, gender, sexual orientation, age, marriage, physical appearance, facial features, physical or mental disability, or previous union membership, and protects equal employment opportunities.</p> <p>3. The Company has training and dissemination systems, dedicated to the enhancement of the labor rights protection awareness and accountability of the supervisors, and communicating labor rights and interests to the employees properly.</p> <p>4. To provide a good working environment and protect employees from discrimination or harassment.</p> <p>5. Provide smooth communication channels, such as labor-management meetings, suggestion boxes, e-mails, hotlines, intranet message boards, etc.</p> <p>6. The Company is committed to creating a healthy and safe workplace environment, and each factory has been certified by the National Health Service as a healthy workplace.</p> <p>7. Provide a friendly workplace environment and uphold the principle of taking care of employees' physical and mental health:</p> <p>(1) The Company provides health screening packages for all age groups, and provides different health promotion programs according to health classification to enhance personal health and vitality.</p> <p>(2) In cooperation with External Employee Assistance Program Consultants (EAP), professional consultants provide free counseling and consultation on a wide range of interpersonal, marital, gender, financial, legal, and psychological and other issues.</p> <p>(3) The company arranges health talks, health promotion activities, factory doctor on-site, and has resident nurses at each factory to provide immediate health care for employees.</p> <p>(4) The factory doctor provides free and immediate consultation and health care to employees at any time, and conducts regular/unscheduled visits to the production line and makes safety recommendations for rolling optimization and adjustment. In addition, a group of doctors from the medical center are invited to take care of the health of our employees.</p> <p>8. According to the epidemic prevention policy announced by the CDC, The epidemic prevention team establishes suitable epidemic prevention policies and measures for the plant area on a rolling basis at any time, to provide home quick screening tests for suspected symptoms at any time, and to provide proper epidemic prevention education by nursing care employees on the phone.</p> <p>9. Long-term participation in the Labor Force Development Council of the Ministry of Labor, actively cooperating with the government in implementing various projects.</p>			

10. Industry-academic cooperation:

(1) The Company long-term worked with colleges and the Ministry of Education to implement various industry-academia collaboration projects, including practical training for different learning programs, special industry-academia classes, collaborative teaching of industry experts, machine donations, and scholarship. The Company has collaborated with more than 18 colleges and 43 departments. Above 750 students have participated in the projects.

(2) The Company has collaborated with many schools to provide special classes for foreign and expatriate students in line with the New Southbound Policy. A total of above 250 students from Vietnam, Indonesia, the Philippines and Thailand participated in the classes. We have also worked with Institutes of technology to train technical talents that can meet the requirements of the semi-conductor industry, and the program takes into account both "study" and "employment" of students.

11. Diversity in promotion:

(1) The Company implements projects for training new employees and performance-based adjustment of salary. The projects aim to help new employees understand the comprehensive training programs and enhance their awareness of stable employment. We applied to the Workforce Development Agency for the Youth's Employment Ultimate Program and assigned mentors to new young employees under 29 and helped them adapt to the work environment and learn skills as soon as possible under the guidance of the mentors. A total of about 550 employees have been trained up to now.

(2) The Company has been cooperating with government units for a long time to recruit diversified talents, such as the employment center/vocational training center of the relevant units of the Ministry of Labor, the Original People's Association, the county and city governments, the Ministry of Economic Affairs, and the Retreat Association.

(3) The Company participates in the Training and Experiencing Program for Indigenous College Graduates and arranges visits for the middle-aged, and indigenous job seekers to help them have a quick understanding of the work in the semi-conductor industry.

(4) In 2022, a pre employment bonus system was implemented to encourage fresh graduates from colleges and universities to enter the workforce as soon as possible after graduation.

(5) Participate in various government employment promotion and vocational training programs: Job Shortage Incentive, Workplace Learning and Re-adaptation Program, Employment Incentive Program, Youth Employment Navigator Program, Secure Employment Program, Employment Navigator Program, iPAS, Human Resource Enhancement Program, etc.

(6) The Company invites the guidance team of the government to visit the plants for specific employees, help redesign the tasks for middle-aged, aged employees, and disabled employees, improve the work environment, and assist the employees in the stabilization of their employment.

(7) The Company uses overseas students and foreign students to study in Taiwan, allowing students to stay and work in Taiwan after graduation, and recruiting talents from Vietnam, Korea, Malaysia, Hong Kong and other countries.

12. Focus on sustainable development of the natural environment: donation assistance to the "National Museum of Nature and Science", "National Museum of Natural Science Cultural and Educational Foundation" and "Dr. Cecilia Koo Botanic Conservation Center and Environmental Protection Development Foundation" to join together in promoting the "Orchid Island and Jimagaod ecological restoration plan", the establishment of the Orchid Island Workstation will allow researchers in biology, anthropology and geology to participate and study the existing insects, plant and animal species, as well as ecological and geological change issues to be addressed on Orchid Island and Jimagaod. At the same time, gradually restoring the original appearance of Orchid Island and Jimagaod, strengthening experimental projects and research findings. If these findings can be properly preserved, they will become valuable data for human "reconstruction of nature" in the future.

13. Long-term donations and support to educational, cultural, charitable, and philanthropic institutions/groups or government units.

(1) Donate funds for school construction: Donate funds for the "Hundred+2 Anniversary Celebration" of Hsinchu County Erchong National Primary School, and actively participate in local education construction in the spirit of the Company's social responsibility and community care.

(2) Medical Support: about 100-150 children and young adults die suddenly due to genetic arrhythmia every year in Taiwan, in view of the obvious decreasing trend in the age of heart disease in the national mortality statistics, in order to fulfill the social responsibility, the Company invested in the research project of "Genetic Analysis of Heart Rare Diseases" in 2022, provide the Cardiology Department of National Taiwan University Hospital with computerized equipment for medical research, and through genetic testing and analysis, can be able to screen out high-risk patients as soon as possible, so that we can provide appropriate preventive medicine and effectively prevent the occurrence and reduce the severity of the disease. In the future, we will continue to follow up with the patient association and help strengthen the follow-up of the study.

(III) The operation of the Company is committed to enhancing competitiveness and steady growth of profitability, rewarding shareholders, customers and other stakeholders, and to take care of employees to protect the rights and interests of customers, operating with honesty and integrity, and improving corporate governance and structure in order to achieve the goal of sustainable management.

			spokesperson system.	
V. If the Company has its own Ethical Corporate Management Best Practice Principles established according to the Ethical Corporate Management Best Practice Principles for TWSE/GTSM Listed Companies, please describe the differences between its implementation and the principles: the Company has established the “Ethical Corporate Management Best Practice Principles,” and the “Procedures for Ethical Management and Guidelines for Conduct” pursuant to regulations; the implementations are not deviant to these principles.				
VI. Other important information to help understand ethical corporate management and operation (such as the status of reviews/amendments to the Ethical Corporate Management Best Practice Principles):				
(I) The Company complies with the Company Act, the Securities and Exchange Act, the Commerce Accounting Act, and the laws and regulations related to the TWSE or TPEx listed Companies, as the base to implement the ethical management.				
(II) In the Rules of Procedure for Board of Directors Meetings of the Company, the recusal system of the Directors is established. If a director or a juristic person that the director represents is an interested party in relation to an agenda item, the director shall state the important aspects of the interested party relationship at the respective meeting. When the relationship is likely to prejudice the interest of this Corporation, that director may not participate in discussion or voting on that agenda item and shall recuse himself or herself from the discussion or the voting on the item, and may not exercise voting rights as proxy for another director.				
(III) The Company has established the “Managerial Operation to Prevent Insider Trading,” and clearly specifies that no director, manager, or employee with knowledge of material inside information of the Company may divulge the information to others, inquire about or collect any non-public material inside information of the Company not related to their individual duties from a person with knowledge of such information, nor may they disclose to others any non-public material inside information of this Corporation of which they become aware for reasons other than the performance of their duties.				

(VII) If the Company has established Corporate Governance Principles and related regulations, the inquiry methods shall be disclosed: the Company has the “Ethical Corporate Management Best Practice Principles,” and the “Procedures for Ethical Management and Guidelines for Conduct,” among the related regulations, to effectively supervise the functions of the higher management. In addition, the information, pursuant to the regulations set forth by the competent authorities, is disclosed at the Company’s website and the MOPS for external inquiries. The spokesperson system is also established to respond to the investors’ inquiries.

(VIII) Other important information that is sufficient to boost knowledge of corporate governance shall be disclosed as well

1. Continuing education for directors in the most recent year (2022): please refer to the aforementioned continuing education for directors of 2022.
2. Status of purchasing liability insurance for the Company’s directors and managers: the Company continues to purchase liability insurance for the Company’s directors and managers in 2022.

(IX) Implementation of the Internal Control System:

1. If CPA was engaged to conduct a special audit of the internal control system, provide its audit report: none

2. Internal Control System Statement

Sigurd Microelectronics Corporation

Internal Control System Statement

Date: March 7, 2023

Based on the findings of a self-assessment, Sigurd Microelectronics Corporation states the following with regard to its internal control system during the year 2022:

- I. The Company's Board of Directors and management are responsible for establishing, implementing, and maintaining an adequate internal control system. Our internal control is a process designed to provide reasonable assurance over the effectiveness and efficiency of our operations (including profitability, performance and safeguarding of assets), reliability, timeliness, transparency of our reporting, and compliance with applicable rulings, laws and regulations.
- II. An internal control system has inherent limitations. No matter how perfectly designed, an effective internal control system can provide only reasonable assurance of accomplishing its stated objectives. Moreover, the effectiveness of an internal control system may be subject to changes due to extenuating circumstances beyond our control. Nevertheless, our internal control system contains self-monitoring mechanisms, and TSMC takes immediate remedial actions in response to any identified deficiencies.
- III. The Company evaluates the design and operating effectiveness of its internal control system based on the criteria provided in the Regulations Governing the Establishment of Internal Control Systems by Public Companies (herein below, the "Regulations"). The criteria adopted by the Regulations identify five key components of managerial internal control: (1) control environment, (2) risk assessment, (3) control activities, (4) information and communication, and (5) monitoring activities. Each component includes several items. These aforementioned items are set forth in the "Regulations."
- IV. The Company has evaluated the design and operating effectiveness of its internal control system according to the aforesaid Regulations.
- V. Based on the findings of such evaluation, the Company believes that, on December 31, 2022, it maintained, in all material respects, an effective internal control system (that includes the supervision and management of our subsidiaries), to provide reasonable assurance over our operational effectiveness and efficiency, reliability, timeliness, transparency of reporting, and compliance with applicable rulings, laws and regulations.
- VI. This Statement is an integral part of the Company's annual report and prospectus, and will be made public. Any falsehood, concealment, or other illegality in the content made public will entail legal liability under Articles 20, 32, 171, and 174 of the Securities and Exchange Act.
- VII. This Statement was passed by the Board of Directors in their meeting held on March 7, 2023, with none of the nine attending directors expressing dissenting opinions, and the remainder all affirming the content of this Statement.

	Issuance of bonus share	Stock dividend from retained earnings	—	—
		Stock dividend from capital reserve	—	—
	Accumulated unpaid dividend		—	—
Analysis of return of investment	Price to earning ratio	8.97	7.98	
	Price to dividend ratio	13.68	12.69	
	Yield of cash dividend	7.31%	7.88%	

Note: The Company has decided to distribute cash from the 2022 annual earnings and submit it to the Shareholders' Meeting.

- (VI) Company's dividend policy and implementation:

1. The policies set forth in the Articles of Association

The Company will continue to expand the scale and profitability based on the operating and investment environment and demands of funds, while taking into account the shareholders' interests and capital adequacy ratio, and applies the residual dividend policy.

Conditions and timing of distribution: in case of profit at the end of fiscal year, the Company shall first compensate the accumulated losses with profits after tax, before contributing 10% of the remaining net profits as legal reserve; however, if the legal reserve has reached the total amount of the capital, it is not subject to the previous requirement, and the special reserve may be contributed or reversed. The remaining balance shall be added to the previously undistributed earnings as distributable earnings.

Distribution of earnings may be done in cash dividends or stock dividends. Cash dividends are prioritized but stock dividends are an

option, too. The shareholder dividends to be distributed for the current year shall be 10% ~ 80% of the annual distributable earnings. The ratio of cash dividends to be distributed, in particular, may not be less than 10%.

The Company may, pursuant to a resolution to be adopted by the Board of Directors as required in Article 240 of the Company Act, distribute its dividends and bonuses, in whole or in part, by cash; and in addition thereto a report of such distribution shall be submitted to the Shareholders Meeting.

The Company may, pursuant to a resolution to be adopted by the Board of Directors as required in Article 241 of the Company Act, distribute its legal reserve and the following capital reserve, in whole or in part, by cash; and in addition thereto a report of such distribution shall be submitted to the Shareholders Meeting.

2. Shall the Company be profitable for a fiscal year, based on the earnings, 8% to 12% shall be contributed as the remunerations to employees, and no more than 3% as the remunerations to directors and supervisors. Provided, when there are accumulated losses, such losses shall be firstly off-set before the aforesaid contributions.

The remunerations to employees may be distributed in cash or stocks; the eligible receivers are the employees in services and on the payroll of the Company, and the domestic/overseas subsidiaries where the Company holds 50% or more shares.

3. Proposal of dividend to the Shareholders' Meeting this year and submit to the Shareholders' Meeting: to distribute 2022 NT\$ 4.2 cash dividend per share, including NT\$ 4.2 from earnings.

(VII) Effect upon business performance and earnings per share of any stock dividend distribution proposed or adopted at the most recent shareholders' meeting: not applicable; no stock dividend is proposed to the Shareholders' Meeting this year.

(VIII) Remunerations to employees, directors, and supervisors

1. The percentages or ranges with respect to employee, director, and supervisor remunerations, as set forth in the Company's articles of incorporation: please refer to (VI)-2.
2. The basis for estimating the amount of employee, director, and supervisor compensation, for calculating the number of shares to be

distributed as employee remunerations, and the accounting treatment of the discrepancy, if any, between the actual distributed amount and the estimated figure, for the current period: there is no discrepancy from the estimated employee and director remunerations, so no other accounting treatment needed.

- (1) The estimated earning distribution for 2022 is based on the conditions and timing of distribution set forth in the Articles of Association.
  - (2) The Board of directors approved the proposal of shareholders' dividend as distributing NT\$ 4.2 cash dividend per share, including NT\$ 4.2 from earnings.
  - (3) The accounting treatment to the discrepancy between the actual amount of distribution and the estimation: shall there be any discrepancy between the actual amount of distribution resolved by the shareholders meeting next year and the estimation, the accounting treatment to be taken is the changes of accounting estimation, and the income will be adjusted in the year when the shareholders' meeting resolves such.
3. Distribution of remuneration approved by the Board of Directors: on March 7, 2023, the Board of Directors of the Company approved to issue employee remuneration of NT\$ 375,000 thousand dollars, and Directors' remuneration of NT\$ 42,500 thousand dollars and for 2022. The total amount will be paid in cash. The amount resolved is identical to the amount recognized.
4. Actual remunerations for employees and for directors and supervisors distributed for the previous year:

Unit:Dollars

Converted CB4: 0 Converted common shares: 0 NT\$0
	Guidelines of Issuance and Conversion (Exchange or Subscription)	Please refer to the Guidelines of Issuance and Conversion for this time.	Please refer to the Guidelines of Issuance and Conversion for this time.
Guidelines of issuance, conversion, exchange, and subscription; the potential dilution and impacts to the current shareholders' interest from the issuance conditions.		The purpose of these funds is to repay loans from financial institutions and to increase working capital. Raising funds through ordinary corporate bonds can provide a long-term source of capital and avoid dilution of earnings per share, which will help improve the competitiveness of our business and reduce operational risks. Since the interest rate is at a relatively low level, the burden of interest is insignificant and will not have a material impact on earnings per share.	This batch of unsecured convertible corporate bonds were issued to purchase machines and equipment, deemed as a positive boost to the EPS of the coming years, and thus there is no concern of earning dilution. Meanwhile, the Company has taken the outlook of the Company's development and preservation of shareholders' interests into account when determining the issuance conditions; it is not deemed to have any material impact to the potential dilution of shares.
Custodian where the underlying exchange is trusted		Not applicable	Not applicable

- (II) The status of the convertible corporate bonds with rights of conversion to common shares, overseas depository receipts, or other exchangeable securities: The Company issued 3<sup>rd</sup> Unsecured Convertible Bond, which matured on October 15, 2022, and was delisted on October 17, 2022. After checking, one bondholder has not yet applied for conversion of common shares on October 14, 2022. In accordance with the Rules Governing the Issuance and Conversion of Bonds on the maturity of the bond on October 15, 2022, the Company is forced to recover the denomination of the bond in NT \$ 100,000 without interest, repay it in cash at one time, and is not allowed to convert common shares; and the recovered debt was paid by cash remittance or check by mail on October 27, 2022. Information on the Company's issuance of the 4th domestic unsecured convertible bond as of March 31, 2023 is as follows:

Unit: NT\$

- (III) Information of issued exchangeable corporate bonds: none  
 (IV) Common corporate bonds raised and issued through shelf registration: none.  
 (V) Information of issued corporate bonds with warrant: none  
 (VI) Handling of private-placed corporate bonds in the last three years: none:

### III. Handling of preferential shares

None.

### IV. Handling of overseas depository receipt

None.

### V. Handling of employee stock options

None.

### VI. Handling of employee restricted shares

None.

- (I) For the employee restricted shares that have not all met the conditions, the handling shall be disclosed to the publishing date of the annual reports, as well as the effects to the shareholders' interests: not applicable.
- (II) Name and status of managers and to Top 10 employees granted with employee restricted shares: not applicable.

## VII. Status of new share issuance in connection with mergers and acquisitions

Not applicable

- (I) If, during the most recent fiscal year up to the date of publication of the annual report, the Company has completed any issuance of new shares in connection with a merger or acquisition or with acquisition of shares of any other company, the annual report shall specify the following matters:
  - 1. In the case of a company whose shares are listed on the TWSE ("TWSE listed company") or listed on the TPEX in accordance with the provisions of Article 3 or Article 3-1 of the Taipei Exchange Rules Governing the Review of Securities for Trading on the TPEX ("TPEX listed company"), the annual report shall include a clear opinion prepared by the managing underwriter concerning any issuance of new shares in connection with any merger or acquisition or with any acquisition of shares of any other company within the past quarter: not applicable
  - 2. In addition to requirements set forth in the preceding item, the annual report shall also disclose the state of implementation of any of the aforementioned matters during the most recent quarter. If the progress or benefits of such implementation were not as good as expected, the annual report shall explain specifically how the situation is likely to affect shareholders' equity, and shall put forward a plan for corrective action: not applicable.
- (II) Where the board of directors has, during the most recent fiscal year up to the date of publication of the annual report, adopted a resolution approving any issuance of shares in connection with a merger or acquisition or with acquisition of shares of any other company, the annual report shall disclose the state of the plan's implementation together with the impacts to the company (or companies) to be merged or acquired or to the shareholders' interests: not applicable.

## VIII. Financing plans and implementation

- (I) Analysis of previous financing plans for cash capitalization, merge and acquisition, acquisitions of shares of other companies, or issuance of corporate bonds:

1. The plan for offering and issuance of marketable securities (1<sup>st</sup> secured ordinary corporate bonds in 2021) and an overview of its estimated potential benefits in 2021:

- (1) Total required amount of funds: NT\$ 3,000,000 thousand dollars.
- (2) Source of funding: Issued the 1<sup>st</sup> secured ordinary corporate bonds in 2021; the required amount of funds and the predestinated fund usage are as follows:

Unit: NTD Thousand Dollars

Project item	Scheduled completion date	Funding amount	Progress of the expected fund use			
			2021			
			Q1	Q2	Q3	Q4
Loan repayment to financial institutions	2021 Q2	2,230,000	1,845,000	385,000	-	-
Replenishments of working capital	2021 Q2	770,000		770,000		
Total		3,000,000	1,845,000	1,155,000	-	-

2. Progress of execution: The progress of actual fund usage was executed completely pursuant to the plan in 2021 Q1 and no alteration of the plan was involved.

(II) The plan of cash capital increase, corporate bond issuance, employee stock option issuance, or employee restricted shares issuance:

1. The plan for offering and issuance of marketable securities (4th domestic unsecured convertible bonds) and an overview of its estimated potential benefits:

- (1) Total amount of funds required for the plan: issuing 15,000 4th Domestic Unsecured Convertible Bonds, with a face value of NT\$ 100,000 only and a total face value of NT\$ 1,500,000 thousand dollars; the coupon rate was 0% and the issuance was made at 106.20% of the value for a three-year term; the total issuance amount was NT\$ 1,592,946 thousand dollars.

The part of the actually issued unsecured convertible bonds that was not fully issued was made up using funds on hand or bank borrowings. These bonds were issued in a way of open auction. If the actual amount of the funds raised was higher than the expected amount, the excess will be incorporated in the working capital.

- (2) Source of funding: Issued the 4th domestic unsecured convertible bonds; the required amount of funds and the predestinated fund usage are as follows:

Unit: NTD Thousand Dollars

Project item	Scheduled completion date	Total required amount of funds	Progress of the expected fund use				
			2021	2022			
			Q4	Q1	Q2	Q3	Q4
Purchase of machinery equipment	Q4 2022	1,515,000	197,250	424,850	329,400	367,500	196,000
Replenishments of working capital	Q4 2021	77,946	77,946	0	0	0	0

Source: Provided by the Company

2. Progress of execution: For replenishments of the working capital, NT\$ 77,946 thousand dollars was used up in Q4 2021, NT\$ 1,515,000 thousand dollars used for purchase of machinery and equipment; The project is replenishments of working capital and purchase of machinery equipment, which fully executed as of Q4 2022 and the project has been reported as completed.

Unit: NTD Thousand Dollars

Project item	Total funding amount	Status of execution		As of 2022 Q4
Purchase of machinery equipment	1,515,000	Spending amount	Expected	1,515,000
			Actual	1,515,000
		Progress of the fund used	Expected	100.00%
			Actual	100.00%
Total	1,515,000	Spending amount	Expected	1,515,000
			Actual	1,515,000
		Progress of the fund used	Expected	100.00%
			Actual	100.00%

(III) If the funds are used to merge, acquire, or purchase another company through share acquisition, to expand fixed assets, or to acquire new property, plant and equipment, the annual report shall compare and explain property, plant and equipment, operating revenues, operating costs, and operating income: not applicable.

(IV) If the funds are invested in another company, the annual report shall describe the condition of the invested company and explain the effect of the investment upon gain or loss from investments: not applicable.

(V) If the funds are used to strengthen the company's working capital or pay off debts, the annual report shall note any increase or decrease in the company's current assets, current liabilities, and total liabilities; compare and explain the company's interest expenses, operating revenues, and earnings per share; and analyze the company's financial structure: not applicable.

## Five. Overview of Operation

### I. Description of Business

#### (I) Scope of Business

##### 1. The major businesses operated by the Company

- (1) Designing, processing, testing, packaging, pre-burn treating, manufacturing, and transacting of various types of ICs.
- (2) The export/import trading of the materials and finished products of the previous paragraph.

##### 2. Operating weights

Unit: NTD Thousand Dollars

Item \ Year	2021		2022	
	Net amount of operating revenue	Weight %	Net amount of operating revenue	Weight %
Packaging	3,218,138	19.29	3,524,493	18.85
IC	13,336,488	79.95	15,066,797	80.60
Other	126,638	0.76	103,055	0.55
Total	16,681,264	100.00	18,694,345	100.00

##### 3. Current products (services) offered by the Company

- (1) Testing services for various IC and wafers.
- (2) RF module testing.
- (3) Packaging technologies related to Eight- and 12-inch Wafer Level Chip Scale Package (WLCSP), solder bumping, and Cu-pillar.
- (4) wBGA packaging service.

##### 4. New products (services) to be developed

- (1) Improvement of the high-level SoC IC testing techniques for 5G mobile phones.
- (2) Improvement of the IC testing specifications for 5G related equipment.
- (3) R&D of the 5G millimeter wave (mmWave) and antenna package AiP testing technology.
- (4) With the expanding application and growing demand for AI (Artificial Intelligence), the Company is working with various research institutions and companies in the related industry to enhance its packaging and testing technology.
- (5) R&D of the Metaverse-related IC packaging and testing technology.
- (6) Development of the integrated IC test technologies relevant to the IoT (Internet of Things).
- (7) Development of the RF related packaging and testing technology such as Wi-Fi 6/6E, WLAN SoC ICs, NFC (Near Field Communication) and Wireless Power (wireless charging).
- (8) Development of related image IC integrated packaging and testing technology: moving towards 8K4K (with a resolution of 7680x4320) video/audio Codec IC related testing technologies, based on the existing 4K2K (3840x2160 resolution) package test.
- (9) Exploration of 3 nm test technologies.
- (10) Deepening the 4nm testing capability and scaling up mass production.

- (11) Enhancement of WLCSP, increase of the integrated backend production capacity of WLCSP and improvement of relevant technological capabilities.
- (12) Enhancement of the GaN-related packaging and testing technology.
- (13) R&D of the SiC-related packaging and testing technology.
- (14) Enhancement of the low-earth-orbit satellite testing capability and increase of the mass production.
- (15) Increase of automotive electronics and vehicle-to-everything-related IC packaging test volume and maximization of the scope of certification.
- (16) Promotion of a smart factory and the width and depth of equipment automation and maximization of intelligent production.
- (17) Improve the specifications of logic and mixed signal testing machines, and expand the production scale.

## (II) Overview of the Industry

### 1. Current circumstance and development

#### (1) The status and developments of the global semiconductor industry:

In 2022, the global economy was affected by the pandemic and various variants of the virus. Various countries implemented border controls and lock-down measures to control the spread of the virus. The increasing vaccination rate further reduced the adverse factors in the growth of the economy. According to various research institutions, the global economic growth rate in 2022 is estimated to be around 3%. However, due to the impact of the Russia-Ukraine War, raw materials around the world are in short supply, which in turn drives inflation and makes the purchasing power of the public decline, and central banks around the world are raising interest rates to counter inflation.

Looking ahead to 2023, with the COVID-19 epidemic gradually becoming flu-like and the Russia-Ukraine War possibly coming to an end, the IMF in January 2023 estimated the economic growth rate of 2023 is 2.9%, similar to that of 2022. The main reason is that inflation is cooling, and household spending unexpectedly announced good news, but also warned that higher interest rates and the Russian invasion of Ukraine may still put pressure on economic activity.

The IMF expressed that the global economic outlook has turned positive due to better-than-expected domestic factors in several countries, such as the United States. According to Pierre-Olivier Gourinchas, head of the IMF's research department, "unexpectedly strong economic growth verification in the third quarter of last year, with a robust labor market, solid household consumption and business investment, and Europe adapting better than expected to the energy crisis," and inflationary pressures easing. In addition, the announcement of China's economic release is expected to contribute to global growth, while the depreciation of the U.S. dollar has brightened the outlook for emerging market countries burdened with foreign currency debt.

#### (2) Although the economy is starting to recover, the inflation factor, the U.S. and China chip war, plus the Russia-Ukraine War, if the inflation data is higher than expected, financial markets may also fall.

Looking ahead to 2023, a higher penetration rate of 5G mobile phones, more popular Windows 11, and increased opportunities in the vehicle electronics field are expected; however, due to poor semiconductor sales conditions in the second half of 2022, this is expected to continue into the first half of 2023. In addition, the global economy is struggling in the economic recession, making the demand for enterprise and personal computers, as well as smartphones become weak, resulting in the rise of chip inventory, with the weak memory market under the most severe pressure, the total sales of semiconductors is expected to decrease by 5% in 2023, amounting to US\$604.2 billion. Among them, the total amount of IC sales will decrease by 6%, while the total amount of OSD equipment sales is expected to increase slightly. After a cyclical downturn in 2023, semiconductor sales are forecast to rebound and show stronger growth over the next three years. By the end of 2026, semiconductor sales are expected to climb to US\$843.6 billion, with a compound annual growth rate of 6.5%.

Source: IC Insights, November 2022

- (3) The status and developments of the semiconductor industry in Taiwan:  
The IC industry in Taiwan has a unique vertical division of works for up- and downstream, differentiating from the world. From the upstream wafer materials to IC design, manufacturing, packaging, and testing, the industry value chain is divided into many small segments with a complete structure. Based on the data from research institutions, the production value of IC wafer OEM and of IC packaging/testing are both ranked No. 1 in the world, while IC design production value is ranked No. 2. This demonstrates the importance of the Taiwan IC industry in the world.

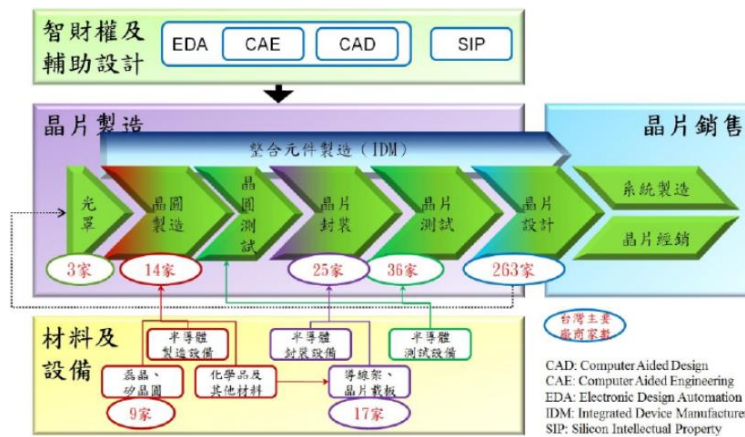

According to MIC, Taiwan's semiconductor industry is still outperforming the world, with an estimated annual production value of NT\$ 4,300 billion and a growth rate of 15.8%, and the estimated production value of 2023 will grow slightly by 1.7%. Kei-Hsin Yang observed that the rapid decline in consumer terminal demand would impact the revenue growth of IC design, IC sealing test and memory industries in the second half of 2022. The semiconductor industry is now entering the inventory adjustment stage, and the Fabless and memory industries are facing a decline in demand. Supply exceeds

demand, The semiconductor industry is now entering the inventory adjustment stage, and the Fabless and memory industries are facing a decline in demand and oversupply, which in turn will affect the demand for IC sealing test, which is not conducive to the overall operation in 2023. However, with the support of leading Wafer OEM enterprises, Taiwan's semiconductor industry is expected to maintain positive growth in 2023.

- Relationship between the upstream, midstream, and downstream in the industry: The IC industry in Taiwan has a unique vertical division of works for up- and downstream, differentiating from the world. From the upstream wafer materials to IC design, manufacturing, packaging, and testing, the industry value chain is divided into many small segments with a complete structure. The Company and the subsidiaries are the professional packaging and testing vendors; the wafers are mainly provided by internationally recognized semiconductor companies, and they have good relationships with the Company and the subsidiaries for long term. The following chart specifies the relationship between the upstream, midstream, and downstream in the industry in Taiwan.

Structure Chart of Taiwan Semiconductor Industry

材料及設備	Materials and equipment
半導體製造設備	Semiconductor manufacturing equipment
半導體封裝設備	Semiconductor packaging equipment
半導體測試設備	Semiconductor testing equipment
晶圓、矽晶圓	Epitaxy, silicon wafer
9家	9 companies
化學品及其他材料	Chemicals and other materials
導線架、晶片載板	Wire rack, chip carrier
17家	17 companies
台灣主要廠商家數	Number of major manufacturers in Taiwan
智財權及輔助設計	Intellectual property rights and auxiliary design
晶片製造	Chip manufacturing
整合元件製造(IDM)	Integrated Component Manufacturing (IDM)
晶片銷售	Chip sales
光罩	Photomask
晶圓製造	Wafer manufacturing
晶圓測試	Wafer testing
晶片封裝	Chip packaging
晶片測試	Chip testing
晶片設計	Chip design
系統製造	System manufacturing
晶片經銷	Chip sales

Source: MIC, January 2017

3. The development trends of products: The end electronic products have greatly penetrated from PC in the past to the smartphone, and thus the growth momentum slows down. Smart electronics have become a trend. As the latest development shows, it is a common view that the applications of the Metaverse combining the physical and virtual worlds will be the mainstream of the electronic industry.

It will combine smart phones, 5G devices, vehicle electronics, high-speed computing, high-speed transmission, wireless communication, VR, and AR, and affects our life in many respects including the jobs for the new generation, social relations, games, consumption, and financial platforms.

4. Competition status of products: the global packaging and testing industry may be divided into integrated device manufacturers (IDM hereafter), such as Intel, Samsung, and TI; and outsourced semiconductor assembly and test (OSAT hereafter), such as ASE Technology, AMKOR, and Siliconware. The Company and the subsidiaries are professional OSAT. However, as the costs of IDM have been increasing, and the new type of packaging and testing technologies emerge, IDMs are not at the position to bear such investment. As they prefer to focus on their core competitiveness, the outsourcing of packaging and testing from IDM to OSAT accelerates. In addition, as the packaging and testing business requires continuous investment every year, to satisfy the customer needs and maintain the competitiveness, the industry tends to be the pattern where the larger getting greater. However, many Taiwanese packaging and testing SME also obtain their position in this red sea with niche products and their core competitiveness.

### (III) Overview of technology and R&D

1. The R&D expenses input during the recent year up to the printing date of the annual report (April 9, 2023): in 2022, the expenses were NT\$ 423,867 thousand dollars; up to March 31, 2023, the expenses were NT\$ 88,738 thousand dollars.

## 2. Technologies or product successfully developed:

Year	Outcomes of R&D
2018	1. MIS baseboard structure design and development 2. R&D of the new type RF switch module
2019	1. Development and deployment of the GaAs 5G DPS P&P technology 2. Development of the Skeleton wafer auto inspection machine and introduction to mass production 3. 24GHz radar IC testing scheme
2020	1. 5G digital schemes for smart production line MR inspection and AGV 2. Development of 5G RFIC test module for Sigurd SG9000 test machine 3. Introduction of the auto scheduling system in Beixing Plant 4. Introduction of the big data analysis system in the Zhongxing Plant
2021	1. Development of 5G mmWave S parameter test technology 2. Introduction of auto packaging machine in the Zhongxing Plant 3. Introduction of the big data analysis system in Beixing Plant and Hukou Plant 4. Introduction of auto process and parameter control system (EAP&RMS) in Beixing Plant for CP process via SECS/GEM interface
2022	1. Development of 5G mmWave RFIC test module and logic test system for Sigurd SG9000 test machine 2. Introduction of CP AMHS auto transport system in Hukou Plant 3. Introduction of auto process and parameter control system (EAP&RMS) in the Zhongxing AWI Plant for DPD process via SECS/GEM interface 4. Introduction of auto scheduling system in the Zhongxing Plant and AIT Plant 5. Introduction of FT AMR in the Zhongxing Plant
Year 2023	1. Sigurd Silicon Grid's self-made MAP logic and mixed signal IC automation testing machine (ATE) 2. Complete the validation of the DC/Logic IC testing module and have MAP ATE import for Logic IC mass production testing. 3. AI-CCTV error behavior detection imported into Beixing factory. 4. Automatic warehouse integration accessory system management Probe Card, imported into Beixing factory.

### (IV) Business development for long- and short term

#### 1. Short-term business development plans

- (1) Packaging: Since the foundation of the Company, we have successfully grasped the movement of the advanced packaging market. Other than meeting the clients' needs in terms of quality and delivery time, we also enhance the capabilities of the production processes to address the clients' issues. In the short-term, based on the existing product lines, we will exclude these lines without competitiveness, and enhance the competitiveness of the niche products (e.g. 5G, internet, automotive electronics, memory, WLCSP, and DPS).
- (2) Testing: Other than providing more complete testing services (eg. logic, mixed signal, power, RF, or memory) by the Company and subsidiaries, for many years, we also provide outstanding services to the clients in the regards of existing logic and mixed-signal testing. Not only providing testing to program development, program transfer, chip testing to address their issues, the Company also offers the turnkey services to provide the best solutions to the delivery of clients' products and their cost-saving. In the short-term, except to improve the efficiency of the current testing machines, we will introduce and strengthen the partnership with the overseas fabless clients, to continuously expand the machines for mix-signal and RF.

#### 2. Long-term business development plans

(1) Packaging: As the electronic products are getting smaller, slimmer, shorter and lighter, the packaging technologies are also miniaturized. As a result, the Company and its subsidiaries have upgraded its packaging technology in WLCSP (Wafer Level Chip Scale Package), bumping and DPS (Die Processing Service) in response to the current trend. WLCSP packaging not only offers small size and high production yields, but also provides better planarity and thermal dissipation for high-speed and power management circuits.

(2) Testing:

①Integration and Specialty Testing

Sigurd has acquired the technologies and experience in Mixed Signal, Logic, Sensor, Memory, RF, and Power testing over years of hard work. Based on its effort, Sigurd is moving towards integration and specialty products in line with the market trend.

②Integrated Testing Technology

As IC products become more and more complex, it can no longer be simply divided into Mixed Signal, Logic, Sensor, Memory, RF, and Power. The current trend has been moving toward the integrated IC. Sigurd has accumulated years of testing experience with confidence in products such as SoC (mobile phone, 3G, 4G; Wi-Fi SoC), and has built a solid foundation for the future of 5G-related IC packaging and testing technology.

③Niche Testing

- A. High speed computation ICs: Bitcoin, graphics processing unit, and server chip.
- B. Communication ICs: ICs related to 5G communication devices, GPS, Wi-fi 6/6E SoC (Bluetooth and MCU integrated).
- C. Video/Audio related ICs: 3D, 4K2K and 8K4K video codec IC, HDMI, and HDTV control IC.
- D. Mobile phone ICs: 5G related ICs, AI, AP, Baseband SoC, GPS, Bluetooth, Touch Pad, touch panel ICs, power management, etc.
- E. Computer ICs: Such as Thunderbolt, graphics processing unit, USB3.2/USB4.0, Type C, WLAN, touch panel ICs, power management, etc.
- F. Automotive ICs: Such as Internet of Vehicles, related sensors, microprocessors, etc.
- G. In addition, Sigurd is also strengthening its developments in overseas clients with hopes of seeing results in the future.

(V) Overview of the macro economic environment and the trend of the industry where the Company operates

- 1. Macroeconomic environments: Inflation, the Ukrainian Russian War, and the expansion of production by various related manufacturers will be the key points worth observing in 2023. For the product applications, it is expected that 5G, communications, high speed calculation, AI applications, car-loaded IC and IoT, are still the key factors to drive the continuous growth of the semiconductor industry.
- 2. Overview of the trend of the industry where the Company operates: OSATs will face the trend of the larger getting greater; and the vertical or horizontal integration will increase, which in turn helpful to the health

of the industry. However, such large-scale OSATs also face the criticisms as slow decision-making and being not flexible enough. Therefore, the mid-sized OSATs, like our Company, have the opportunities to get more orders with the edges like fast decision-making, flexibility, and outstanding services.

## II. Overview of markets, productions, and sales

### (I) Market analysis

#### 1. Analysis of the geographic areas where the main products (services) of the Company are provided (supplied)

Unit: NTD Thousand Dollars; %

Sales region \ Year		2021		2022	
		Amount	%	Amount	%
Domestic		12,259,134	73.49	12,698,288	67.93
Export	Asia	2,930,997	17.57	4,308,059	23.04
	Americas	660,237	3.96	737,835	3.95
	Others	830,896	4.98	950,163	5.08
Subtotal of export		4,422,130	26.51	5,996,057	32.07
Total		16,681,264	100.00	18,694,345	100.00

2. Market share: The Company and the subsidiaries are professional OEMs providing niche packaging and testing services to semiconductor clients. Based on the statistics of Capital Policy Committee, the packaging and testing industry in Taiwan grew by 5.23% in 2022, and the Taiwan market share of Sigurd and the subsidiaries grew marginally from 2.65% in 2021 to 2.83% in 2022.

Year	Operating revenue (NT\$ 100 million)	Production value of Taiwanese IC packaging/testing industry (NT\$ 100 million)	Market share
2021	166.81	6,287	2.65%
2022	186.94	6,616	2.83%

3. Future supply and demand situation and growth of the market: According to data from the Institute for Information Industry, adverse factors such as high inventory, inflation, and the Ukrainian-Russian war will continue until 2023. In 2023, Taiwan's production value under lockdown will decline by 4% compared to 2022, reaching NT\$ 635,100 million.

#### 4. The Company's competitive niche:

- (1) Experienced team: The management of the Company and the subsidiaries all have professional background. The heads of all departments have experience in the related industry for more than two decades, and their average tenures are more than ten years. They are very experienced in the change of industrial environment, trends of product development, production and manufacture, and sales and

marketing, which is positive to the overall competitiveness and the sustainable operation of the Company.

- (2) Niche product lines: The Company and the subsidiaries have been dedicated to the IC packaging and testing industry for more than a decade. Currently, although we are SME packaging and testing plant among the Taiwanese peers, we have many leading machines in terms of testing in Taiwan.
- (3) Excellent quality: Since the foundation, the Company and the subsidiaries have endeavored to enhance the product quality. In addition to continuing the introduction of automated production equipment and QA testing equipment, we also obtained the TS16949 QA certification in 2007. We apply the ISO-regulated production processes with a strict quality management system and well-trained employees to improve the stableness of our products. In 2014, Authorized Economic Operator (AEO) was introduced, and the quality of our products have been recognized by the clients. The loyalty of our clients are high. To enhance the quality, the more difficult certifications for automotive electronics, such as VDA 6.3 and ISO26262, have also been introduced. In November 2020, our first packaging and testing facility in Taiwan was certified by SGS TÜ V for the ISO 26262: 2018 ASIL D process (Part 2, 7, 8). This ensured that our testing and manufacturing services could meet the safety and integrity requirements of the automotive industry. We are committed to developing testing services that meet the strictest requirements for road safety and becoming a leading international packaging and testing foundry for functional safety verifications.
- (4) Good control over materials: The Company and the subsidiaries have the partnership for more than ten years with our vendors, so we secure the low-priced and high quality materials to greatly enhance our competitiveness in the market. We also thereby ensure the stable supply of materials, which solves the concerns of supply shortage when the capacities expand.

5. Positive and negative factors for future development, and the Company's response to such factors:

(1) Favorable factors

- ① The undergoing mergers of global semiconductor manufacturers have been prevalent, which is beneficial to Sigurd in securing more orders from its now merged customer entities.
- ② The COVID-19 epidemic is gradually easing, and most countries have lifted border controls and blockades, further driving economic recovery.
- ③ The implementation of chip sanctions by the United States on China is expected to drive the production of semiconductor related ICs in Taiwan.
- ④ The cost of packaging and testing houses of Mainland China is increasing and getting closer to their counterparts' in Taiwan.
- ⑤ After the financial tsunami, many IDM companies abroad have reduced their packaging and testing capacity or terminated

production lines, which is beneficial for Sigurd to secure more orders from IDM companies.

- ⑥ New applications such as the metaverse, high-speed computing, deep learning, edge computing, AI, AR/VR, and so on, require high-level processes. Many large international companies choose to place orders in Taiwan, which is beneficial for Sigurd to secure more orders.
- ⑦ Wearable devices which will bring forth new ideas and the extensive use of the IoT will give rise to a wave of demand for electronic components.
- ⑧ The exhaust emission standards are stricter and automobiles are gradually developed towards energy-saving (hybrid or electric vehicles) and self-driving, which is conducive to the growth of vehicle electronic related ICs.
- ⑨ With the release of the 5G spectrum, the demand for related equipment is gradually expanding.
- ⑩ Some products of semiconductor shortage remains a concern. However, among the global market, Taiwan has been proactive in expanding production, which is favorable to secure orders.

(2) Unfavorable factors:

- ① Affected the factors of the Ukrainian-Russian War and shortage in manpower are affecting the supply of raw materials and the supply chains and accordingly the production.
- ② The cross-strait relations between Taiwan and Mainland China are still filled with variables. Whether many semiconductor manufacturers will evaluate the establishment of factories in countries other than mainland China and Taiwan.
- ③ In the past few years, due to the shortage of semiconductors, various companies have actively expanded their factories. However, due to the impact of the economic downturn, it is still necessary to pay close attention to whether there has been price cutting competition due to overcapacity.
- ④ After implementing chip sanctions against China, the United States intends to further collaborate with other countries to implement them, and it is worth observing the impact in the future.
- ⑤ Potential recession caused by inflation.

(3) Countermeasures to the development vision

- ① We continue to develop the overseas market. In the North American market, the number of clients increased in 2022 from 2021. Thus, other than expanding the North America market, we also actively expand the markets in Asia, China, Europe, and Japan in 2022.
- ② We enhance the partnership between the upstream and downstream, such as wafer plants and equipment plants.
- ③ By using big data and high-speed computing equipment, the Company seeks to improve the production efficiency and quality to enhance its operational performance.

## (II) Major usages and production process of the key products

### 1. Major usages of the key products

Products or services	Major usages or functions
Testing services for various IC and wafers	Wafer testing: implement after wafers are done. The purpose is to distinguish the good and ill wafers, to avoid the unnecessary waste of costs at the later stages. Finished product testing: implemented after packaging, to check if the properties, including functions, speed, tolerance, power consumption, and heat dissipation, are normal.
Advanced Wafer Level Package, such as WLCSP and bump	IC related to mobile phones, cars, and high-speed calculations

### 2. Production process

## (III) Status of key material supplies

Key material	Name of suppliers	Domestic	Foreign	Status of supply
Substrate	ASE	V		Normal
	Nan Ya PCB		V	Normal
Gold wire	TAIWAN TANAKA KIKINZOKU KOGYO CO., LTD		V	Normal
	M.K.Electron		V	Normal
Compound	Showa Denko (Taiwan)		V	Normal
Adhesive	Ablestik/Henkel		V	Normal
Tape	MITSUI & CO. (Taiwan), LTD.	V		Normal
	LINTEC Corporation	V		Normal
	Taiwan Nitto Corporation	V		Normal
Solder ball	BANNER-EVER	V		Normal
	DUKSAN		V	Normal

(IV) Any suppliers and clients accounting for 10 percent or more of the company's total procurement (sales) amount in either of the 2 most recent fiscal years, the amounts bought from (sold to) each, the percentage of total procurement (sales) accounted for by each, and an explanation of the reason for increases or decreases in the above figures.

1. Information of the key suppliers in the two most recent fiscal years

Unit: NTD Thousand Dollars

Item	2021				2022			
	Title	Amount	Proportion in the whole year purchase net amount (%)	Relationship with the Issuer	Title	Amount	Proportion in the whole year purchase net amount (%)	Relationship with the Issuer
1	AB	139,051	13.31	None	AJ	111,412	6.98	None
2	AF	122,402	11.72	None	AB	89,523	5.61	None
3	J	72,316	6.92	None	J	60,918	3.82	None
4	K	62,999	6.03	None	Q	59,266	3.71	None
5	Other	647,892	62.02	None	Other	1,275,586	79.88	None
	Net purchase amount	1,044,660	100.00		Net purchase amount	1,596,705	100.00	

Reasons for increase or decrease: The change in supplier is mainly due to subsidiary companies adding new suppliers for the purchase of materials.

2. Information of the major sales clients and the reason of increase/decrease

Unit: NTD Thousand Dollars

Item	2021				2022			
	Title	Amount	Proportion in the whole year sales net amount (%)	Relationship with the Issuer	Title	Amount	Proportion in the whole year sales net amount (%)	Relationship with the Issuer
1	A	4,768,643	28.59	None	A	3,863,578	20.67	None
2	D	1,749,295	10.49	None	B	1,929,317	10.32	None
3	B	1,400,022	8.39	None	D	1,809,499	9.68	None
4	Other	8,763,304	52.53	None	Other	11,091,951	59.33	None
	Net sales	16,681,264	100.00		Net sales	18,694,345	100.00	

Reasons for increase or decrease: Mainly due to the incorporation of the UTC revenue.

(V) Table of Production Volume and Value for the Most Recent Two Years  
Unit: thousand pieces; thousand NTD

Year Production Volume and Value Major Products	2021			2022		
	Production Capacity	Production Volume	Production Value	Production Capacity	Production Volume	Production Value
Packaging	2,088,370	1,670,696	2,536,634	1,879,345	1,503,476	2,867,733
Testing (Note)	7,882,187	6,305,749	9,116,926	6,428,425	5,142,740	10,087,747
Other	-	-	79,246	-	-	210,331
Total	9,970,557	7,976,445	11,732,806	8,307,770	6,646,216	13,165,811

Note: wafer and IC testing included

Reasons for increase or decrease: Mainly because the increase/decrease of the market demands changed the total production volume and production value.

(VI) Table of Sales Volume and Value for the Most Recent Two Years  
Unit: thousand pieces; thousand NTD

Year Sales Volume and Value Major Products	2021				2022			
	Domestic		Export		Domestic		Export	
	Volume	Value	Volume	Value	Volume	Value	Volume	Value
Packaging	286,861	1,575,296	274,472	1,642,842	356,861	1,778,875	271,074	1,745,618
Testing (Note)	5,163,662	10,579,837	1,584,164	2,756,651	4,979,421	10,859,892	2,683,232	4,206,905
Other	-	104,001	-	22,637	-	59,521	-	43,534
Total	5,450,523	12,259,134	1,858,636	4,422,130	5,336,282	12,698,288	2,954,306	5,996,057

Note: wafer and IC testing included

Reasons for changes in increase or decrease: This is reflected in the significant increase in demand for terminal products, such as Netcom, IoT, data centers, and HPC related products, which have driven significant customer growth in the Asian region.

### III. Employees

The number of employees employed during the 2 most recent fiscal years and up to the date of publication of the annual report, and their average years of service, average age, and education levels:

Year		2021	2022	The year and up to March 31, 2023 (Note)
Number of employees	Direct employees	2,488	2,374	2,308
	Indirect employees	2,112	2,238	2,191
	Managerial personnel	408	416	412
	Total	5,008	5,028	4,911
Average age		36.7	38.1	38.4
Average tenure (month)		63.0	65.8	68.3
Distribution of education background	PhD	0.1%	0.1%	0.1%
	Masters	5.0%	4.8%	4.8%
	College	63.7%	64.7%	64.6%
	Senior high school	27.9%	27.6%	27.4%
	Under senior high school	3.3%	2.8%	3.1%

Note: Consolidated number of employees of the Company and the subsidiaries

### IV. Information of environmental expenditures

Any loss and penalty suffered by the company in the most recent fiscal year and up to the annual report publication date due to environmental pollution incidents (including any compensation paid), and disclosing the countermeasures (including improvement measures) to be taken in the future and the possible expenses (including the estimated amount that could be incurred due to any possible loss, penalty and compensation if not taking the countermeasures. If a reasonable estimate cannot be made, an explanation of the facts of why it cannot be made shall be provided):

- (I) Any loss and penalty suffered by the company in the most recent fiscal year and up to the annual report publication date due to environmental pollution incidents (including any compensation paid):

Date of penalty: October 3, 2022 (date of violation: July 26, 2022)

The simulated IC testing factory has approved the waste cleaning plan since September 15, 2021. Due to the newly established factory's failure to promptly set up professional technical personnel and the operation of waste cleaning and treatment contract content confirmation, waste delivery forms, and other businesses, on July 26, 2022, Xi-Zi No. 111092 letter was sent to the Environmental Protection Bureau of Hsinchu County to set up waste dedicated personnel. However, due to exceeding the declaration deadline, Violation of Article 55 of the Waste Cleaning Law and the Guidelines for Penalty and Penalty under the Waste Cleaning Law will result in a fine of 6000 yuan and an environmental lecture of 1 hour.

- (II) Countermeasures in the future (improvement measures included):

Establishment of dedicated personnel for business waste

1. Improvement measures:

The waste disposal plan was approved on September 15, 2021, and personnel obtained certificates and licenses in July 2022, and submitted them for review on July 26, 2022.

## 2. Future countermeasures:

Due to the fact that the simulated IC testing factory obtained the operation approval certificate in September 2021 and did not immediately set up dedicated personnel for the waste cleaning plan, and the personnel's training and certification were delayed due to the impact of the epidemic, resulting in fines. Therefore, before submitting the application, it is necessary to first confirm whether internal personnel have certificates or hire external certified qualified personnel, and it has been determined that the personnel setting application will be completed in a timely manner.

The company actively conducts professional training, regularly reviews relevant regulations, conducts research and efforts in waste reduction, and adheres to environmental laws and regulations to avoid cases of violating environmental laws and regulations. And continue to implement the waste reduction plan to achieve the concept of sustainable management, so that environmental protection and economic benefits go hand in hand.

The company's waste conservation and reduction policy includes: externally, cooperating with upstream and downstream manufacturers to actively promote the recycling and use of packaging materials (cardboard boxes, chip boxes, Styrofoam, and IC tubes); Internally, use electronic forms for homework to reduce paper waste, recycle water resources, reduce the use of natural water sources, and actively cooperate with resource recycling by production personnel to classify and classify waste.

## V.Labor relations

- (I) List any employee benefit plans, continuing education, training, retirement systems, and the status of their implementation, and the status of labor-management agreements and measures for preserving employees' rights and interests.

### 1. Employee benefits policies (measures) and the implementation:

We are committed to the welfare of our employees:

- (1) Provide free group meals and accommodation for newcomers for the first three months of registration
- (2) Well-developed education and training system and performance - oriented promotion.
- (3) Annual salary adjustment/year-end and festival bonus/Mid-Autumn Festival bonus/Spring Festival bonus/high operational performance bonus/favorable profit sharing plan for employees.
- (4) Provide lunch and dinner group meal subsidies, free snacks/employee restaurants/health rooms / nursing rooms / employee dormitories / convenience stores/ATMs/parking spaces for motorcycles/basketball courts/fitness facilities
- (5) Birthday/Three Festival Gift Coupons/Wedding and Funeral Subsidies/End of Year Tail Teeth/Excellent Employee Praise/Long term Employee Praise/Special Shop/Various Employee Welfare Activities, etc
- (6) Free regular health check ups for employees / professional psychological counseling service units for employees/high-end health check up discount package/medical center level professional resident

physicians/occupational health services/preferential family member group insurance scheme.

2. Continuing education, training, and the implementation:

(1) Based on the indicators and requirements of the Workforce Development Agency's Talent Quality-management System (TTQS), the Company has made the "Talent Quality-management Manual" as the highest principle for the training. Each year, the annual education and training plan is formulated according to the business objectives of annual strategy plan, the employees and the customers' product demands, and covers the following:

- ① Orientations for new employees: Supporting the new employees to rapidly understand the corporate culture, adapt themselves to the workplace and get familiar with their future tasks. such as the Company's profile and regulations, occupational safety and health awareness, concept of quality, information about ISO documents, etc.
- ② On-the-job training: With the system of mentorship adopted, letting the junior or new employees increase their professional knowledge and personal productivity within a short time through the demonstration by senior personnel. such as training based on the training system form of each position system.
- ③ Management training: Enhancing the managerial personnel's leadership and management skills, so that they have both the knowledge of theories and experience of practices and continuously apply the knowledge and improve during practice. such as training based on the training system form of the managerial personnel's position.
- ④ Quality-related training: Increasing the internal awareness of quality and improving the audit methods to reduce the failure rate of quality control, and assisting the employees in meeting the specific quality requirements of customers and complying with relevant regulations. such as training based on the training system form of the category of quality.
- ⑤ General knowledge training: Strengthening the internal personnel's awareness of the relevant regulations and policies, customer requirements and factory needs, so that they can have the basic knowledge and skills. such as training regarding the corresponding general knowledge based on each training system form.
- ⑥ Training for internal lecturers: Enhancing the teaching effects and skills of internal lecturers to satisfy the actual requirements of employees at work, carry out the internal talent training plan, and further reach the objectives of internal experience sharing and corporate sustainable operation.
- ⑦ Training in public safety: Increasing the employees' familiarity with the basic style, strategies, policies and regulations related to public safety at work in Taiwan, making the employees acquire the basic knowledge and skills regarding public safety management, and firming the employees' understanding on the

equipment and related routes of the Company to ensure the safety of employees at work.

- ⑧ Environmental, safety and health training: Understanding the local regulations related to environmental protection, safety and health as well as the relevant requirements of the agreements that the Company has signed, thereby enhancing the energy and resource efficiency in production activities, promoting energy saving, reducing waste of resources, and achieving the safe work environment and the objectives of zero accidents.
- (2) In 2022, a total of 318 courses will be held for new hires, on-the-job training, management training, quality related training, general education courses, internal lecturers, and public safety training, with a total duration of 1,108.5 hours and 26,005 trainees.

Course item	Times of course	Total hours	Persons trained
Freshman training	36	468	410
on-the-job training	189	362.5	3,168
Management training	3	24	78
Quality related training	31	129	1,381
General education training	24	38.5	19,324
Internal lecturer	3	21	75
Public safety	32	65.5	1,569
Total	318	1,108.5	26,005

### 3. Pension system and the implementation:

- (1) Pursuant to the “Labor Standard Act,” the Company has established the paid retirement guidelines, applicable to all the tenures of the permanent employees before the enforcement of the “Labor Pension Act” on July 1, 2005, and the tenures of these who opted to apply the “Labor Standard Act,” after the enforcement of the “Labor Pension Act.” For the employees qualified for retirement, the payment of the pension is based on the tenure and the average salaries of the six months prior to the retirement. Within 15 years, two bases are given for a full year tenure; the tenure exceeding 15 years is one base per year, and the maximum is 45 bases. The Company contributes the pension funds of 2% of the total salaries, and deposits the funds in the dedicated account in Bank of Taiwan, under the name of the Labor Pension Reserve Supervisory Committee.
- (2) From July 1, 2005, the Company established the retirement guidelines of defined contribution and the applicable targets, pursuant to the “Labor Pension Act.” For the pension systems defined by the “Labor Pension Act ” applied by employees, the Company contributes the monthly labor pension to the personal accounts of employees in the Labor Insurance Bureau with no less than 6% of their salaries. The payment of the employee pensions may be selected from either monthly pension payment from their pension account with the cumulative incomes, or receiving all the pension at once. The Company contributes the employee pensions to the pension accounts

based on the statement sent by the Labor Insurance Bureau.

- (3) For the pensions of the employees in the reinvested Chinese companies, the pension insurances contribute a certain percentage of the total salaries of the local employees, pursuant to the pension insurance system required by the local government. The contribution percentages are all between 13% to 20%. Other than the monthly contributions, these employee pensions are managed and arranged by the governments.
4. The labor negotiations and the protection measures of employee interests:
  - (1) Agreements between employers and employees: Regular labor-management meetings are held, where representatives of both employers and employees discuss relevant issues between employers and employees and set up suggestion boxes and complaint boxes to allow sufficient communication between employers and employees; consensus is achieved on work life, production, and working conditions to achieve harmonious labor-management objectives.
  - (2) The protection measures of employee interests:
    - ① Labor insurance, affairs related to the health insurances, and the contributions of labor pensions are handled and maintained pursuant to the related laws and regulations; in addition, the occupational injury compensation and paid leaves are provided.
    - ② A staff welfare committee is established to carry out various types of employee welfare activities with the purpose of seeking maximum benefits for staff and creating a quality environment for work-life balance.
    - ③ The company adheres to the training policy of 「intellectual inheritance, professional training, and diversified development」. Through mentorship training, the company's philosophy and intelligence are fully conveyed to employees, and through this relationship, training can achieve more meticulous learning. Through diversified teaching methods, employees can continuously update their knowledge regardless of regional and time constraints, in order to enhance their self-worth, keep up with the times, enrich their work content, strengthen their abilities in different aspects, and achieve the overall operational goals of the company.
    - ④ Better than regulations, increase the number of medical center level professional specialists with public health backgrounds to provide on-site services, and provide night doctor consultation clinics, providing convenient health services for night shift colleagues.
    - ⑤ The Sigurd Pandemic Prevention Group according to the “Guidelines for workplace safety and health protection measures in response to Coronavirus Disease-2019” established by the Occupational Safety and Health Administration, Ministry of Labor to keep in line with the regulations concerning occupational safety and health and effectively prevent the spread of pandemic at the workplace by reinforcing the capability of preventing the

exposure to hazardous pathogens at the workplace. At any time, adjust the response measures in a rolling manner according to the COVID-19 epidemic, and provide employees with epidemic prevention and quarantine leave, personal epidemic prevention bags, medical protective masks, and home rapid screening reagents.

- ⑥ Multiple resources for the employee assistance program are available, with professional psychologist, physician, lawyer, etc. providing counseling services for mental health, medical care, law, management, and financial management. In addition, various convenient counseling channels are offered to the employees, including the toll-free telephone numbers, counseling e-mail address, physical and mental care platform, etc.

5. Fulfillment to the CSR:

- (1) The Company sets policies and procedure in compliance with regulations and internationally recognized human rights principles: We abide by labor regulations and respect internationally recognized basic labor human rights principles, and is committed to protecting the legitimate rights and interests of employees and upholding the non-discriminatory employment policies, etc. We have established appropriate management methods, procedures and regulations with actual implementations; internal appointment methods are established to regulate the personnel employment principles to safeguard employee rights.
- (2) The regular communication mechanism has been established, and the employees are informed of any operational changes possibly affecting them materially in reasonable ways: Other than the meetings convened by the employee benefit committee from time to time to discuss the employee benefit activities, the labor meetings are convened every three months, and the interaction between labors and the employer is good. In addition to the announcements to the whole employees, the announcements are also published on the website for employees to check at any time. The General Manager and the General Manager of each business group also issue letters to employees quarterly so that they may understand the changes of operations or other issues.
- (3) Promotion of Industry and Education Plan: Sigurd has been committed to industry and education cooperation for a long time. In line with the relevant plans of the Ministry of Education's Industrial College and the government's new southbound policy, it has collaborated with various universities and colleges to handle industry and education special classes, foreign students special classes, overseas Chinese students special classes, provide internship opportunities, and serve as industry teachers. By utilizing company resources, Sigurd has donated scholarships and equipment to provide teaching needs, cultivate students' professional abilities, and ensure seamless integration between industry and education.

6. Specific measures to enhance employee benefits or benefits compared to the previous year  
[2022 and as of the printing date of the annual report]:
  - (1) The Company promotes the Code of Conduct - Responsible Business Alliance (RBA), to commit the protections to the employees' rights, and thus obtain the respect and integrity agreed upon by the international society. We emphasize labor rights and occupational safety, and go toward the common vision. We take good faith and integrity, seek sustainable operation, value environment protections, produce green products, take energy-saving and greenhouse emission reduction measures, and emphasize the continuous improvement of performance.
  - (2) In 2022, free group meals and accommodation will be provided for newcomers for the first three months of registration, the quality of group meals will be improved, dinner and group meal subsidies will be increased, and free night snacks will be provided.
  - (3) In 2022, a pre employment bonus system was implemented to encourage fresh graduates from colleges and universities to enter the workforce as soon as possible after graduation.
7. Adjustment of average remuneration: The salary adjustment in 2023 is expected to be 3%.
8. Reason of not adjusting the average remuneration: not applicable

- (II) List any losses suffered by the company in the most recent fiscal years and up to the annual report publication date due to labor disputes, and disclosing an estimate of possible expenses that could be incurred currently and in the future and measures being or to be taken:

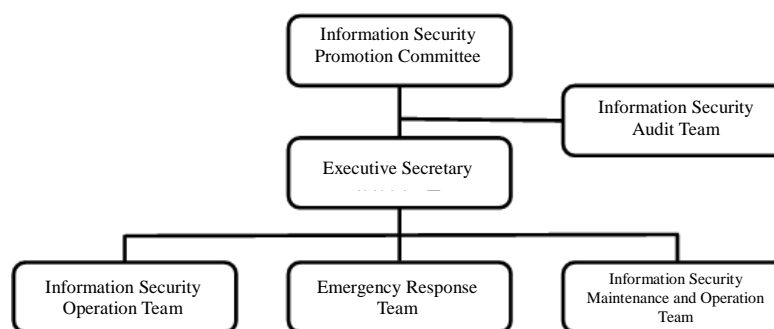

The Company always values the employees' benefit significantly, and provides outstanding workplace. The two-way communications with the employees is emphasized. Therefore in the most recent two fiscal years and up to now, all the labor disputes have been finalized successfully.

## VI. Cyber security management

- (I) Specifying the cyber security risk management structure, cyber security policy, specific management plans and resources invested in cyber security management:

### 1. Cyber security risk management structure

The company has established an 「Information Security Promotion Committee」 responsible for promoting information security policies. The personnel composition and job description are as follows: the committee members are appointed by the chairman; The chairman is appointed by the chairman and serves as the chairman of the meeting, responsible for the promotion, coordination, and supervision of the company's information security policies. An information security management review meeting is held at least once a year to review information security management related matters, review and decide on information security and information protection policies and policies, and implement the effectiveness of information security management measures.

## 2. Cyber security policy

The information security control measures of the Company's information system are aimed at protecting the confidentiality, Integrity and availability of the data of important customers and the Company's personnel. Meanwhile, the Company strengthens the information security management and ensures the security of data, system, equipment and network by establishing a reliable information environment, deploying innovative information security protection technology, and implementing information security management. These endeavors are made to enhance our service quality and provide excellent services. We move towards digitalized service with the spirit of pursuing continuous improvement and renovation.

In order to maintain the confidentiality, Integrity and availability of the Company's data assets and protect the security of the customers and the personal data and privacy, the Company makes efforts to fulfill the following objectives:

- (1) Safeguarding the security of the Company's services by ensuring that the information can only be accessed by the authorized personnel, thereby protecting the customers' interests, data and confidentiality of such data.
- (2) Safeguarding the security of the Company's services by avoiding unauthorized changes to ensure the correctness and integrity of the data.
- (3) Establishing the business continuity plan regarding the information processing of the Company to ensure the continuous operation of the Company's services.
- (4) Making sure the operation of the Company's services are in line with the requirements of relevant laws or regulations established by the government.

## 3. Specific management plans

- (1) Security management related training for personnel and constant development and promotion of information safety awareness for employees to boost the information security
  - ① Sending irregular e-mails with the notification related to information security.
  - ② Giving mandatory dissemination of information security to new employees.
  - ③ Carrying out annual social engineering and e-mail drills.

- ④ Providing annual training courses on information security for the employees in the Company.
- (2) Network security management for improving the security of network connection
  - ① Establishing secure network firewall to prevent the invasion of viruses and hackers.
  - ② Conducting regular server vulnerability scanning every year to fix the known security vulnerability and reinforce the operational security of server.
  - ③ Blocking the connection to the Company's network from any information appliances that don't belong to the Company to avoid data leakage and virus infection.
- (3) Computer system security management
  - ① Installing antivirus software and enabling the auto-update
  - ② Upgrading and updating the Company's computers and important information systems according to the major security updates announced by the original manufacturers.
  - ③ Controlling the access of external connection devices such as USB to the Company's computers to prevent data leakage and virus infection.
- (4) System access control
  - ① Setting appropriate account permission control for every system access.
  - ② Establishing a file audit management system for file data access to control and record the access to confidential and sensitive data.
  - ③ For employees working outside the Company and needing to connect the Company's system for work, only allowing the connections through the VPN system with encrypted secure channel. Two-factor authentication required.
- (5) E-mail system security
  - ① Establishing junk mail filtering and blocking system to prevent advertising junk e-mails and malicious phishing e-mails.
  - ② Controlling the e-mail outgoing by limiting the e-mails sent to private e-mail addresses that don't belong to the customers.
- (6) Backup and redundancy mechanism
  - ① Developing data backup measures and local and remote redundancy mechanism.
  - ② Performing regular disaster recovery drills every year to ensure the availability of backup data and the appropriateness of the disaster recovery procedures.
- (7) Information security monitoring
  - ① Commissioning an external information security vendor to set up a SOC information security monitoring, in order to establish an early warning and responsive mechanism and further reduce the possible threats to the network and the occurrence of information security incidents.

#### 4. Resources invested in cyber security management

The Company provides all the employees with information security training on a regular basis. In recent years, the Company has also

invested a great deal of resources to develop protection measures and policy related to information security. The server host vulnerability scanning is conducted twice a year, and the e-mail, social engineering and phishing e-mail drill is carried out every six months. A multi-factor authentication mechanism is adopted, the information security SOC monitoring is outsourced, And promote the import of ISO 27001 certified ISMS. These help enhance the availability of information resources, reduce the risks such as information security vulnerability, and enhance the Company's capability of information security risk control.

- (II) List any losses suffered by the company in the most recent fiscal years and up to the annual report publication date due to significant cyber security incidents, and the possible impacts and countermeasures thereof. If a reasonable estimate cannot be made, an explanation of the facts of why it cannot be made shall be provided:

There were no major information security incidents in 2022.

## VII. Key contracts

(Supply/distribution contracts, technical cooperation contracts, engineering/construction contracts, long-term loan contracts, and other contracts that would affect shareholders' equity, which were either still effective as of the date of publication of the annual report, or expired in the most recent fiscal year)

Nature of Contracts	Contracting parties	Commencement dates and expiration dates	Key contents	Restrictive terms
Testing or packaging processes	Domestic and foreign clients, such as Intel, MURATAR, among other clients.	January 1, 2018 ~ June 5, 2024	Testing or packaging processes for various IC	Confidential to third parties
Mid-and long-term loan contracts	E-Sun Bank and KGI Bank	October 17, 2018 ~ January 8, 2026	Mortgage	Machinery equipment
	Taiwan Cooperative Bank, Mega Commercial Bank and CTBC Bank	January 14, 2022~ May 31, 2024	Mortgage	Lands and plants
	Mega Commercial Bank, Hwa-Nan Commercial Bank and CTBC Bank	May 5, 2019~ October 12, 2026	Credit facilities	—
	Winstek Semiconductor Technology Co., Ltd. - Mega Commercial Bank and Bank SinoPac	December 2, 2020 ~ July 19, 2027	Credit facilities	—
	Sigurd-CTBC Bank, E.sun Bank	October 23, 2020 ~ September 26, 2024	Sigurd guarantee	Machinery equipment and repayment of domestic bank loans
	SIRIZE Technology (Suzhou)Corp. - China Construction Bank and the Agricultural Bank of China	July 30, 2020 ~ July 29, 2025	Credit facilities	Fixed asset loan and working capital loan
	TEST-SERV Inc. - E-Sun Bank	November 2, 2020~ June 30, 2026	Credit facilities	—
	Sigurd UTC Corp. - Mega Commercial Bank, E-Sun Bank, Far Eastern International Bank and Taiwan Cooperative Bank	January 17, 2022 ~ February 15, 2027	Mortgage	Machinery equipment
	Sigurd UTC Corp. - Mega International Commercial Bank	January 17, 2022 ~ January 15, 2027	Credit facilities	Factory equipment and working capital
	Sigurd UTC Corp. - Far Eastern International Bank	February 16, 2022~ February 13, 2026	Credit facilities	Factory equipment

## Six. Overview of Finance

	Financial Leverage		1.04	1.04	1.05	1.05	1.06
Please specify the reasons of each change to the financial ratios in the recent two year. (No analysis required if such increase/decrease is less than 20%)							
1. Solvency (current ratio and quick ratio): The solvency increased compared to the previous year, mainly due to the increase in fixed deposits and the early repayment of long-term loans.							
2. Operating ability: In 2021, the portion of inventory that has already been recognized for impairment losses in previous years has been consumed or sold, resulting in a rebound in the net realized value of inventory and recognized as a decrease in operating costs.							
3. Cash flow: working capital increased due to increased profits and early settlement of long-term borrowings in the current period.							

- \* If the Company prepares standalone financial reports, an analysis of the parent Company only financial ratios should be prepared separately.
- \* If the financial information adopting International Financial Reporting Standards is compiled less than 5 years, then the financial information adopting R.O.C. Statements of Financial Accounting Standards should be prepared through table (2).

Note 1: The year for which the Company's financial statements are not audited by accountants should be indicated.

Note 2: Financial information of companies whose shares are listed or traded on the stock exchange as of the date of the annual report should be included in the analysis if it has been audited or reviewed by an accountant most recently.

Note 3: The following formula should be shown at the end of this table in the annual report.

1. Financial structure

(1) Debts ratio = total amount of liabilities / total amount of assets.

(2) Long-term Fund to Property, Plant and Equipment = (Shareholders' Equity + Noncurrent Liabilities) / Net Property, Plant and Equipment

2. Solvency

(1) Current Ratio = Current Assets / Current Liabilities

(2) Quick Ratio = (Current Assets - Inventories - Prepaid Expenses) / Current Liabilities

(3) Times Interest Earned = Earnings before Interest and Taxes / Interest Expenses

3. Operating Performance

(1) Receivables (including accounts receivable and the notes receivable due to operation) = Net Sales / Average Trade Receivables (including receivable accounts and the notes receivable due to operation)

(2) Average Collection Days =  $365 / \text{Receivable Turnover Rate}$

(3) Average Inventory Turnover = Cost of Sales / Average Inventory

(4) Payable (including accounts payable and the notes payable due to operation) = Cost of Sales / Average Trade Payables (including accounts payable and the notes payable due to operation)

(5) Average Sales Days =  $365 / \text{Inventory Turnover}$

(6) Property, Plant and Equipment Turnover = Net Sales / Average Net Property, Plant and Equipment

(7) Total Assets Turnover = Net Sales / Average Total Assets

4. Profitability

(1) Return on Total Assets = (Net Income + Interest Expenses \* (1 - Effective Tax Rate)) / Average Total Assets

(2) Return on Equity = After-tax Income / Average Equity

(3) Net Margin = Net Income / Net Sales

(4) Earnings Per Share = (Net Income Attributable to Shareholders of the Parent - Preferred Stock Dividend) / Weighted Average Number of Shares Outstanding (Note 4)

5. Cash Flow

(1) Cash Flow Ratio = Net Cash Provided by Operating Activities / Current Liabilities

(2) Cash Flow Adequacy Ratio = Five-year Sum of Cash from Operations / Five-year Sum of Capital Expenditures, Inventory Additions, and Cash Dividend).

(3) Cash Reinvestment Ratio = (Cash Provided by Operating Activities - Cash Dividends) / (Gross Property, Plant and Equipment + Long-term Investments + Other Noncurrent Assets + Working Capital) (Note 5)

6. Leverage

(1) Operating Leverage = (Net Sales - Variable Cost) / Income from Operations (Note 6)

(2) Financial Leverage = Income from Operations / (Income from Operations - Interest Expenses)

Note 4: For the aforementioned formula of EPS, please note the following matters when measuring:

1. The basis shall be the weighted average common shares, but not the issued shares at the year end.
2. Shall there be any cash capital increase or treasury stock transaction, the calculation of weighted average shares shall take their outstanding period into account.
3. Shall there be capitalization of retained earnings or capitalization of capital reserves, when calculating the annual and semi-annual EPS for the previous years, the retrospective adjustment shall be made based on the proportion of capitalization, without considering the issuance period of such capitalization.
4. In cases where preferential shares are the non convertible cumulative preference shares, the

dividends of the year (distributed or not), shall be deducted from the after-tax net profit, or added to the after-tax net loss. If the preferential shares are not cumulative in nature, in case there is after-tax net profit, the dividends of preferential shares shall be deducted from the after-tax net profit; no adjustment is required if there is loss.

Note 5: For the cash flow analysis, please note the following matters when measuring:

1. Net cash flow from operating activities refer to the net cash flows from operating activities indicated in the Statement of cash flow.
2. Capital expenditure means the annual cash outflows of the capital investments.
3. Increase of inventory is only accounted for when the balance at the end of the term is greater than the balance at the beginning of the term; if the inventory decreases at the end of the year, it is accounted as zero.
4. Cash dividends include the cash dividends of common and preferential shares.
5. Gross amount of property, plant, and equipment refers to the total amount of property, plant, and equipment before accumulated amortization.

Note 6: The operating costs and expenses shall be divided as fixed or variable by the Issuer; if the estimation or subjective judgment is involved, the reasonableness and consistency shall be maintained.

Note 7: If the Company's stock has no par value or the par value per share is not NT\$10, the calculation of the paid-in capital ratio should change to the ratio of equity attributable to the shareholders of the parent company in the balance sheet.

III. Audit report of the financial reports from the Audit Committee for the most recent year

Sigurd Microelectronics Corporation  
Audit Committee's Report

The Board of Directors has prepared and submitted the Company's 2022 Business Report, Financial Statements, and earning distribution proposal, of which, the Company's Financial Statements have been audited and certified by CPAs Chi-Cheng Hsieh and Tsai-Yen Chiang of PwC Taiwan, and an audit report is issued. The Business Report, Financial Statements, and earning distribution proposal have been reviewed by the Audit Committee. We, the Audit Committee, have duly examined the aforementioned reports as correct and accurate. We hereby report to the Annual General Shareholders' Meeting pursuant to Article 14-4 of the Securities and Exchange Act, as well as Article 219 of the Company Act.

To

The Company's 2023 annual general shareholders' meeting

Sigurd Microelectronics Corporation  
Convener of the Audit Committee: Wen-Bin Wu

March 7, 2023

#### IV. Financial reports for the most recent year

##### Sigurd Microelectronics Corporation

##### Representation Letter

In connection with the Consolidated Financial Statements of Affiliated Enterprises of Sigurd Microelectronics Corporation (the “Consolidated FS of the Affiliates”), we represent to you that, the entities required to be included in the Consolidated FS of the Affiliates as of and for the year ended December 31, 2022 in accordance with the “Criteria Governing Preparation of Affiliation Reports, Consolidated Business Reports and Consolidated Financial Statements of Affiliated Enterprises” are the same as those required to be included in the Consolidated Financial Statements of Sigurd Microelectronics Corporation and its subsidiaries (the “Consolidated FS of the Group”) in accordance with International Financial Reporting Standard 10. In addition, the information required to be disclosed in the Consolidated FS of Affiliates is disclosed in the Consolidated FS of the Group. Consequently, Sigurd Microelectronics Corporation does not prepare a separate set of Consolidated FS of Affiliates.

Very truly yours,

Sigurd Microelectronics Corporation

Shin-Yang Huang, Chairman

March 7, 2023

## INDEPENDENT AUDITORS' REPORT TRANSLATED FROM CHINESE

PWCR22000514

To the Board of Directors and Shareholders of Sigurd Microelectronics Corporation

### ***Opinion***

We have audited the accompanying consolidated balance sheets of Sigurd Microelectronics Corporation and subsidiaries (the “Sigurd Group”) as at December 31, 2022 and 2021, and the related consolidated statements of comprehensive income, of changes in equity and of cash flows for the years then ended, and notes to consolidated financial statements, including a summary of significant accounting policies.

In our opinion, based on our audits and the reports of other independent auditors (please refer to the *Other matters* section), the accompanying consolidated financial statements present fairly, in all material respects, the financial position of Sigurd Group as at December 31, 2022 and 2021, and its consolidated financial performance and its cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and the International Financial Reporting Standards, International Accounting Standards, IFRIC Interpretations, and SIC Interpretations that came into effect as endorsed by the Financial Supervisory Commission.

### ***Basis for opinion***

We conducted our audits in accordance with the Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants and Standards on Auditing of the Republic of China. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the consolidated financial statements* section of our report. We are independent of the Sigurd Group in accordance with the Norm of Professional Ethics for Certified Public Accountants in the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. Based on our audits and the reports of other independent auditors, we believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## ***Key audit matter***

Key audit matters are the matters that, in our professional judgement, were of most significance in our audit of consolidated financial statements of the current period. This matter was addressed in the context of our audit of consolidated financial statements as a whole and, in forming our opinion thereon, we do not provide a separate opinion on the matters.

Key audit matter for Sigurd Group's consolidated financial statements of the current period is stated as follows:

### ***Capitalisation of property, plant and equipment***

#### Description

Sigurd Group increased its capital expenditure to meet its operational needs. Please refer to Note 4(15) for accounting policies on property, plant and equipment, and Note 6(7) for details of property, plant and equipment. Considering that capitalisation of property, plant and equipment is significant to Sigurd Group's consolidated financial statements, thus, we identified the audit of capitalisation of property, plant and equipment as a key audit matter.

#### How our audit addressed the matter

We performed the following audit procedures in respect of the above key audit matter:

Assessed and validated the effectiveness of the internal control system over additions to property, plant and equipment, as well as sample tested and examined respective purchase orders and invoices to ensure that transactions were approved accordingly and recognised amounts were accurate. Sample tested and examined the acceptance documents to validate the appropriateness of the timing that assets are ready for use and capitalisation (timing of starting depreciation).

### ***Other matter – Audited by other independent auditors***

We did not audit the financial statements of certain consolidated subsidiaries. Those financial statements were audited by other independent auditors, whose reports thereon have been furnished to us, and our opinion expressed herein, insofar as it relates to the amounts included in the consolidated financial statements, was based solely on the reports of other independent auditors. Total assets of those consolidated subsidiaries amounted to NT\$307,194 thousand and NT\$392,778 thousand, constituting 0.82% and 1.07% of the consolidated total assets as at December 31, 2022 and 2021, respectively, and total operating revenues amounted to NT\$254,340 thousand and NT\$332,105 thousand, constituting 1.36% and 1.99% of the total operating revenues for the years ended December 31, 2022 and 2021, respectively.

### ***Other matter – Parent company only financial statements***

We have also expressed an unqualified opinion on the parent company only financial statements of Sigurd Microelectronics Corporation as of and for the years ended December 31, 2022 and 2021.

### ***Responsibilities of management and those charged with governance for consolidated financial statements***

Management is responsible for the preparation and fair presentation of consolidated financial statements in accordance with the “Regulations Governing the Preparation of Financial Reports by Securities Issuers” and the International Financial Reporting Standards, International Accounting Standards, IFRIC Interpretations, and SIC Interpretations that came into effect as endorsed by the Financial Supervisory Commission, and for such internal controls as the management determines are necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Sigurd Group’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management either intends to liquidate the Sigurd Group or to cease operations, or have no realistic alternative but to do so.

Those charged with governance, including the audit committee, are responsible for overseeing the Sigurd Group’s financial reporting process.

### ***Auditor's responsibilities for the audit of the consolidated financial statements***

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue a report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the the Standards on Auditing of the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements

As part of an audit in accordance with the Standards on Auditing of the Republic of China, we exercise professional judgement and professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.
2. Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Sigurd Group's internal controls.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Sigurd Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our report. However, future events or conditions may cause the Sigurd Group to cease to continue as a going concern.

5. Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
6. Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Sigurd Group to express an opinion on consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From those matters communicated with those charged with governance, we determine the matter that was of most significance in the audit of the consolidated financial statements of the current period and is therefore the key audit matter. We describe the matter in our report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

SIGURD MICROELECTRONICS CORPORATION AND SUBSIDIARIES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

(EXPRESSED IN THOUSANDS OF NEW TAIWAN DOLLARS, EXCEPT AS OTHERWISE  
INDICATED)

1. HISTORY AND ORGANISATION

Sigurd Microelectronics Corporation (formerly named More Power Electronic Co., Ltd., the “Company”) was established in the Republic of China (R.O.C.) on December 15, 1988. In 1998, the Company acquired Sigurd Corporation, via assets purchase (the acquired company was liquidated and dissolved after the merger), in order to expand and provide turnkey assembly and testing services to customers. The name of the Company was changed to Sigurd Microelectronics Corporation on November 27, 1998. The main business activities of the Company and its subsidiaries (collectively referred herein as “Sigurd Group” or the “Group”) include the design, processing, testing, burn-in treatment, manufacture, trading, etc., of integrated circuits.

On February 11, 2004, the Company’s Board of Directors resolved to acquire Ucomm Caesar Technology Co., Ltd., whose main business was RF testing. The Company is the surviving company and Ucomm Caesar Technology Co., Ltd. is the dissolved company. After the merger, the Company’s name was retained. The effective date for the merger was March 1, 2005.

On December 30, 2005, the Company’s Board of Directors resolved to acquire ASI Semiconductor Co., Ltd., whose main business was integrated circuit testing. The Company is the surviving company and ASI Semiconductor Co., Ltd. is the dissolved company. After the merger, the Company’s name was retained. The effective date for the merger was June 12, 2006.

On May 8, 2013, the Company’s Board of Directors resolved to acquire Meicer Semiconductor Co., Ltd., whose main business was integrated circuits packaging. The Company is the surviving company and the effective date for the merger was May 31, 2013.

2. THE DATE OF AND PROCEDURES FOR AUTHORISATION FOR ISSUANCE OF THE  
CONSOLIDATED FINANCIAL STATEMENTS

These consolidated financial statements were authorised for issuance by the Board of Directors on March 7, 2023.

### 3. APPLICATION OF NEW AND AMENDED INTERNATIONAL FINANCIAL REPORTING STANDARDS AND INTERPRETATIONS

#### (1) Effect of the adoption of new or amended International Financial Reporting Standards (“IFRS”) that came into effect as endorsed by the Financial Supervisory Commission (“FSC”)

New standards, interpretations and amendments endorsed by FSC and became effective from 2022 are as follows:

New Standards, Interpretations and Amendments	International Accounting Standards Board (“IASB”)
Amendments to IFRS 3, ‘Reference to the conceptual framework’	January 1, 2022
Amendments to IAS 16, ‘Property, plant and equipment: proceeds before intended use’	January 1, 2022
Amendments to IAS 37, ‘Onerous contracts—cost of fulfilling a contract’	January 1, 2022
Annual improvements to IFRS Standards 2018–2020	January 1, 2022

The above standards and interpretations have no significant impact to Sigurd Group’s financial position and financial performance based on Sigurd Group’s assessment.

#### (2) Effect of new or amended IFRSs as endorsed by the FSC but not yet adopted

New standards, interpretations and amendments endorsed by FSC and became effective from 2023 are as follows:

New Standards, Interpretations and Amendments	Effective date by International Accounting Standards Board
Amendments to IAS 1, ‘Disclosure of accounting policies’	January 1, 2023
Amendments to IAS 8, ‘Definition of accounting estimates’	January 1, 2023
Amendments to IAS 12, ‘Deferred tax related to assets and liabilities arising from a single transaction’	January 1, 2023

(3) IFRSs issued by IASB but not yet endorsed by the FSC

New standards, interpretations and amendments issued by IASB but not yet included in the IFRSs as endorsed by the FSC are as follows:

<u>New Standards, Interpretations and Amendments</u>	<u>Effective date by International Accounting Standards Board</u>
Amendments to IFRS 10 and IAS 28, 'Sale or contribution of assets between an investor and its associate or joint venture'	To be determined by International Accounting Standards Board
Amendments to IFRS 16, 'Lease liability in a sale and leaseback'	January 1, 2024
IFRS 17, 'Insurance contracts'	January 1, 2023
Amendments to IFRS 17, 'Insurance contracts'	January 1, 2023
Amendment to IFRS 17, 'Initial application of IFRS 17 and IFRS 9 – comparative information'	January 1, 2023
Amendments to IAS 1, 'Classification of liabilities as current or non-current'	January 1, 2024
Amendments to IAS 1, 'Non-current liabilities with covenants'	January 1, 2024

The above standards and interpretations have no significant impact to Sigurd Group's financial position and financial performance based on Sigurd Group's assessment.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of these consolidated financial statements are set out below. These policies have been consistently applied to all the periods presented, unless otherwise stated.

(1) Compliance statement

The consolidated financial statements of the Group have been prepared in accordance with the "Regulations Governing the Preparation of Financial Reports by Securities Issuers", International Financial Reporting Standards, International Accounting Standards, IFRIC Interpretations, and SIC Interpretations came into effect as endorsed by the FSC (collectively referred herein as the "IFRS and relevant laws and requirements" or "IFRSs").

(2) Basis of preparation

A. Except for the following items, the consolidated financial statements have been prepared under the historical cost convention:

- (a) Financial assets at fair value through profit or loss.
- (b) Financial assets at fair value through other comprehensive income.
- (c) Defined benefit liabilities recognised based on the net amount of pension funds assets less present value of defined benefit obligation.

- B. The preparation of consolidated financial statements in conformity with IFRSs requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying Sigurd Group's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the consolidated financial statements are disclosed in Note 5.

(3) Basis of consolidation

A. Basis for preparation of consolidated financial statements:

- (a) All subsidiaries are included in Sigurd Group's consolidated financial statements. Subsidiaries are all entities controlled by Sigurd Group. Sigurd Group controls an entity when Sigurd Group is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Consolidation of subsidiaries begins from the date Sigurd Group obtains control of the subsidiaries and ceases when Sigurd Group loses control of the subsidiaries.
- (b) Inter-company transactions, balances and unrealised gains or losses on transactions between companies within Sigurd Group have been eliminated. Accounting policies of subsidiaries have been adjusted where necessary to ensure consistency with the policies adopted by Sigurd Group.
- (c) Profit or loss and each component of other comprehensive income are attributed to the owners of the parent and to the non-controlling interests. Total comprehensive income is attributed to the owners of the parent and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

B. Subsidiaries included in the consolidated financial statements:

Name of investor	Name of subsidiary	Main business activities	Ownership (%)		Description
			December 31, 2022	December 31, 2021

UTC Holdings Corporation	Sigurd UTC Corporation (UTAC (Taiwan) Corporation rename)	Testing service of integrated circuits and manufacture, sales and design of flip chip and substrate based	100	100	Note 1

Note 1: On April 14, 2021, the Company completed the acquisition of a 100% share equity in UTC Holdings Corporation with US\$165,000 thousand (approximate \$4,701,842). The subsidiary which was belonging to UTC Holdings Corporation were included in the consolidated financial statements.

On June 7, 2021, UTC Holdings Corporation performed capital reduction and returned cash to the Company in the amount of \$2,900,000 (including \$920,470 and US\$71,489 thousand), the ratio of capital reduction was 52.59%.

On August 4, 2021, UTC Holdings Corporation increased cash capital in the amount of \$701,337. On August 11, 2021, the Company has remitted capital in the amount of \$701,337 and acquired all of increased share equity.

Note 2: On July 15, 2021, the Company's foreign subsidiary, Burgurd Co., Ltd., increased cash capital in the amount of US\$ 1,500 thousand. On August 19, 2021, the Company has remitted capital in the amount of US\$ 1,500 thousand (\$41,931) and acquired all of increased share equity.

Note 3: TST CO., LTD. was established on May 10, 2022. The Company invested \$200,000 to obtain its 100% shareholding.

Note 4: In June 2022, TPFUSION INC. increased cash capital in the amount of \$8,100. In June 2022, FLATEK, INC has remitted capital in the amount of \$8,100 and acquired all of increased share equity.

Note 5: On October 17, 2022, Winstek Semiconductor Technology Co., Ltd. performed capital reduction and returned cash to the Company's subsidiary, Winstek Semiconductor Co., Ltd., in the amount of \$1,000,000 (thousand), the ratio of capital reduction was 32.25%.

Note 6: The Company planned to adjust the shareholding structure of Bloomeria Limited and of SIGWIN Cooperation which it held indirectly to activate the utilisation efficiency of the Group's assets and optimise the shareholders' equity as resolved by the Board of Directors on November 1, 2022. As of December 31, 2022, the adjustment results are as follows:

A. On November 7, 2022, SIGWIN Cooperation performed capital reduction by retiring ordinary shares in the amount of \$216,557 and cash distribution from capital surplus in the amount of \$1,133,443 and returned cash to the Company and the Company's subsidiary, Bloomeria, in the amount of \$8,727 and \$1,341,273, respectively, the ratio of capital reduction was 70%.

B. On November 29, 2022, SIGWIN Cooperation increased cash capital in the amount of \$1,500,000 by issuing 7,653,061 ordinary new shares with a par value of \$10 (in dollars) and an issuance price of \$196 (in dollars) per share. All proceeds from shares issued have been collected and the legal registration procedures had been completed.

C. On December 16, 2022, the Board of Directors of SIGWIN Cooperation resolved the capitalisation of earnings by issuing new shares. The legal registration procedures for the capitalisation of dividends amounting to \$128,000 by issuing 12,800,000 ordinary

shares with a par value of NT\$10 (in dollars) per share had been completed.

Note 7: Bloomeria Limited planned to perform capital reduction in the amount of NT\$1,427,162 by retiring 1,384,602,258 issued shares to activate the utilisation efficiency of the assets of the Group, Company and shareholders as resolved by the Board of Directors on December 14, 2022.

C. Subsidiaries not included in the consolidated financial statements: None.

D. Adjustments for subsidiaries with different balance sheet dates: None.

E. Significant restrictions: None.

F. Subsidiaries that have non-controlling interests that are material to Sigurd Group:

As of December 31, 2022 and 2021, the non-controlling interests amounted to \$2,901,259 and \$2,384,287, respectively. The information on non-controlling interests and respective subsidiaries is as follows:

Name of subsidiary	Principal place of business	Non-controlling interest				Description
		December 31, 2022		December 31, 2021		
		Amount	Ownership (%)	Amount	Ownership (%)	
Winstek Semiconductor Co., Ltd. and its Subsidiary	Taiwan	\$2,813,457	48.10%	\$2,284,926	48.10%	-

Summarised financial information of subsidiaries:

Cash and cash equivalents, end of year	\$ 1,719,592	\$ 1,603,413

### (4) Foreign currency translation

Items included in the consolidated financial statements of each of Sigurd Group's entities are measured using the currency of the primary economic environment in which the entity operates (the "functional currency"). The consolidated financial statements are presented in New Taiwan dollar, which is the Company's functional and Sigurd Group's presentation currency.

#### A. Foreign currency transactions and balances

- Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions or valuation where items are remeasured. Foreign exchange gains and losses resulting from the settlement of such transactions are recognised in profit or loss in the period in which they arise.
- Monetary assets and liabilities denominated in foreign currencies at the period end are re-translated at the exchange rates prevailing at the balance sheet date. Exchange differences arising upon re-translation at the balance sheet date are recognised in profit or loss.
- Non-monetary assets and liabilities denominated in foreign currencies held at fair value through profit or loss are re-translated at the exchange rates prevailing at the balance sheet date; their translation differences are recognised in profit or loss. Non-monetary assets and liabilities denominated in foreign currencies held at fair value through other comprehensive

income are re-translated at the exchange rates prevailing at the balance sheet date; their translation differences are recognised in other comprehensive income. However, non-monetary assets and liabilities denominated in foreign currencies that are not measured at fair value are translated using the historical exchange rates at the dates of the initial transactions.

- (d) All foreign exchange gains and losses based on the nature of those transactions are presented in the statement of comprehensive income within “Other gains and losses”.

#### B. Translation of foreign operations

- (a) The operating results and financial position of all Sigurd Group entities, that have a functional currency different from the presentation currency are translated into the presentation currency as follows:
  - i. Assets and liabilities for each balance sheet presented are translated at the closing exchange rate at the date of that balance sheet;
  - ii. Income and expenses for each statement of comprehensive income are translated at average exchange rates of that period;
  - iii. All resulting exchange differences are recognised in other comprehensive income (loss).
- (b) When the foreign operation partially disposed of or sold is a subsidiary, cumulative exchange differences that were recorded in other comprehensive income are proportionately transferred to the non-controlling interest in this foreign operation. In addition, even when Sigurd Group retains partial interest in the former foreign subsidiary after losing control of the former foreign subsidiary, such transactions should be accounted for as disposal of all interest in the foreign operation.
- (c) Goodwill and fair value adjustments arising on the acquisition of a foreign entity are treated as assets and liabilities of the foreign entity and translated at the closing exchange rates at the balance sheet date.

#### (5) Classification of current and non-current items

##### A. Assets that meet one of the following criteria are classified as current assets:

- (a) Assets arising from operating activities that are expected to be realised, or are intended to be sold or consumed within the normal operating cycle;
- (b) Assets held mainly for trading purposes;
- (c) Assets that are expected to be realized within twelve months from the balance sheet date;
- (d) Cash and cash equivalents, excluding restricted cash and cash equivalents and those that are to be exchanged or used to settle liabilities more than twelve months after the balance sheet date.

Sigurd Group classifies the assets which do not meet the above criteria as non-current assets.

##### B. Liabilities that meet one of the following criteria are classified as current liabilities:

- (a) Liabilities that are expected to be settled within the normal operating cycle;
- (b) Liabilities arising mainly from trading activities;
- (c) Liabilities that are to be settled within twelve months from the balance sheet date;
- (d) Liabilities for which the repayment date cannot be extended unconditionally to more than

twelve months after the balance sheet date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Sigurd Group classifies the liabilities which do not meet the above criteria as non-current liabilities.

(6) Cash equivalents

Cash equivalents refer to short-term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. Time deposits that meet the definition above and are held for the purpose of meeting short-term cash commitments in operations are classified as cash equivalents.

(7) Financial assets at fair value through profit or loss

- A. Financial assets at fair value through profit or loss are financial assets that are not measured at amortised cost or fair value through other comprehensive income.
- B. On a regular way purchase or sale basis, financial assets at fair value through profit or loss are recognised and derecognised using trade date accounting.
- C. At initial recognition, Sigurd Group measures the financial assets at fair value and recognises the transaction costs in profit or loss. Sigurd Group subsequently measures the financial assets at fair value and recognises the gain or loss in profit or loss.
- D. Sigurd Group recognises the dividend income when the right to receive payment is established, future economic benefits associated with the dividend will flow to Sigurd Group and the amount of the dividend can be measured reliably.

(8) Financial assets at fair value through other comprehensive income

- A. Financial assets at fair value through other comprehensive income comprise equity securities which are not held for trading, and for which Sigurd Group has made an irrevocable election at initial recognition to recognise changes in fair value in other comprehensive income and debt instruments which meet all of the following criteria:
  - (a) The objective of Sigurd Group's business model is achieved both by collecting contractual cash flows and selling financial assets; and
  - (b) The assets' contractual cash flows represent solely payments of principal and interest.
- B. On a regular way purchase or sale basis, financial assets at fair value through other comprehensive income are recognised and derecognised using trade date accounting.
- C. At initial recognition, Sigurd Group measures the financial assets at fair value plus transaction costs. Sigurd Group subsequently measures the financial assets at fair value:
  - (a) The changes in fair value of equity investments that were recognised in other comprehensive income are reclassified to retained earnings and are not reclassified to profit or loss following the derecognition of the investment. Dividends are recognised as income when the right to receive payment is established, future economic benefits associated with the dividend will flow to Sigurd Group and the amount of the dividend can be measured reliably.
  - (b) Except for the recognition of impairment loss, interest income and gain or loss on foreign

exchange which are recognised in profit or loss, the changes in fair value of debt instruments are taken through other comprehensive income. When the financial asset is derecognised, the cumulative gain or loss previously recognised in other comprehensive income (loss) is reclassified from equity to profit or loss.

(9) Financial assets at amortised cost

- A. Financial assets at amortised cost are those that meet all of the following criteria:
  - (a) The objective of Sigurd Group's business model is achieved by collecting contractual cash flows.
  - (b) The assets' contractual cash flows represent solely payments of principal and interest.
- B. On a regular way purchase or sale basis, financial assets at amortised cost are recognised and derecognised using trade date accounting.
- C. At initial recognition, Sigurd Group measures the financial assets at fair value plus transaction costs. Interest income from these financial assets is included in finance income using the effective interest method, and recognizing impairment loss. A gain or loss is recognised in profit or loss when the asset is derecognised.
- D. Sigurd Group's time deposits which do not fall under cash equivalents are those with a short maturity period and are measured at initial investment amount as the effect of discounting is immaterial.

(10) Accounts and notes receivable

- A. Accounts and notes receivable entitle Sigurd Group a legal right to receive consideration in exchange for transferred goods or rendered services.
- B. The short-term accounts and notes receivable without bearing interest are subsequently measured at initial invoice amount as the effect of discounting is immaterial.

(11) Impairment of financial assets

For debt instruments measured at fair value through other comprehensive income and financial assets or contract assets at amortised cost, at each reporting date, Sigurd Group recognises the impairment provision for 12 months expected credit losses if there has not been a significant increase in credit risk since initial recognition or recognises the impairment provision for the lifetime expected credit losses (ECLs) if such credit risk has increased since initial recognition after taking into consideration all reasonable and verifiable information that includes forecasts. On the other hand, for accounts receivable or contract assets that do not contain a significant financing component, Sigurd Group recognises the impairment provision for lifetime ECLs.

(12) Derecognition of financial assets

Sigurd Group derecognises a financial asset when one of the following conditions is met:

- A. The contractual rights to receive the cash flows from the financial asset expire.
- B. The contractual rights to receive cash flows of the financial asset have been transferred and Sigurd Group has transferred substantially all risks and rewards of ownership of the financial asset.
- C. The contractual rights to receive cash flows of the financial asset have been transferred; however,

Sigurd Group has not retained control of the financial asset.

(13) Operating leases (lessor)

Lease income from an operating lease (net of any incentives given to the lessee) is recognised in profit or loss on a straight-line basis over the lease term.

(14) Inventories

Inventories are stated at the lower of cost and net realizable value. Cost is determined using the weighted-average method. The cost of finished goods and work in progress comprises raw materials, direct labor, other direct costs and related production overheads. It excludes borrowing costs. The item by item approach is used in applying the lower of cost and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business, less the estimated cost of completion and applicable variable selling expenses.

(15) Property, plant and equipment

- A. Property, plant and equipment are initially recorded at cost. Borrowing costs incurred during the construction period are capitalised.
- B. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to Sigurd Group and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised. All other repairs and maintenance are charged to profit or loss during the financial period in which they are incurred.
- C. Land is not depreciated. Other property, plant and equipment apply cost model and are depreciated using the straight-line method to allocate their cost over their estimated useful lives. Each part of an item of property, plant, and equipment with a cost that is significant in relation to the total cost of the item must be depreciated separately.
- D. The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted if appropriate, at each financial year-end. If expectations for the assets' residual values and useful lives differ from previous estimates or the patterns of consumption of the assets' future economic benefits embodied in the assets have changed significantly, any change is accounted for as a change in estimate under IAS 8, 'Accounting policies, changes in accounting estimates and errors', from the date of the change. The estimated useful lives of property, plant and equipment are as follows:

Buildings and structures	4 ~ 60 years
Machinery and equipment	1 ~ 10 years
Office equipment	3 ~ 6 years
Other equipment	2 ~ 15 years

(16) Leasing arrangements (lessee) – right-of-use assets/ lease liabilities

- A. Leases are recognised as a right-of-use asset and a corresponding lease liability at the date at which the leased asset is available for use by Sigurd Group. For short-term leases or leases of low-value assets, lease payments are recognised as an expense on a straight-line basis over the lease term.
- B. Lease liabilities include the net present value of the remaining lease payments at the commencement date, discounted using the incremental borrowing interest rate.

Lease payments are comprised of the following:

- (a) Fixed payments, less any lease incentives receivable; and
- (b) The exercise price of a purchase option, if the lessee is reasonably certain to exercise that option.

Sigurd Group subsequently measures the lease liability at amortised cost using the interest method and recognises interest expense over the lease term. The lease liability is remeasured and the amount of remeasurement is recognised as an adjustment to the right-of-use asset when there are changes in the lease term or lease payments and such changes do not arise from contract modifications.

- C. At the commencement date, the right-of-use asset is stated at cost comprising the following:

- (a) The amount of the initial measurement of lease liability;
- (b) Any lease payments made at or before the commencement date; and
- (c) Any initial direct costs incurred by the lessee.

The right-of-use asset is measured subsequently using the cost model and is depreciated from the commencement date to the earlier of the end of the asset's useful life or the end of the lease term.

When the lease liability is remeasured, the amount of remeasurement is recognized as an adjustment to the right-of-use asset.

(17) Intangible assets

Computer software

Computer software is stated at cost and amortised on a straight-line basis over its estimated useful life of 1 to 5 years.

(18) Impairment of non-financial assets

- A. Sigurd Group assesses at each balance sheet date the recoverable amounts of those assets where there is an indication that they are impaired. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell or value in use. When the circumstances or reasons for recognising impairment loss for an asset in prior years no longer exist or diminish, the impairment loss is reversed. The increased carrying amount due to reversal should not be more than what the depreciated or amortised historical cost would have been if the impairment had not been recognised.

- B. The recoverable amounts of goodwill, intangible assets with an indefinite useful life and intangible assets that have not yet been available for use are evaluated periodically. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. Impairment loss of goodwill previously recognised in profit or loss shall not be reversed in the following years.
- C. For the purpose of impairment testing, goodwill is acquired to each of the cash-generating units, or groups of cash-generating units, that is/are expected to benefit from the synergies of the business combination.

(19) Borrowings

- A. Borrowings comprise long-term and short-term bank borrowings. Borrowings are recognised initially at fair value, net of transaction costs incurred. Borrowings are subsequently stated at amortised cost; any difference between the proceeds (net of transaction costs) and the redemption value is recognised in profit or loss over the period of the borrowings using the effective interest method.
- B. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw-down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

(20) Notes and accounts payable

- A. Accounts payable are liabilities for purchases of raw materials, goods or services and notes payable are those resulting from operating and non-operating activities.
- B. The short-term notes and accounts payable without bearing interest are subsequently measured at initial invoice amount as the effect of discounting is immaterial.

(21) Provisions

- A. Provisions are recognised when Sigurd Group has a present legal or constructive obligation as a result of past events, and it is probable that an outflow of economic resources will be required to settle the obligation and the amount of the obligation can be reliably estimated. Provisions are measured at the present value of the expenditures expected to be required to settle the obligation on the balance sheet date, which is discounted using a pre-tax discount rate that reflects the current market assessments of the time value of money and the risks specific to the obligation. When discounting is used, the increase in the provision due to passage of time is recognised as interest expense.
- B. In the process of service provision, customers were unable to sell their products due to Sigurd Group's operational errors or poor product yield. Sigurd Group has assessed the liability for compensation when facts occur, and therefore has estimated related expenses and the provision for the recognition of liabilities. The provision is measured based on historical data and all possible outcomes.

(22) Employee benefits

A. Short-term employee benefits

Short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in respect of service rendered by employees in a period and should be recognised as expenses in that period when the employees render service.

B. Pensions

(a) Defined contribution plans

For defined contribution plans, the contributions are recognised as pension expense when they are due on an accrual basis. Prepaid contributions are recognised as an asset to the extent of a cash refunds or a reduction in the future payments.

(b) Defined benefit plans

i. Net obligation under a defined benefit plan is defined as the present value of an amount of pension benefits that employees will receive on retirement for their services with Sigurd Group in current period or prior periods. The liability recognised in the balance sheet in respect of defined benefit pension plans is the present value of the defined benefit obligation at the balance sheet date less the fair value of plan assets. The net defined benefit obligation is calculated annually by independent actuaries using the projected unit credit method. The rate used to discount is determined by using interest rates of high-quality corporate bonds that are denominated in the currency in which the benefits will be paid, and that have terms to maturity approximating to the terms of the related pension liability; when there is no deep market in high-quality corporate bonds, Sigurd Group uses interest rates of government bonds (at the balance sheet date) instead.

ii. Remeasurements arising on defined benefit plans are recognised in other comprehensive income in the period in which they arise and are recorded as retained earnings.

iii. Past service costs are recognised immediately in profit or loss.

C. Termination benefits

Termination benefits are employee benefits provided in exchange for the termination of employment as a result from either the Company's decision to terminate an employee's employment before the normal retirement date, or an employee's decision to accept an offer of redundancy benefits in exchange for the termination of employment. The Company recognizes expense as it can no longer withdraw an offer of termination benefits or it recognises relating restructuring costs, whichever is earlier. Benefits that are expected to be due more than 12 months after balance sheet date shall be discounted to their present value.

D. Employees' compensation and directors' remuneration

Employees' compensation and directors' remuneration are recognised as expense and liability, provided that such recognition is required under legal or constructive obligation and those amounts can be reliably estimated. Any difference between the resolved amounts and the subsequently actual distributed amounts is accounted for as changes in estimates.

(23) Bonds payable

Ordinary corporate bonds issued by the Group are initially recognised at fair value less transaction costs. Any difference between the proceeds (net of transaction costs) and the redemption value is presented as an addition to or deduction from bonds payable, which is amortised to profit or loss over the period of bond circulation using the effective interest method as an adjustment to 'Finance costs'.

(24) Convertible bonds payable

Convertible bonds issued by Sigurd Group contain conversion options (that is, the bondholders have the right to convert the bonds into Sigurd Group's common shares by exchanging a fixed amount of cash for a fixed number of common shares). Sigurd Group classifies the bonds payable upon issuance as a financial asset, a financial liability or an equity in accordance with the contract terms. They are accounted for as follows:

- A. The embedded redemption rights are recognised initially at net fair value as 'Financial assets or financial liabilities at fair value through profit or loss'. They are subsequently remeasured and stated at fair value on each balance sheet date; the gain or loss is recognised as 'Gain or loss on valuation of financial assets or financial liabilities at fair value through profit or loss'.
- B. The host contracts of bonds are initially recognised at fair value. Any difference between the initial recognition and the redemption value is accounted for as the premium or discount on bonds payable and subsequently is amortised in profit or loss as an adjustment to "Finance costs" over the period of circulation using the effective interest method.
- C. The embedded conversion options which meet the definition of equity are initially recognised in 'Capital surplus—share options' at the residual amount of total issue price less the amount of financial assets or financial liabilities at fair value through profit or loss and bonds payable as stated above. Conversion options are not subsequently remeasured.
- D. Any transaction costs directly attributable to the issuance are allocated to each liability or equity component in proportion to the initial carrying amount of each abovementioned item.
- E. When bondholders exercise conversion options, the liability component of the bonds (including bonds payable) shall be remeasured on the conversion date. The issuance cost of converted common shares is the total book value of the abovementioned liability component and "Capital surplus—share options".

(25) Income tax

- A. The tax expense for the period comprises current and deferred tax. Tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or items recognised directly in equity, in which cases the tax is recognised in other comprehensive income or equity.
- B. The current income tax expense is calculated on the basis of the tax laws enacted or substantively enacted at the balance sheet date in the countries where the Company and its subsidiaries operate and generate taxable income. Management periodically evaluates positions taken in tax returns

with respect to situations in accordance with applicable tax regulations. It establishes provisions where appropriate based on the amounts expected to be paid to the tax authorities. An additional tax is levied on the unappropriated retained earnings and is recorded as income tax expense in the year the shareholders resolve to retain the earnings.

- C. Deferred tax is recognised, using the balance sheet liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the parent balance sheet. However, the deferred tax is not accounted for if it arises from initial recognition of goodwill or of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit or loss. Deferred tax is provided on temporary differences arising on investments in subsidiaries, except where the timing of the reversal of the temporary difference is controlled by Sigurd Group and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax is determined using tax rates (and laws) that have been enacted or substantially enacted at the balance sheet date and are expected to apply when the related deferred tax asset is realised, or the deferred tax liability is settled.
- D. Deferred tax assets are recognised only to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilised. At each balance sheet date, unrecognised and recognised deferred tax assets are reassessed.
- E. A deferred tax assets shall be recognised for the carry forward of unused tax credits resulting from acquisitions of equipment or technology and research and development expenditures to the extent that it is possible that future taxable profit will be available against which the unused tax credits can be utilised.
- F. Current income tax assets and liabilities are offset and the net amount reported in the balance sheet when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. Deferred tax assets and liabilities are offset on the balance sheet when the entity has the legally enforceable right to offset current tax assets against current tax liabilities and they are levied by the same taxation authority on either the same entity or different entities that intend to settle on a net basis or realise the asset and settle the liability simultaneously.

(26) Share capital

Where the Company repurchases the Company's equity share capital that has been issued, the consideration paid, including any directly attributable incremental costs (net of income taxes) is deducted from equity attributable to the Company's equity holders. Where such shares are subsequently reissued, the difference between their book value and any consideration received, net of any directly attributable incremental transaction costs and the related income tax effects, is included in equity attributable to the Company's equity holders.

(27) Dividends

Dividends are recorded in Sigurd Group's financial statements in the period in which they are resolved by Sigurd Group's shareholders. Cash dividends are recorded as liabilities, stock dividends are recorded as stock dividends to be distributed and are reclassified to ordinary shares on the effective date of new shares issuance.

(28) Revenue recognition

A. Sales of goods

- (a) Sigurd Group manufactures and sells electronic components. Sales are recognised when control of the products has transferred, being when the products are delivered to the customer and there is no unfulfilled obligation that could affect the customer's acceptance of the products. Delivery occurs when the products have been shipped to the specific location, the risks of obsolescence and loss have been transferred to the customer, and either the customer has accepted the products in accordance with the sales contract, or Sigurd Group has objective evidence that all criteria for acceptance have been satisfied.
- (b) Since the time interval between the transfer of the promised services to the customer and payment by the customer has not exceeded one year, Sigurd Group has not adjusted the transaction price to reflect the time value of money.
- (c) A receivable is recognised when the goods are delivered as this is the point in time that the consideration is unconditional because only the passage of time is required before the payment is due.

B. Provision of services

- (a) Sigurd Group provides the services of research and design, engineering and testing of integrated circuits as well as the related services such as wafer bumping and wafer assembly services. An entity transfers control of a good or service over time and, therefore, satisfies a performance obligation and recognises revenue over time, if one of the following criteria is met: (a) the customer simultaneously receives and consumes the benefits provided by the entity's performance as the entity performs; (b) the entity's performance creates or enhances an asset that the customer controls as the asset is created or enhanced; or (c) the entity's performance does not create an asset with an alternative use to the entity and the entity has an enforceable right to payment for performance completed to date. The testing and packaging services provided by Sigurd Group are in compliance with the (b) above, and shall be gradually recognised as revenue over time, and recognised as revenue via the progress towards satisfaction of completion performance obligation.
- (b) Since the time interval between the transfer of the promised services to the customer and payment by the customer has not exceeded one year, Sigurd Group has not adjusted the transaction price to reflect the time value of money.
- (c) A receivable is recognised when the goods are delivered as this is the point in time that the consideration is unconditional because only the passage of time is required before the

payment is due.

(29) Government grants

Government grants are recognised at their fair value only when there is reasonable assurance that the Group will comply with any conditions attached to the grants and the grants will be received. Government grants are recognised in profit or loss on a systematic basis over the periods in which the Group recognises expenses for the related costs for which the grants are intended to compensate.

(30) Business combinations

- A. Sigurd Group uses the acquisition method to account for business combinations. The consideration transferred for an acquisition is measured as the fair value of the assets transferred, liabilities incurred or assumed, and equity instruments issued at the acquisition date, plus the fair value of any assets and liabilities resulting from a contingent consideration arrangement. All acquisition-related costs are expensed as incurred. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. For each business combination, Sigurd Group measures at the acquisition date components of non-controlling interests in the acquiree that are present ownership interests and entitle their holders to the proportionate share of the entity's net assets in the event of liquidation at either fair value or the present ownership instruments' proportionate share in the recognised amounts of the acquiree's identifiable net assets. All other non-controlling interests should be measured at the acquisition-date fair value.
- B. The excess of the consideration transferred, the amount of any non-controlling interest in the acquiree and the fair value of any previous equity interest in the acquiree over the fair value of the identifiable assets acquired and the liabilities assumed is recorded as goodwill at the acquisition date. If the total of consideration transferred, non-controlling interest in the acquiree recognised and the fair value of previously held equity interest in the acquiree is less than the fair value of the identifiable assets acquired and the liabilities assumed, the difference is recognised directly in profit or loss on the acquisition date.

(31) Operating segments

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. Sigurd Group's chief operating decision maker, has been identified as Board of Directors who is responsible for allocating resources and assessing performance of the operating segments.

5. CRITICAL ACCOUNTING JUDGEMENTS, ESTIMATES AND KEY SOURCES OF ASSUMPTION UNCERTAINTY

The preparation of these consolidated financial statements requires management to make critical judgements in applying Sigurd Group's accounting policies and make critical assumptions and estimates concerning future events. Assumptions and estimates may differ from the actual results and are continually evaluated and adjusted based on historical experience and other factors. Such assumptions and estimates have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year; and the related information is addressed below:

(1) Critical judgements in applying Sigurd Group's accounting policies

None.

(2) Critical accounting estimates and assumptions

None.

6. DETAILS OF SIGNIFICANT ACCOUNTS

(1) Cash and cash equivalents

	<u>December 31, 2022</u>	<u>December 31, 2021</u>
Cash on hand and revolving funds	\$ 1,742	\$ 2,069
Checking accounts and demand deposits	3,285,029	5,370,830
Time deposits	5,587,141	2,570,372
	<u>\$ 8,873,912</u>	<u>\$ 7,943,271</u>

A. Sigurd Group transacts with a variety of financial institutions all with high credit quality to disperse credit risk, so it expects that the probability of counterparty default is remote.

B. Sigurd Group has no cash and cash equivalents pledged to others.

(2) Financial assets at fair value through profit or loss

	<u>December 31, 2022</u>	<u>December 31, 2021</u>
Current items:		
Financial assets mandatorily measured at fair value through profit or loss		
Beneficiary certificates	\$ 240,000	\$ 315,000
Corporate bonds	143,480	143,480
Redemption right of convertible bonds of the Company	1,050	1,050
	<u>384,530</u>	<u>459,530</u>
Valuation adjustment	11,674	21,752
	<u>\$ 396,204</u>	<u>\$ 481,282</u>

- A. Amounts recognised in profit or loss in relation to financial assets at fair value through profit or loss are listed below:

	Year ended December 31,	
	2022	2021
Financial assets mandatorily measured at fair value through profit or loss		
Listed stocks	\$ -	\$ 1,369
Beneficiary certificates	( 23,707)	23,002
Corporate bonds	9,464	( 4,739)
Convertible bonds	( 1,050)	( 898)
	<u>(\$ 15,293)</u>	<u>\$ 18,734</u>

- B. Information relating to price risk and fair value of financial assets at fair value through profit or loss is provided in Notes 12(2) and (3).

(3) Financial assets at fair value through other comprehensive income

Items	December 31, 2022	December 31, 2021
Non-current items:		
Equity instruments		
Listed stocks	\$ 150,000	\$ 150,000
Unlisted stocks	<u>1,205,166</u>	<u>659,167</u>
	1,355,166	809,167
Valuation adjustment	<u>235,618</u>	<u>767,339</u>
	<u>\$ 1,590,784</u>	<u>\$ 1,576,506</u>

- A. Sigurd Group has elected to classify equity investments that are considered to be strategic investments as financial assets at fair value through other comprehensive income. The fair value of such investments amounted to \$1,590,784 and \$1,576,506 as at December 31, 2022 and 2021, respectively.
- B. In 2022, the Group disposed investments in the fair value amount of \$337 due to the acquisition of the acquirer, the accumulated gain from disposal was \$337 and was reclassified as retained earnings. In addition Sigurd Group did not sell any unlisted stocks in first half of 2021.

C. Amounts recognised in profit or loss and other comprehensive income in relation to the financial assets at fair value through other comprehensive income are listed below:

	Year ended December 31,	
	2022	2021
<u>Equity instruments at fair value through other comprehensive income</u>		
Fair value change recognised in other comprehensive income	(\$ 531,384)	\$ 415,297
Cumulative gains reclassified to retained earnings due to derecognition	\$ 337	\$ 11,058
Dividend income recognised in profit or loss held at end of year	\$ 20,578	\$ 16,121

D. Information relating to price risk and fair value of financial assets at fair value through other comprehensive income is provided in Notes 12(2) and (3).

(4) Financial assets at amortised cost

Items	December 31, 2022	December 31, 2021
Current items:		
Pledged time deposits	\$ -	\$ 25,000
Time deposits	1,802,321	986,455
Repurchase Agreements	200,000	-
	<u>\$ 2,002,321</u>	<u>\$ 1,011,455</u>
Non-current items:		
Pledged time deposits	\$ 39,886	\$ 39,887
Corporate bonds	30,000	30,000
	<u>\$ 69,886</u>	<u>\$ 69,887</u>

A. Amounts recognised in profit or loss in relation to financial assets at amortised cost are listed below:

	Year ended December 31,	
	2022	2021
Interest income	\$ 19,932	\$ 8,911

B. As of December 31, 2022 and 2021, without taking into account other credit enhancements, the maximum exposure to credit risk in respect of the amount that best represents the financial assets at amortised cost held by Sigurd Group was \$2,072,207 and \$1,081,342, respectively.

C. On December 31, 2022 and 2021, time deposits amounting to \$39,886 and \$64,887, respectively, which were restricted for the purpose of customs guarantee and rental guarantee were shown as “Current financial assets at amortised cost” and “Non-current financial assets at amortised cost”. Please refer to Note 8 for details.

D. Information relating to credit risk of financial assets at amortised cost is provided in Note 12(2). The counterparties of the Group’s investments in certificates of deposits are financial institutions with high credit quality, so the Group expects that the probability of counterparty default is remote.

(5) Notes and accounts receivable

	December 31, 2022	December 31, 2021
Notes receivable	\$ 5,283	\$ 720
Accounts receivable	\$ 3,881,358	\$ 3,914,441
Accounts receivable - related parties	3,349	5,491
	3,884,707	3,919,932
Less: Loss allowance	( 53,282)	( 47,708)
	\$ 3,831,425	\$ 3,872,224

A. As of December 31, 2022 and 2021, accounts receivable and notes receivable were all from contracts with customers. And as of January 1, 2021, the balance of receivables from contracts with customers amounted to \$3,355,494.

B. The ageing analysis of accounts receivable and notes receivable is as follows:

	December 31, 2022		December 31, 2021	
	Accounts receivable	Notes receivable	Accounts receivable	Notes receivable
Not past due	\$ 3,624,608	\$ 5,283	\$ 3,735,127	\$ 720
Up to 30 days	76,947	-	120,818	-
31 to 90 days	126,049	-	13,777	-
91 to 180 days	25	-	5	-
Over 180 days	57,078	-	50,205	-
	\$ 3,884,707	\$ 5,283	\$ 3,919,932	\$ 720

The above ageing analysis was based on past due date.

C. As at December 31, 2022 and 2021, without taking into account other credit enhancements, the maximum exposure to credit risk in respect of the amount that best represents Sigurd Group’s notes receivable was \$5,283 and \$720, respectively, and the maximum exposure to credit risk in respect of Sigurd Group’s accounts receivable was \$3,831,425 and \$3,872,224, respectively.

D. Information relating to credit risk of accounts receivable is provided in Note 12(2).

(6) Inventories

December 31, 2022			
	Cost	Allowance for valuation loss	Book value
Raw materials	\$ 259,177	\$ (16,122)	\$ 243,055
Supplies	83,646	( 7,380)	76,266
Work in progress	16,691	( 1,375)	15,316
Merchandises and finished goods	20,716	( 3,429)	17,287
	<u>\$ 380,230</u>	<u>(\$ 28,306)</u>	<u>\$ 351,924</u>

December 31, 2021			
	Cost	Allowance for valuation loss	Book value
Raw materials	\$ 215,763	(\$ 5,381)	\$ 210,382
Supplies	82,026	( 3,106)	78,920
Work in progress	7,457	-	7,457
Merchandises and finished goods	8,121	( 802)	7,319
	<u>\$ 313,367</u>	<u>(\$ 9,289)</u>	<u>\$ 304,078</u>

The cost of inventories recognised as expense for the year:

Year ended December 31,		
	2022	2021
Cost of goods used	\$ 13,146,564	\$ 11,731,362
Inventory valuation loss (gain)	18,291	( 869)
Inventory scrapped	230	2,726
Revenue from sale of scrapped inventories	-	( 216)
Net exchange differences	726	( 197)
	<u>\$ 13,165,811</u>	<u>\$ 11,732,806</u>

Sigurd Group recognised inventory valuation gain for the years ended December 31, 2022 and 2021 because some of the inventories previously written down were consumed or sold.

(7) Property, plant and equipment

2022							
	Land	Buildings and structures	Machinery and equipment	Office equipment	Other equipment	Construction in progress and equipment to be inspected	Total
At January 1							
Cost	\$ 844,353	\$ 3,947,609	\$ 28,945,355	\$ 412,521	\$ 2,647,787	\$ 1,378,065	\$ 38,175,690
Accumulated depreciation and impairment	-	( 1,378,192)	( 16,480,813)	( 224,174)	( 1,613,210)	-	( 19,696,389)
	<u>\$ 844,353</u>	<u>\$ 2,569,417</u>	<u>\$ 12,464,542</u>	<u>\$ 188,347</u>	<u>\$ 1,034,577</u>	<u>\$ 1,378,065</u>	<u>\$ 18,479,301</u>
2022							
At January 1	\$ 844,353	\$ 2,569,417	\$ 12,464,542	\$ 188,347	\$ 1,034,577	\$ 1,378,065	\$ 18,479,301

Note: In 2022 and 2021, the transfers-out of construction in progress and equipment to be inspected amounted to \$1,287,864 and \$1,223,472, of which \$0 and \$7,381 were transferred to intangible assets, \$64 and \$17,995 were transferred to prepaid expenses (shown as “Prepayments”).

A. Amount of borrowing costs capitalised as part of property, plant and equipment and the range of the interest rates for such capitalisation are as follows:

	Year ended December 31,	
	2022	2021
Amount capitalised	\$ 15,653	\$ 15,070
Range of the interest rates for capitalisation	1.127%~2.166%	0.98%~1.42%

- B. The significant components of buildings and structures include buildings, laboratory and facility equipment, which are depreciated over 50 to 60 years.
- C. Information about the property, plant and equipment that were pledged to others as collateral is provided in Note 8.
- D. As of December 31, 2022 and 2021, the area of the land amounting to 12,061 square meters held by Sigurd Group was a farming and grazing land held in the name of others. Sigurd Group has obtained the mortgage set by the landowner to secure Sigurd Group's right on the untransferred part of the land.

(8) Leasing arrangements — lessee

- A. Sigurd Group leases various assets, including buildings, machinery and equipment and transportation equipment for the purposes of manufacture and operations. Lease agreements are typically made for periods of 1 to 32 years. Lease terms are negotiated on an individual basis and contain a wide range of different terms and conditions. The lease agreements do not impose covenants, but leased assets may not be used as security for borrowing purposes.
- B. Short-term leases consisted of machinery and equipment and transportation equipment leased by Sigurd Group with lease terms no more than 12 months, and low-value assets are comprised of office equipment.
- C. The carrying amount of right-of-use assets and the depreciation are as follows:

	December 31,	
	2022	2021
	Carrying amount	Carrying amount
Land	\$ 196,879	\$ 202,410
Buildings	207,284	260,678
Machinery and equipment	321,909	351,233
Transportation equipment (business vehicles)	11,410	12,412
Office equipments	245	-
	<u>\$ 737,727</u>	<u>\$ 826,733</u>
	Year ended December 31,	
	2022	2021
	Depreciation	Depreciation
Land	\$ 6,445	\$ 4,587
Buildings	65,898	57,732
Machinery and equipment	83,699	132,289
Transportation equipment (business vehicles)	9,320	9,423
Office equipments	173	-
	<u>\$ 165,535</u>	<u>\$ 204,031</u>

- D. For the years ended December 31, 2022 and 2021, the additions to right-of-use assets was \$182,581 and \$431,379, respectively.

E. When the lease terms ceased, the Company had preemptive right on some of leased machinery and equipment. For the years ended December 31, 2022 and 2021, aforementioned lease contracts with preemptive right were due, the Company exercised the preemptive right to buy machinery and equipment in the amount of \$107,828 and \$427,981, respectively.

F. The information on profit and loss accounts relating to lease agreements is as follows:

	Year ended December 31,	
	2022	2021
<u>Items affecting profit or loss</u>		
Interest expense on lease liabilities	\$ 23,569	\$ 26,604
Expense on short-term lease agreements	204,675	160,814
Expense on leases of low-value assets	8,451	9,082

G. For the years ended December 31, 2022 and 2021, Sigurd Group's total cash outflow for leases were \$535,722 and \$795,477, respectively.

Domestic 3rd Unsecured Convertible Bonds

- A. To raise the capital for acquiring machinery and equipment, the Board of Directors of the Company resolved to issue the 3rd domestic unsecured convertible bonds on August 7, 2019, which had been approved by the FSC. The aforementioned unsecured convertible bonds were priced on October 3, 2019 and were issued on October 15, 2019. The major terms of issuance are as follows:
- (a) Issue amount: Issued at 100.5% of par value of \$100. The units for this offering were 12,000, with aggregated offering amount of \$1,206,000.
  - (b) Issuance duration: Three years, from October 15, 2019 to October 15, 2022.
  - (c) Coupon rate and principal payment method: The coupon rate is 0% per annum. Except for converting the corporate bonds into the Company's ordinary share by the holder or redemption and written off by the Company through a securities firm, the Company shall repay the nominal amount of the bonds via cash in one lump sum at the time of maturity.
  - (d) Conversion period: Except for exercising the right of conversion, provided by the law, or due to a transfer suspension period stipulated in a contract (if any); the corporate bonds held by the bondholders shall be converted into ordinary shares of the Company from three months after the issuance (January 16, 2020) until the maturity date (October 15, 2022).
  - (e) Conversion price and its adjustment: The conversion price at the time of issuance is set at \$37 (in dollars) per share. However, in case of ex-rights or ex-dividends after the issuance of the Company's bonds, the closing price used to calculate the conversion price shall first be calculated as the price after ex-rights or ex-dividends. After the conversion price is determined and prior to the actual issuance date, it should be adjusted according to the conversion price adjustment formula in case of ex-dividend or ex-rights. Because the Company has issued the cash dividends according to the provisions of the issuance and conversion method, the conversion price should be adjusted. The conversion price was adjusted from \$37 (in dollars) to \$36.6 (in dollars) on November 15, 2019; and the conversion price was adjusted from \$36.6 (in dollars) to \$34.8 (in dollars) on August 2, 2020; and the conversion price was adjusted from \$34.8 (in dollars) to \$33.2 (in dollars) on August 22, 2021; and the conversion price was adjusted from \$33.2 (in dollars) to \$30.7 (in dollars) on July 20, 2022.
  - (f) The rights and obligations of the new shares converted from the bonds are the same as the issued and outstanding common shares.
  - (g) Under the terms of the bonds, all bonds redeemed (including bonds repurchased from the Taipei Exchange), matured and converted are retired and not to be re-issued; all rights and obligations attached to the bonds are also extinguished.
- B. Regarding the issuance of 3rd unsecured convertible bonds, the equity conversion options amounting to \$43,697 were separated from the liability component and were recognised in "Capital surplus—share options" in accordance with IAS 32.

C. The 3rd unsecured convertible bonds matured on October 15, 2022. As of December 31, 2022, the 3rd unsecured convertible bonds totalling \$1,199,900 (face value) had been converted into 35,230,626 shares of common stock. The remaining unconverted bonds amounting to \$100 (face value) were redeemed in cash at face value at the maturity date according to the Article 6 of provisions of the issuance and conversion method of the 3rd domestic unsecured convertible bonds.

#### Domestic 1st Secured Bonds

In order to fulfill working capital, on March 10, 2021, the Company's Board of Directors approved to issue domestic first secured corporate bonds, the issuance has been filed to Taipei Exchange and has been effective. Main terms of the issuance were as follows:

- (a) Total issuance amount: The bonds were issued at face value of \$1,000, the issuance number was 3,000 with a total issuance amount of \$3,000,000.
- (b) Issuance duration: 5 years, from March 19, 2021 to March 19, 2026.
- (c) Coupon rate and payment method: The coupon rate was fixed rate at 0.58%. Interest will be paid annually. The principle will be paid at once when it is due.
- (d) Secured method: The corporate bond was guaranteed by the syndicated guaranteed contract and performance obligation contract of corporate bond guarantee which were entered by banks.

#### Domestic 4th Unsecured Convertible Bonds

A. To raise the capital for acquiring machinery and equipment, the Board of Directors of the Company resolved to issue the 4th domestic unsecured convertible bonds on August 4, 2021, which had been approved by the FSC. The aforementioned unsecured convertible bonds were priced on October 2, 2021 and were issued on October 13, 2021. The major terms of issuance are as follows:

- (a) Issue amount: Issued at 106.2% of par value of \$100. The units for this offering were 15,000, with aggregated offering amount of \$1,592,946.
- (b) Issuance duration: Three years, from October 13, 2021 to October 13, 2024.
- (c) Coupon rate and principal payment method: The coupon rate is 0% per annum. Except for converting the corporate bonds into the Company's ordinary share by the holder or redemption and written off by the Company through a securities firm, the Company shall repay the nominal amount of the bonds via cash in one lump sum at the time of maturity.
- (d) Conversion period: Except for exercising the right of conversion, provided by the law, or due to a transfer suspension period stipulated in a contract (if any); the corporate bonds held by the bondholders shall be converted into ordinary shares of the Company from three months after the issuance (January 14, 2022) until the maturity date (October 13, 2024).

- (e) Conversion price and its adjustment: The conversion price at the time of issuance is set at \$65.4 (in dollars) per share. However, in case of ex-rights or ex-dividends after the issuance of the Company's bonds, the closing price used to calculate the conversion price shall first be calculated as the price after ex-rights or ex-dividends. After the conversion price is determined and prior to the actual issuance date, it should be adjusted according to the conversion price adjustment formula in case of ex-dividend or ex-rights. The conversion price was adjusted from \$65.4 (in dollars) to \$60.5 (in dollars) on July 20, 2022.
  - (f) The rights and obligations of the new shares converted from the bonds are the same as the issued and outstanding common shares.
  - (g) Under the terms of the bonds, all bonds redeemed (including bonds repurchased from the Taipei Exchange), matured and converted are retired and not to be re-issued; all rights and obligations attached to the bonds are also extinguished.
- B. Regarding the issuance of the domestic 4th unsecured convertible bonds, the equity conversion options amounting to \$136,893 were separated from the liability component and were recognised in "Capital surplus—share options" in accordance with IAS 32. The embedded in bonds payable were separated from their host contracts and were recognised in 'Financial assets or liabilities at fair value through profit or loss' in net amount in accordance with IFRS 9 because the economic characteristics and risks of the embedded derivatives were not closely related to those of the host contracts. The effective interest rates of the bonds payable after such separation was 0.09%.
- C. The 3rd unsecured convertible bonds matured on October 15, 2022. As of December 31, 2022, the 3rd unsecured convertible bonds totaling \$1,199,900 (face value) had been converted into 35,230,626 shares of common stock. The remaining unconverted bonds amounting to \$100 (face value) were redeemed in cash at face value at the maturity date according to the Article 6 of provisions of the issuance and conversion method of the 3rd domestic unsecured convertible bonds.

(12) Long-term borrowings

<u>Type of borrowings</u>	<u>Borrowing period and repayment term</u>	<u>Interest rate range</u>	<u>Collateral</u>	<u>December 31, 2022</u>
Long-term bank borrowings				
Credit borrowings	Borrowing period is from April 27, 2018 to May 9, 2032; principal and interest are repayable by instalments	0.6%~4.60%	(Note 1)	\$ 7,319,097
Secured borrowings	Borrowing period is from October 17, 2018 to January 8, 2026; principal and interest are repayable by instalments	0.6%~2.96%	Land, plant and machinery and equipment (Note 3)	
				<u>1,274,560</u>
				8,593,657
Less: Current portion				( <u>1,600,579</u> )
				<u>\$ 6,993,078</u>

<u>Type of borrowings</u>	<u>Borrowing period and repayment term</u>	<u>Interest rate range</u>	<u>Collateral</u>	<u>December 31, 2021</u>
Long-term bank borrowings				
Credit borrowings	Borrowing period is from September 17, 2018 to August 10, 2026; principal and interest are repayable by instalments	0.48%~4.75%	(Note 2)	\$ 7,688,472
Secured borrowings	Borrowing period is from September 26, 2019 to January 8, 2026; principal and interest are repayable by instalments	0.79%~1.19%	Land, plant and machinery and equipment (Note 4)	483,345
				8,171,817
Less: Current portion				( 2,423,169)
				<u>\$ 5,748,648</u>

For the years ended December 31, 2022 and 2021, interest expenses arising from long-term and short-term bank borrowings amounted to \$146,078 and \$116,994, respectively.

Note 1: Credit borrowings

According to the signed loan agreements, the following financial ratios and terms should be maintained before the full settlement of the debts:

- A. Current ratio: the net current assets divided by the net current liabilities in the consolidated financial statements shall not be less than 130%.
- B. Debt ratio: the total net liabilities plus contingent liabilities divided by net tangible assets shall not be more than 100%.
- C. Times interest earned: the net profit before tax plus interest expenses, depreciation expenses and amortisation expenses divided by interest expenses of consolidated financial statements shall be more than ten.
- D. Net tangible assets shall not be less than \$11 billion.
- E. Committed that in the borrowing period, there can not be new machinery and equipment pledged to others.
- F. Shares of TEST-SERV Inc. and Sigurd UTC Corporation held by the Company shall not be less than 51%.

- G. Shares of Winstek Semiconductor Co., Ltd. held by the Company shall not be less than 51% and not less than half of the total number of directors. Shares of Winstek Semiconductor Technology Co., Ltd. held by Winstek Semiconductor Co., Ltd. shall not be less than 100%.
- H. The balance of deposits of Winstek Semiconductor Co., Ltd. and its subsidiaries at the contracted bank over the recent three months on average shall not be less than \$ 60 million.
- I. On July 1, 2019, Ministry of Economic Affairs, R.O.C. (“MOEA”) implemented the “Action Plan for Accelerated Investment by Domestic Corporations” and companies are subsidised by financial institutes with preferential interest loans, 0.58%~1.1% of loan interest for qualified investment projects. The Company has obtained the qualification from the MOEA, and signed loan agreements with financial institutions for the line of credit amounted to \$3.066 billion with terms of 5 years. Funding from these borrowings were used in machinery and equipment and working capital. For the years ended December 31, 2022 and 2021, the Company recognised grant revenue from the borrowing project in the amount of \$6,519 and 1,628, respectively (shown as ‘Other income’).
- J. On July 1, 2019 Ministry of Economic Affairs R.O.C. (“MOEA”) implemented the “Action Plan for welcoming Overseas Taiwanese Businesses to Return to Invest in Taiwan” and companies are subsidized by financial institutes with preferential interest loans 0.7% ~ 1.1% of loan interest for qualified investment projects. The Group has obtained the qualification from the MOEA and signed loan agreements with financial institutions for the line of credit amounted to \$3.18 billion with term of 10 years. For the year ended December 31, 2022 the Company recognized grant revenue from the borrowing project in the amount of \$1,188.

Note 2: Credit borrowings

According to the signed loan agreements, the following financial ratios and terms should be maintained before the full settlement of the debts:

- A. Current ratio: the net current assets divided by the net current liabilities in the consolidated financial statements shall not be less than 120%.
- B. Debt ratio: the total net liabilities plus contingent liabilities divided by net tangible assets shall not be more than 100%.
- C. Debt asset ration: the total net liabilities divided the total assets shall not be more than 70%.
- D. Times interest earned: the net profit before tax plus interest expenses, depreciation expenses and amortisation expenses divided by interest expenses of consolidated financial statements shall be more than fifteen.
- E. Shares of Winstek Semiconductor Co., Ltd. held by the Company shall not be less than 50%.
- F. Shares of TEST-SERV Inc. held by the Company shall not be less than 51%.
- G. Net tangible assets shall not be less than \$10 billion.
- H. The balance of deposits of Winstek Semiconductor Co., Ltd. and its subsidiaries at the contracted bank over the recent three months on average shall not be less than \$ 60 million.

### Note 3: Secured borrowings

According to the signed loan agreements, the following financial ratios and terms should be maintained before the full settlement of the debts:

- A. Net debt ratio: the total liabilities minus cash and cash equivalents divided by net tangible assets shall not be more than 120%.
- B. Times interest earned: the net profit before tax plus interest expenses, depreciation expenses and amortisation expenses divided by interest expenses of consolidated financial statements shall be more than ten.
- C. Net tangible assets shall not be less than \$11 billion.
- D. The purpose of bank borrowings shall be acquisition of equipment and working capital.

### Note 4: Secured borrowings

According to the signed loan agreements, the following financial ratios and terms should be maintained before the full settlement of the debts:

- A. Debt ratio: the total net liabilities plus contingent liabilities divided by net tangible assets shall not be more than 100%.
- B. Cash and cash equivalents divided by short-term borrowings plus current portion of long-term borrowings and corporate bond shall not less than 1.
- C. The purpose of bank borrowings shall be acquisition of equipment and working capital.

### Note 5: Secured borrowings

According to the signed loan agreements, the following financial ratios and terms should be maintained before the full settlement of the debts:

- A. Current ratio: the net current assets divided by the net current liabilities in the consolidated financial statements shall not be less than 120%.
- B. Debt ratio: the total net liabilities plus contingent liabilities divided by net tangible assets shall not be more than 100%.
- C. Net tangible assets shall not be less than \$11 billion.
- D. Times interest earned: the net profit before tax plus interest expenses, depreciation expenses and amortisation expenses divided by interest expenses of consolidated financial statements shall be more than three.
- E. The purpose of bank borrowings shall be acquisition of equipment and working capital.

The abovementioned ratios were calculated based on the quarterly consolidated financial statements audited or reviewed by the independent auditors. The 2022 and 2021 consolidated financial statements met the requirements of the abovementioned ratios.

(13) Pensions

A. (a) The Company and its domestic subsidiaries have defined benefit pension plans in accordance with the Labor Standards Act, covering all regular employees' service years prior to the enforcement of the Labor Pension Act on July 1, 2005 and service years thereafter of employees who chose to continue to be subject to the pension mechanism under the Labor Standards Act. Under the defined benefit pension plans, two units are accrued for each year of service for the first 15 years and one unit for each additional year thereafter, subject to a maximum of 45 units. Pension benefits are based on the number of units accrued and the average monthly salaries and wages of the last 6 months prior to retirement. The Company and its domestic subsidiaries contribute monthly an amount equal to 2% of the employees' monthly salaries and wages to the pension funds deposited with Bank of Taiwan, the trustee, under the name of the independent pension funds committees. Also, the Company and its domestic subsidiaries would assess the balance in the aforementioned labor pension reserve account by December 31, every year. If the account balance is insufficient to pay the pension calculated by the aforementioned method to the employees expected to qualify for retirement in the following year, the Company and its domestic subsidiaries will make contributions for the deficit by next March.

(b) The amounts recognised in the balance sheet are as follows:

	<u>December 31, 2022</u>	<u>December 31, 2021</u>
Present value of defined benefit obligations	(\$ 485,238)	(\$ 507,993)

	<u>52,057</u>	<u>2,837</u>	<u>54,894</u>
Pension fund contribution	-	12,786	12,786
Paid pension	34,418	( 34,418)	-
At December 31	<u>(\$ 507,993)</u>	<u>\$ 181,440</u>	<u>(\$ 326,553)</u>

(d) The Bank of Taiwan was commissioned to manage the funds of the Company's and its domestic subsidiaries' defined benefit pension plan in accordance with the funds' annual investment and utilisation plan and the "Regulations for Revenues, Expenditures, Safeguard and Utilisation of the Labor Retirement Funds" (Article 6: The scope of utilisation for the funds includes deposit in domestic or foreign financial institutions, investment in domestic or foreign listed, over-the-counter, or private placement equity securities, investment in domestic or foreign real estate securitization products, etc.). With regard to the utilisation of the funds their minimum earnings in the annual distributions on the final financial statements shall be no less than the earnings attainable from the amounts accrued from two-year time deposits with the interest rates offered by local banks. If the earnings is less than aforementioned rates, government shall make payment for the deficit after being authorised by the Regulator. The Company and its domestic subsidiaries have no right to participate in managing and operating that funds and hence the Company and its domestic subsidiaries are unable to disclose the classification of plan assets fair value in accordance with IAS 19 paragraph 142. The composition of fair value of plan assets as of December 31, 2022 and 2021 is given in the Annual Labor Retirement Funds Utilisation Report announced by the government.

(e) The principal actuarial assumptions used were as follows:

	Year ended December 31,	
	2022	2021
Discount rate	1.15%~1.43%	0.70%~0.79%
Future salary increase rate	3.00%~4.00%	3.00%~4.00%

Assumptions regarding future mortality rate are set based on actuarial advice in accordance with published statistics and experience in each territory.

Because the main actuarial assumption changed, the present value of defined benefit obligation is affected. The analysis was as follows:

	Discount rate		Future salary increases	
	Increase 0.25%	Decrease 0.25%	Increase 1%	Decrease 1%
<u>December 31, 2022</u>				
Effect on present value of defined benefit obligations	(\$ 11,851)	\$ 12,375	\$ 36,413	(\$ 33,455)
	Discount rate		Future salary increases	
	Increase 0.25%	Decrease 0.25%	Increase 1%	Decrease 1%
<u>December 31, 2021</u>				
Effect on present value of defined benefit obligations	(\$ 13,752)	\$ 14,431	\$ 47,706	(\$ 43,494)

The sensitivity analysis above is based on a change in one assumption while the other conditions remain unchanged. In practice, more than one assumption may change all at once. The method of analysing sensitivity and the method of calculating net pension liabilities in the balance sheet are the same.

The method of analysing sensitivity and the method of assumptions did not change compared to the previous period.

(f) Expected contributions to the defined benefit pension plans of Sigurd Group for the year ending December 31, 2023 amount to \$18,335.

B. (a) Effective July 1, 2005, the Company and its domestic subsidiaries have established defined contribution pension plans (the “New Plan”) under the Labor Pension Act (the “Act”), covering all regular employees with R.O.C. nationality. Under the New Plan, the Company and its domestic subsidiaries contribute monthly an amount based on 6% of the employees’ monthly salaries and wages to the employees’ individual pension accounts at the Bureau of Labor Insurance. The benefits accrued are paid monthly or in lump sum upon termination of employment.

(b) The Company’s mainland China subsidiaries, Sigurd Micro Electronics (Wuxi) Co., Ltd. and SIRIZE Technology (Suzhou) Corp., have defined contribution plans. Monthly contributions to an independent funds administered by the government in accordance with the pension regulations in the People’s Republic of China (PRC) are based on certain percentage of employees’ monthly salaries and wages. The contribution percentage for the years ended December 31, 2022 and 2021, was 16%, and 16%, respectively. Other than the monthly contributions, Sigurd Group has no further obligations.

(c) The pension costs under defined contribution pension plans of Sigurd Group for the years ended December 31, 2022 and 2021 were \$146,506 and \$113,611, respectively.

(14) Share capital

As of December 31, 2022, the Company’s authorised capital was \$10,000,000, consisting of 1,000,000 thousand shares of ordinary stock (including 20,000 thousand shares reserved for employee stock options), and the paid-in capital was \$4,567,410 with a par value of \$10 (in dollars) per share. All proceeds from shares issued have been collected.

Movements in the number of the Company’s ordinary shares outstanding are as follows:

	Unit: shares	
	2022	2021
At January 1	452,078,156	431,611,382
Conversion of corporate bonds	4,662,864	20,466,774
At December 31	456,741,020	452,078,156

(15) Capital surplus

Pursuant to the R.O.C. Company Act, capital surplus arising from paid-in capital in excess of par value on issuance of common stocks and donations can be used to cover accumulated deficit or to issue new stocks or cash to shareholders in proportion to their share ownership, provided that the Company has no accumulated deficit. Further, the R.O.C. Securities and Exchange Act requires that the amount of capital surplus to be capitalized mentioned above should not exceed 10% of the paid-in capital each year. Capital surplus should not be used to cover accumulated deficit unless the legal reserve is insufficient.

	2022			
	Share premium	Consolidation premium	Share options	Total
At January 1	\$ 555,999	\$ 244,129	\$ 142,225	\$ 942,353

At December 31	<u>\$ 555,999</u>	<u>\$ 244,129</u>	<u>\$ 142,225</u>	<u>\$ 942,353</u>

(16) Retained earnings

- A. Under the Company's Articles of Incorporation, the current year's earnings, if any, shall first be used to pay all taxes and offset prior years' operating losses and then 10% of the remaining amount shall be set aside as legal reserve. Legal reserve is not necessary once the reserve is equal to total paid-in capital. The balance plus past undistributed earnings is the distributable earnings.
- B. Except for covering accumulated deficit or issuing new stocks or cash to shareholders in proportion to their share ownership, the legal reserve shall not be used for any other purpose. The use of legal reserve for the issuance of stocks or cash to shareholders in proportion to their share ownership is permitted, provided that the distribution of the reserve is limited to the portion in excess of 25% of the Company's paid-in capital.

The distribution of the Company's distributable earnings is made via cash dividends or stock dividends. Dividends are given priority in the form of cash dividends in terms of distributable earnings and is also distributed via stock dividends. The ratio for cash dividends shall not be less than 10% of total dividends to be distributed.

On July 15, 2021, the Company's shareholders approved to appropriate earnings in cash or in shares, the first priority when appropriating earnings is cash, it also can be appropriated in shares. The appropriation of shareholders dividends was 10% ~80% of distributable earnings in the current year, the ratio of cash dividends can not be lower than 10%.

On June 9, 2022 the Company's shareholders approved the Company may, pursuant to a resolution to adopted by the Board of Directors as required in Item 5 Article 240 of the Company Act, distribute its dividends and bonuses, in whole or in part by cash ; and in addition there to a report of such distribution shall be submitted to the shareholders' meeting.

- C. In accordance with the regulations, the Company shall set aside special reserve from the debit balance on other equity items at the balance sheet date before distributing earnings. When debit balance on other equity interests is reversed subsequently, the reversed amount could be included in the distributable earnings.
- D. The appropriations for 2021 and 2020 earnings had been resolved at shareholders' meeting on June 9, 2022 and July 15, 2021, respectively. Details are as follows:

	2021		2020	
	Amount	Dividends per share (in dollars)	Amount	Dividends per share (in dollars)
Legal reserve	\$ 284,248		\$ 175,518	
Cash dividends	<u>1,369,427</u>	\$ 3.00	<u>880,165</u>	\$ 2.00
Total	<u>\$ 1,653,675</u>		<u>\$ 1,055,683</u>	

- E. On June 9, 2022 and July 15, 2021, the shareholders' meeting resolved the distribution of capital surplus amounting to \$502,123 in cash (\$1.10 (in dollars) per share) and \$396,074 in cash (\$0.90 (in dollars) per share), respectively.
- F. On March 7, 2023, the Board of Directors resolved the appropriation for 2022 earnings through distribution of cash dividends amounting to \$1,918,312 in cash (\$4.2 (in dollars) per share).
- G. Information of appropriation resolved by shareholder's meeting and the Board of Directors will be posted in the "Market Observation Post System".

Profit attributable to ordinary shareholders of the parent plus assumed conversion of all dilutive potential ordinary shares	\$ 2,794,433	469,758	\$ 5.95

(27) Business combinations

- A. On April 14, 2021, the Company completed the acquisition of a 100% share equity in UTC Holdings Corporation with US\$ 165,000 thousand (approximately \$4,701,842) and control over UTC Holdings Corporation and its subsidiary (referred herein as the “UTC Group”), starting from the day, the UTC Group was consolidated into financial statements. The UTC Group engaged in the research, development and test of integrated circuit, the Group expected the position in the assembly and testing market can be strengthen after the acquisition.
- B. The following table summarises the consideration paid for the UTC Group. and the fair values of the assets acquired, and liabilities assumed at the acquisition date:

	April 14, 2021
Consideration paid — Cash	\$ 4,701,842
Fair value of the identifiable assets acquired and liabilities assumed	
Cash	243,165
Notes and accounts receivable	352,927
Other receivables	3,085,736
Inventories	59,306
Prepayments	52,747
Non-current financial assets at fair value through other comprehensive income	136,166
Current financial assets at amortised cost	18,187
Property, plant and equipment	1,099,803
Right-of-use assets	207,158
Intangible assets	14,509
Deferred tax assets	317,470
Other non-current assets	20,020
Notes and accounts payable	( 116,976)
Current income tax liabilities	( 1)
Other payables	( 385,814)
Lease liabilities	( 208,626)
Deferred tax liabilities	( 6,430)
Other non-current liabilities	( 171,064)
Total identifiable net assets	4,718,283
Gain recognised in bargain purchase transaction	(\$ 16,441)

- C. The operating revenue and gain (loss) before income tax included in the consolidated statement of comprehensive income since April 14, 2021 contributed by the UTC Group was \$1,155,019 and (\$1,372), respectively. Had the UTC Group been consolidated from January 1, 2021, the consolidated statement of comprehensive income would show an increase in operating revenue of \$17,104,239 and a decrease in profit before income tax of \$3,354,604.

	December 31, 2022	December 31, 2021
Receivables from related parties:		
Others	<u>\$ 3,349</u>	<u>\$ 5,491</u>

The receivables from related parties arise mainly from provision of services. The receivables are unsecured in nature and bear no interest.

### C. Property transactions

Participated in subsidiaries' issuance of cash capital:

		Year ended December 31, 2022		
	Accounts	No. of shares	Object	Consideration
Yann Yuan Investments Co., Ltd.	Financial asset at fair value through other comprehensive income	8,400,000	Common Stock	\$ 546,000

		Year ended December 31, 2021		
	Accounts	No. of shares	Object	Consideration
Yann Yuan Investments Co., Ltd.	Financial asset at fair value through other comprehensive income	1,000,000	Common Stock	\$ 158,000

In addition the Company acquired a dividend of 2 shares per share, totaling 14,000 thousand shares from Yann Yuan Investment Co., Ltd.

### D. Other transactions

		Year ended December 31,	
	Items	2022	2021
Yann Yuan Investments Co., Ltd.	Dividends income	\$ 14,000	\$ 12,000

### (3) Key management compensation

		Year ended December 31,	
		2022	2021
Short-term employee benefits		\$ 163,114	\$ 163,528
Post-employment benefits		1,912	1,998
Total		\$ 165,026	\$ 165,526

### 8. PLEDGED ASSETS

Sigurd Group's assets pledged as collateral are as follows:

Assets	Book value		Purpose
	December 31, 2022	December 31, 2021	
Property, plant and equipment	\$ 1,417,405	\$ 1,450,149	Short-term and long-term borrowings
Pledged time deposits (Note 1)	39,886	64,887	Guarantee for import customs and lease
	\$ 1,457,291	\$ 1,515,036	

Note 1: Shown as "Current financial assets at amortised cost" and "Non-current financial assets at amortised cost".

9. SIGNIFICANT CONTINGENT LIABILITIES AND UNRECOGNISED CONTRACT COMMITMENTS

(1) Contingencies

None.

(2) Commitments

Capital expenditures contracted for at the balance sheet date but not yet incurred are as follows:

	<u>December 31, 2022</u>	<u>December 31, 2021</u>
Property, plant and equipment	\$ <u>2,116,284</u>	\$ <u>3,310,251</u>

10. SIGNIFICANT DISASTER LOSS

None.

11. SIGNIFICANT EVENTS AFTER THE REPORTING PERIOD

Please refer to Note 6(16) for the appropriation for 2022 earnings.

12. OTHERS

(1) Capital management

Sigurd Group's capital management objectives are to ensure that Sigurd Group can continue to operate, maintain the best capital structure to reduce capital costs, and provide compensation to shareholders. To maintain or adjust the capital structure, Sigurd Group may adjust the number of dividends paid to shareholders, return capital to shareholders, issue new shares, or sell assets to reduce debt. Sigurd Group uses the debt-to-capital ratio to monitor its capital, which is calculated as net debt divided by total capital. Net debt is calculated as total borrowings (including current and non-current borrowings as reported in the consolidated balance sheet) less cash and cash equivalents. The calculation of total capital is the equity reported in the consolidated balance sheet plus the net debt.

Sigurd Group's strategy for 2022 remained the same as that of 2021, which was committed to maintain the debt-to-capital ratio at around 40%. As of December 31, 2022 and 2021, Sigurd Group's debt ratio was both less than 40%.

(2) Financial instruments

A. Financial instruments by category

	<u>December 31, 2022</u>	<u>December 31, 2021</u>
<u>Financial assets</u>		
Financial assets at fair value through profit or loss		
Financial assets mandatorily measured at fair value through profit or loss	\$ 396,204	\$ 481,282
Financial assets at fair value through other comprehensive income	1,590,784	1,576,506
Financial assets at amortised cost		
Cash and cash equivalents	8,873,912	7,943,271
Financial assets at amortised cost ( including non-current portion)	2,072,207	1,081,342
Notes receivable	5,283	720
Accounts receivable (including related parties)	3,831,425	3,872,224
Other receivables	67,126	97,947
Guarantee deposits paid	49,957	50,500
	<u>\$ 16,886,898</u>	<u>\$ 15,103,792</u>
	<u>December 31, 2022</u>	<u>December 31, 2021</u>
<u>Financial liabilities</u>		
Financial liabilities at amortised cost		
Short-term borrowings	\$ 135,000	\$ 245,444
Notes payable	3,842	4,175
Accounts payable	289,033	378,437
Other payables	2,801,752	3,383,018
Corporate bonds payable (including current portion)	4,419,632	4,528,728
Long-term borrowings (including current portion)	8,593,657	8,171,817
Guarantee deposits received	13,277	7,798
	<u>\$ 16,256,193</u>	<u>\$ 16,719,417</u>
Lease liabilities	<u>\$ 714,839</u>	<u>\$ 823,592</u>

B. Financial risk management policies

- (a) Sigurd Group's activities expose it to a variety of financial risks: market risk (including foreign exchange risk, interest rate risk and price risk), credit risk and liquidity risk. The overall risk management policies are carried out to focus on unforeseen events in markets and to minimise any adverse effects on the financial position and financial performance of Sigurd Group.
- (b) Risk management is carried out by a central treasury department (Group treasury) under policies approved by the Board of Directors. Group treasury identifies, evaluates and hedges financial risks in close co-operation with Sigurd Group's operating units. The Board provides written principles for overall risk management, as well as written policies covering specific areas and matters, such as foreign exchange risk, interest rate risk, credit risk, use of derivative financial instruments and non-derivative financial instruments, and investment of excess liquidity.

C. Significant financial risks and degrees of financial risks

(a) Market risk

Foreign exchange risk

- i. Sigurd Group operates internationally and is exposed to foreign exchange risk arising from the transactions of the Company and subsidiaries using various functional currencies, primarily with respect to the USD. Foreign exchange risk arises from future commercial transactions and recognised assets and liabilities.
- ii. Management has set up policies to require group companies to manage their foreign exchange risk against their functional currencies. Group companies are required to hedge their entire foreign exchange risk exposure through coordination with Sigurd Group treasury. Foreign exchange rate risk is resulted by each business unit records their future commercial transactions and recognised assets or liabilities as foreign currency instead of their functional currency.

- iii. Sigurd Group's businesses involve some non-functional currency operations (the Company's and certain subsidiaries' functional currency: NTD; other certain subsidiaries' functional currencies: RMB and USD). The information on assets and liabilities denominated in foreign currencies whose values would be materially affected by the exchange rate fluctuations is as follows:

December 31, 2022			
(Foreign currency: functional currency)	Foreign currency		Book value
	amount		(NTD)
	(in thousands)	Exchange rate	
<u>Financial assets</u>			
<u>Monetary items</u>			
USD:NTD	\$ 398,246	30.710	\$ 12,230,145
NTD:USD	272,797	0.033	272,797
USD:RMB	18,364	6.967	563,955
JPY:TWD	173,632	0.232	40,352
<u>Financial liabilities</u>			
<u>Monetary items</u>			
USD:NTD	\$ 4,290	30.710	\$ 131,760
USD:RMB	38,547	6.967	1,183,807
NTD:USD	1,035,997	0.033	1,035,997
December 31, 2021			
(Foreign currency: functional currency)	Foreign currency		Book value
	amount		(NTD)
	(in thousands)	Exchange rate	
<u>Financial assets</u>			
<u>Monetary items</u>			
USD:NTD	\$ 195,635	27.680	\$ 5,415,177
NTD:USD	442,662	0.036	442,662
USD:RMB	11,634	6.370	322,029
<u>Financial liabilities</u>			
<u>Monetary items</u>			
USD:NTD	\$ 5,290	27.680	\$ 146,427
USD:RMB	45,445	6.370	1,257,918
NTD:USD	1,014,687	0.036	1,014,687

- iv. The total exchange gains (losses) from significant foreign exchange variations on the monetary items held by Sigurd Group for the years ended December 31, 2022 and 2021 amounted to \$556,620 and (\$56,420), respectively.
- v. Analysis of foreign currency market risk arising from significant foreign exchange variations:

Year ended December 31, 2022				
Sensitivity analysis				
	Degree of variation	Effect on profit or loss	Effect on other comprehensive income	
(Foreign currency: functional currency)				
<u>Financial assets</u>				
<u>Monetary items</u>				
USD:NTD	1%	\$ 122,301	\$	-
NTD:USD	1%	2,728		-
USD:RMB	1%	5,640		-
JPY:NTD	1%	404		-
<u>Financial liabilities</u>				
<u>Monetary items</u>				
USD:NTD	1%	(\$ 1,318)	\$	-
USD:RMB	1%	( 11,838)		-
NTD:USD	1%	( 10,360)		-
Year ended December 31, 2021				
Sensitivity analysis				
	Degree of variation	Effect on profit or loss	Effect on other comprehensive income	
(Foreign currency: functional currency)				
<u>Financial assets</u>				
<u>Monetary items</u>				
USD:NTD	1%	\$ 54,152	\$	-
NTD:USD	1%	4,427		-
USD:RMB	1%	3,220		-
<u>Financial liabilities</u>				
<u>Monetary items</u>				
USD:NTD	1%	(\$ 1,464)	\$	-
USD:RMB	1%	( 12,579)		-
NTD:USD	1%	( 10,147)		-

### Price risk

- i. Sigurd Group's investments in equity securities, which are exposed to price risk, consist of financial assets at fair value through profit or loss and financial assets at fair value through other comprehensive income. To manage its price risk arising from investments in equity securities, Sigurd Group diversifies its portfolio. Diversification of the portfolio is done in accordance with the limits set by Sigurd Group.
- ii. Sigurd Group's investments in equity securities comprise shares and open-end funds issued by the domestic companies. The prices of equity securities would change due to the change of the future value of investee companies. If the prices of these equity securities had increased/decreased by 1% with all other variables held constant, post-tax profit for the years ended December 31, 2022 and 2021 would have increased/decreased by \$2,453 and \$3,388, respectively, as a result of gains/losses on equity securities classified as at fair value through profit or loss; other comprehensive income would have increased/decreased by \$15,908 and \$15,765, respectively, as a result of the above change of financial assets at fair value through other comprehensive income.

### Cash flow and fair value Interest rate risk

- i. Sigurd Group's main interest rate risk arises from short-term and long-term borrowings with floating rates, which expose Sigurd Group to cash flow interest rate risk. During 2022 and 2021, Sigurd Group's borrowings at floating rate were mainly denominated in New Taiwan dollars and US dollars.
- ii. Sigurd Group's borrowings are measured at amortised cost. The borrowings are periodically contractually repriced and to that extent are also exposed to the risk of future changes in market interest rates.
- iii. If the borrowing interest rate had increased/decreased by 1% with all other variables held constant, profit before tax for the years ended December 31, 2022 and 2021 would have decreased/increased by \$87,287 and \$84,173, respectively. The main factor is that changes in interest expense result in floating-rate borrowings.

(b) Credit risk

- i. Credit risk refers to the risk of financial loss to Sigurd Group arising from default by the clients or counterparties of financial instruments on the contract obligations. The main factor is that counterparties could not repay in full the accounts receivable based on the agreed terms, and the contract cash flows of debt instruments stated at amortised cost.
- ii. Sigurd Group manages their credit risk taking into consideration the entire group's perspective. For banks and financial institutions, only independently rated parties with a minimum rating of 'A' are accepted. According to Sigurd Group's credit policy, each entity in Sigurd Group is responsible for managing and analysing the credit risk for each of their new clients before standard payment and delivery terms and conditions are offered. Internal risk control assesses the credit quality of the customers, taking into account their financial position, past experience and other factors. Individual credit limits are set based on internal or external ratings in accordance with limits set by the Board of Directors. The utilisation of credit limits is regularly monitored.
- iii. Sigurd Group adopts the assumptions under IFRS 9, and the default occurs when the contract payments are past due over 90 days.
- iv. Sigurd Group categorised customers' accounts receivable and contract assets in accordance with credit rating of customer. Sigurd Group applies the modified approach using provision matrix, loss rate methodology to estimate expected credit loss under the provision matrix basis.
- v. Sigurd Group adopts following assumptions under IFRS 9 to assess whether there has been a significant increase in credit risk on that instrument since initial recognition:
  - (i) If the contract payments were past due over 30 days based on the terms, there has been a significant increase in credit risk on that instrument since initial recognition.
  - (ii) For investments in bonds that are traded over the counter, if any external credit rating agency rates these bonds as investment grade, the credit risk of these financial assets is treated low.
- vi. The following indicators are used to determine whether the credit impairment of debt instruments has occurred:
  - (i) It becomes probable that the issuer will enter into bankruptcy or other financial reorganisation due to financial difficulties;
  - (ii) The disappearance of an active market for that financial asset because of financial difficulties of the issuer;
  - (iii) Default or delinquency in interest or principal repayments; and
  - (iv) Adverse changes in national or regional economic conditions that are expected to cause a default.

- vii. Sigurd Group used the forecastability of the future to adjust historical and current information to assess the default possibility of accounts receivable and contract assets. As of December 31, 2022 and 2021, the provision matrix is as follows:

	Not past due	Up to 30 days past due	31~90 days past due	91~180 days past due	Over 180 days	Total
<u>At December 31, 2022</u>						
Expected loss rate	0.33%	0.33%-0.58%	23.66%-24.79%	32.18%-50%	50%-100%	
Total book value	\$ 3,777,592	\$ 76,947	\$ 126,049	\$ 25	\$ 57,078	\$ 4,037,691
Loss allowance	\$ -	\$ -	\$ -	\$ -	\$ 53,282	\$ 53,282
	Not past due	Up to 30 days past due	31~90 days past due	91~180 days past due	Over 180 days	Total
<u>At December 31, 2021</u>						
Expected loss rate	0.11%	0.19%-0.29%	3.66%~16.95%	30.88%~50%	41.07%~100%	
Total book value	\$ 3,928,508	\$ 120,818	\$ 13,777	\$ 5	\$ 50,205	\$ 4,113,313
Loss allowance	\$ -	\$ -	\$ -	\$ -	\$ 47,708	\$ 47,708

- viii. Sigurd Group writes off the financial assets, which cannot be reasonably expected to be recovered, after initiating recourse procedures. However, Sigurd Group will continue executing the recourse procedures to secure their rights. Sigurd Group has no financial assets subject to write off on December 31, 2022 and 2021.
- ix. Movements in loss allowance for investments in debt instruments carried at amortised cost are as follows:

<u>December 31, 2022</u>				
	<u>12 months</u>	<u>Lifetime</u>		<u>Total</u>
		<u>Significant</u>	<u>Impairment of</u>	
		<u>increase in credit</u>	<u>credit</u>	
Financial assets at amortised cost	<u>\$ 2,072,207</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 2,072,207</u>
<u>December 31, 2021</u>				
	<u>12 months</u>	<u>Lifetime</u>		<u>Total</u>
		<u>Significant</u>	<u>Impairment of</u>	
		<u>increase in credit</u>	<u>credit</u>	
Financial assets at amortised cost	<u>\$ 1,081,342</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,081,342</u>

The financial assets at amortised cost held by the Company are all time deposits with maturity over three months and pledged time deposit. The credit risk rating has no significant abnormal situation.

- x. Movements in relation to the Group applying the modified approach to provide loss allowance for notes receivable and accounts receivable are as follows:

	2022
	Notes receivable and accounts receivable
At January 1	\$ 47,708
Provision for impairment	578
Effect of foreign exchange	4,996
At December 31	<u>\$ 53,282</u>
	2021
	Notes receivable and accounts receivable
At January 1	\$ 47,771
Effect of foreign exchange	( 63)
At December 31	<u>\$ 47,708</u>

(c) Liquidity risk

- i. Cash flow forecasting is performed in the operating entities of Sigurd Group and aggregated by Group treasury. Group treasury monitors rolling forecasts of Sigurd Group's liquidity requirements to ensure it has sufficient cash to meet operational needs while maintaining sufficient headroom on its undrawn borrowing facilities at all times so that Sigurd Group does not breach borrowing limits or covenants on any of its borrowing facilities. Such forecasting takes into consideration Sigurd Group's debt financing plans, covenant compliance, compliance with internal balance sheet ratio targets and, if applicable, external regulatory or legal requirements, for example, currency restrictions.
- ii. Sigurd Group has the following undrawn borrowing facilities:

	December 31, 2022	December 31, 2021
Floating rate:		
Expiring within one year	\$ 3,614,863	\$ 2,696,558
Expiring beyond one year	3,126,259	3,781,222
	<u>\$ 6,741,122</u>	<u>\$ 6,477,780</u>

- iii. The table below analyses Sigurd Group's non-derivative financial liabilities into relevant maturity groupings based on the remaining period at the balance sheet date to the contractual maturity date for non-derivative financial liabilities. The amounts disclosed in the table are the contractual undiscounted cash flows.

December 31, 2022	Less than 6 months	Between 6 months and 1 year	Between 1 and 2 years	Over 2 years	Total
<u>Non-derivative financial liabilities</u>					
Short-term borrowings	\$ 135,000	\$ -	\$ -	\$ -	\$ 135,000
Notes payable	3,842	-	-	-	3,842
Accounts payable	289,033	-	-	-	289,033
Other payables	2,801,752	-	-	-	2,801,752
Lease liabilities	197,270	77,475	85,857	555,867	916,469
Bonds payable	-	17,400	17,400	4,552,200	4,587,000
Guarantee deposits received	-	-	-	13,277	13,277
Long-term borrowings (including current portion)	1,045,561	662,934	3,072,877	4,057,351	8,838,723

December 31, 2021	Less than 6 months	Between 6 months and 1 year	Between 1 and 2 years	Over 2 years	Total
<u>Non-derivative financial liabilities</u>					
Short-term borrowings	\$ 245,444	\$ -	\$ -	\$ -	\$ 245,444
Notes payable	4,175	-	-	-	4,175
Accounts payable	378,437	-	-	-	378,437
Other payables	3,383,018	-	-	-	3,383,018
Lease liabilities	123,203	168,494	140,008	625,924	1,057,629
Bonds payable	17,400	146,000	34,800	4,534,800	4,733,000
Guarantee deposits received	-	-	-	7,798	7,798
Long-term borrowings (including current portion)	1,905,668	622,831	2,064,744	3,787,390	8,380,633

### (3) Fair value information

A. The different levels that the inputs to valuation techniques are used to measure fair value of financial and non-financial instruments have been defined as follows:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date. A market is regarded as active where a market in which transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis. The fair value of Sigurd Group's investments in listed stocks and beneficiary certificates are included in Level 1.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Unobservable inputs for the asset or liability. The fair value of Sigurd Group's investments in equity investment without active market are included in Level 3.

B. Financial instruments not measured at fair value

Except for those listed in the table below, the carrying amounts of cash and cash equivalents, financial assets at amortised cost, notes receivable, accounts receivable, other receivables, short-term and long-term borrowings, notes payable, accounts payable and other payables are approximate to their fair values.

	December 31, 2022			
	<u>Book value</u>	<u>Fair value</u>		
		<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Financial liabilities:				
Bonds payable				
(including current portion)	<u>\$ 4,419,632</u>	<u>\$ -</u>	<u>\$ 4,249,048</u>	<u>\$ -</u>
	December 31, 2021			
	<u>Book value</u>	<u>Fair value</u>		
		<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Financial liabilities:				
Bonds payable				
(including current portion)	<u>\$ 4,528,728</u>	<u>\$ -</u>	<u>\$ 4,455,912</u>	<u>\$ -</u>

C. The related information of financial and non-financial instruments measured at fair value by level on the basis of the nature, characteristics and risks of the assets and liabilities is as follows:

(a) The related information of natures of the assets and liabilities is as follows:

	<u>December 31, 2022</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<b>Assets</b>					
<u>Recurring fair value measurements</u>					
Financial assets at fair value through profit or loss					
Beneficiary certificates	\$ 245,341	\$ -	\$ -	\$ -	\$ 245,341
Corporate bonds	150,863	-	-	-	150,863
Financial assets at fair value through other comprehensive income					
Equity securities	106,675	-	1,484,109	-	1,590,784
	<u>\$ 502,879</u>	<u>\$ -</u>	<u>\$ 1,484,109</u>	<u>\$ -</u>	<u>\$ 1,986,988</u>

<u>December 31, 2021</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<b>Assets</b>				
<u>Recurring fair value measurements</u>				
Financial assets at fair value through profit or loss				
Beneficiary certificates	\$ 338,833	\$ -	\$ -	\$ 338,833
Corporate bonds	141,399	-	-	141,399
Redemption rights of the Company's convertible bonds	-	-	1,050	1,050
Financial assets at fair value through other comprehensive income				
Equity securities	<u>129,897</u>	<u>-</u>	<u>1,446,609</u>	<u>1,576,506</u>
	<u>\$ 610,129</u>	<u>\$ -</u>	<u>\$ 1,447,659</u>	<u>\$ 2,057,788</u>
<b>Liabilities</b>				
<u>Recurring fair value measurements</u>				
Bonds payable	<u>\$ -</u>	<u>\$ 4,528,728</u>	<u>\$ -</u>	<u>\$ 4,528,728</u>

(b) The methods and assumptions Sigurd Group used to measure fair value are as follows:

- i. The instruments Sigurd Group used market quoted prices as their fair values (that is, Level 1) are listed below by characteristics:

	<u>Listed shares</u>	<u>Open-end fund</u>	<u>Corporate bond</u>	<u>Convertible (exchangeable) bond</u>
Market quoted price	Closing price	Closing price	Weighted average quoted price	Closing price

- ii. Except for financial instruments with active markets, the fair value of other financial instruments is measured by using valuation techniques or by reference to counterparty quotes. The fair value of financial instruments measured by using valuation techniques can be referred to Convertible fair value of instruments with similar terms and characteristics in substance, discounted cash flow method or other valuation methods, including calculated by applying model using market information available at the consolidated balance sheet date.

D. For the years ended December 31, 2022 and 2021, there was no transfer between Level 1 and Level 2.

E. The following chart is the movement of Level 3 for the years ended December 31, 2022 and 2021:

	<u>2022</u>	<u>2021</u>
	<u>Equity securities</u>	<u>Equity securities</u>
At January 1	\$ 1,447,659	\$ 769,047
Gains and losses recognised in other comprehensive income		
Recorded as unrealised gains (losses) on valuation of investments in equity instruments measured at fair value through other comprehensive income	( 509,213)	394,454
Purchases in the year	546,000	158,000
Issuance of corporate bonds this year	-	1,050
Transfer to retain earnings in the year	( 337)	( 11,058)
Transferred from merger	-	136,166
At December 31	<u>\$ 1,484,109</u>	<u>\$ 1,447,659</u>

F. For the years ended December 31, 2022 and 2021, there was no transfer into or out from Level 3.

G. Group treasury is in charge of valuation procedures for fair value measurements being categorised within Level 3, which is to verify independent fair value of financial instruments. Such assessment is to ensure the valuation results are reasonable by applying independent information to make results close to Convnertible market conditions, confirming the resource of information is independent, reliable and in line with other resources and represented as the exercisable price, and frequently calibrating valuation model, performing back-testing, updating inputs used to the valuation model and making any other necessary adjustments to the fair value.

H. The following is the qualitative information of significant unobservable inputs and sensitivity analysis of changes in significant unobservable inputs to valuation model used in Level 3 fair value measurement:

	Fair value at December 31, 2022	Valuation technique	Significant unobservable input	Range (weighted average)	Relationship of inputs to fair value
Non- derivative equity instrument:					
Unlisted shares	\$ 1,360,620	Net asset value	Not applicable	0.90	The higher the net asset value, the higher the fair value
Unlisted shares	103,151	Market comparable companies	Price to book ratio multiple	0.89 ~3.05	The higher the market comparable companies, the higher the fair value
			Discount for lack of marketability	25%	The higher the discount for lack of marketability, the higher the fair value

	Fair value at December 31, 2021	Valuation technique	Significant unobservable input	Range (weighted average)	Relationship of inputs to fair value
Non- derivative equity instrument:					
Unlisted shares	\$ 1,335,344	Net asset value	Not applicable	0.90	The higher the net asset value, the higher the fair value
Unlisted shares	111,265	Market comparable companies	Price to book ratio multiple	0.89 ~3.05	The higher the market comparable companies, the higher the fair value
			Discount for lack of marketability	25%	The higher the discount for lack of marketability, the higher the fair value
Financial assets at fair value through profit or loss -	1,050	The Binomial- Tree approach to convertible bonds	Stock price volatility	32.49%	The higher the price volatility, the higher the fair value
redemption rights of corporate					

I. The Company has carefully assessed the valuation models and assumptions used to measure fair value; therefore, the fair value measurement is reasonable. However, use of different valuation models or assumptions may result in difference measurement. The following is the effect of profit or loss or of other comprehensive income from financial assets categorised within Level 3 if the inputs used to valuation models have changed:

		December 31, 2022					
				Recognised in profit or loss		Recognised in other comprehensive income	
	Input	Change	Favourable change	Unfavourable change	Favourable change	Unfavourable change	
Financial assets							
Equity instrument	Price to book ratio	±1%	\$ -	\$ -	\$ 845	(\$ 845)	
		December 31, 2021					
				Recognised in profit or loss		Recognised in other comprehensive income	
	Input	Change	Favourable change	Unfavourable change	Favourable change	Unfavourable change	
Financial assets							
Equity instrument	Price to book ratio	±1%	\$ -	\$ -	\$ 1,113	(\$ 1,113)	
Financial Liabilities							
Redemption rights of corporate	Volatility	±1%	\$ 150	(\$ 150)	\$ -	\$ -	

(4) The impact of coronavirus pandemic to the operations of Sigurd Group

Sigurd Group has assessed the impact of coronavirus pandemic to the going concern, impairment of assets and the risk of financing risk of Sigurd Group and concluded that there is no significant impact.

13. SUPPLEMENTARY DISCLOSURES

(1) Significant transactions information

- Loans to others: Please refer to table 1.
- Provision of endorsements and guarantees to others: Please refer to table 2.
- Holding of marketable securities at the end of the year (not including subsidiaries, associates and joint ventures): Please refer to table 3.
- Acquisition or sale of the same security with the accumulated cost exceeding \$300 million or 20% of the Company's paid-in capital: Please refer to table 4.
- Acquisition of real estate reaching \$300 million or 20% of paid-in capital or more: None.
- Disposal of real estate reaching \$300 million or 20% of paid-in capital or more: None.

G. Purchases or sales of goods from or to related parties reaching \$100 million or 20% of paid-in capital or more: Please refer to table 5.

H. Receivables from related parties reaching \$100 million or 20% of paid-in capital or more: Please refer to table 6.

I. Trading in derivative instruments undertaken during the reporting year: None.

J. Significant inter-company transactions during the reporting year: Please refer to table 7.

(2) Information on investees

Names, locations and other information of investee companies (not including investees in Mainland China): Please refer to table 8.

(3) Information on investments in Mainland China

A. Basic information: Please refer to table 9.

B. Significant transactions, either directly or indirectly through a third area, with investee companies in the Mainland China: Please refer to table 7.

(4) Major shareholders information

Major shareholders information: As of December 31, 2022, there is no major shareholder who held equally or more than 5% shareholding of the Company.

14. SEGMENT INFORMATION

(1) General information

The management of Sigurd Group has identified reporting segments based on the information used by the chief operating decision maker in decision making.

Sigurd Group's chief operating decision maker has conducted businesses from a product line perspective. Sigurd Group's segments include assembly and testing and international trading.

(2) Measurement of segment information

The General Manager evaluates the performance of reporting segments based on a measure excluded the effects of non-recurring expenditure such as restructuring costs, legal fees and goodwill impairments when the impairment is the result of an isolated, non-recurring event, as well as the effects of equity-settled share-based payment and unrealised gains/losses on financial instruments. Interest income and expense are not allocated to reporting segments, as these types of activities are driven by Sigurd Group's Group treasury, which manages the cash position of Sigurd Group.

(3) Information about segment profit or loss, assets and liabilities

The segment information provided to the chief operating decision-maker for the reporting segments is as follows:

	Year ended December 31, 2022		
	International		
	Assembly and testing	trading	Total
Revenue from external customers	\$ 18,682,874	\$ 11,471	\$ 18,694,345
Segment income (loss) (Note)	4,448,635	( 22,176)	4,426,459

	December 31, 2022		
	International		
	Assembly and testing	trading	Total
Segment Assets	\$ 37,022,840	\$ 546,948	\$ 37,569,788
	Year ended December 31, 2021		
	International		
	Assembly and testing	trading	Total
Revenue from external customers	\$ 16,681,095	\$ 169	\$ 16,681,264
Segment income (loss) (Note)	3,678,505	( 15,693)	3,662,812
	December 31, 2021		
	International		
	Assembly and testing	trading	Total
Segment Assets	\$ 36,345,428	\$ 257,545	\$ 36,602,973

Note: Exclusive of income tax.

(4) Reconciliation for segment income (loss)

Sales between segments are carried out at arm's length. The revenue from external customers reported to the chief operating decision-maker is measured in a manner consistent with that in the statement of comprehensive income.

Revenue, profit and loss, assets and liabilities under reporting segments are carried out the same manner as in the consolidated financial statements. Thus, no reconciliation is needed.

(5) Information on products and services

External customer revenue is mainly derived from the assembly and testing services of integrated circuits. The performance of reporting segments is the same as that in Note 6 (18).

(6) Geographical information

Geographical information for the years ended December 31, 2022 and 2021 is as follows:

	Year ended December 31, 2022		Year ended December 31, 2021	
	Revenue	Non-current assets	Revenue	Non-current assets
Taiwan	\$ 12,698,288	\$ 17,419,473	\$ 12,259,134	\$ 17,631,393
Singapore	3,177,285	-	2,177,430	-
America	737,835	-	660,237	-
China	1,130,774	1,852,389	753,567	2,084,977
Others	950,163	1,647	830,896	2,356
Total	\$ 18,694,345	\$ 19,273,509	\$ 16,681,264	\$ 19,718,726

(7) Major customers information

Major customers information of Sigurd Group for the years ended December 31, 2022 and 2021 is as follows:

	<u>Year ended December 31, 2022</u>		<u>Year ended December 31, 2021</u>	
	<u>Revenue</u>	<u>Segment</u>	<u>Revenue</u>	<u>Segment</u>
A	\$ 3,863,578	All group	\$ 4,768,630	All group
D	1,809,499	All group	1,749,295	All group
B	1,929,317	All group	1,400,022	All group
E	969,784	All group	1,094,352	All group

Note 1: The numbers filled in for the endorsements/guarantees provided by the Company or subsidiaries are as follows:

(1)The Company is '0'.

(2)The subsidiaries are numbered in order starting from '1'.

Note 2: Relationship between the endorser/guarantor and the party being endorsed/guaranteed is classified into the following six categories; fill in the number of category each case belongs to:

(1)Having business relationship.

(2)The endorser/guarantor parent company owns directly and indirectly more than 50% voting shares of the endorsed/guaranteed subsidiary.

(3)The endorsed/guaranteed company owns directly and indirectly more than 50% voting shares of the endorser/guarantor parent company.

(4)The endorser/guarantor parent company owns directly and indirectly more than 50% voting shares of the endorsed/guaranteed company.

(5)Mutual guarantee of the trade made by the endorsed/guaranteed company or joint contractor as required under the construction contract.

(6)Due to joint venture, all shareholders provide endorsements/guarantees to the endorsed/guaranteed company in proportion to its ownership.

Sigurd Microelectronics Corporation  
Provision of endorsements and guarantees to others  
Year ended December 31, 2022

Table 2

Expressed in thousands of NTD

(Except as otherwise indicated)

Note 3: Fill in limit on endorsements/guarantees provided for a single party and ceiling on total amount of endorsements/guarantees provided as prescribed in the endorser/guarantor company's "Procedures for Provision of Endorsements and Guarantees", and state each individual party to which the endorsements/guarantees have been provided and the calculation for ceiling on total amount of endorsements/guarantees provided in the footnote.

Note 4: Fill in the year-to-date maximum outstanding balance of endorsements/guarantees provided as of the reporting period.

Note 5: As of the end of the year, the Company shall bear the responsibility for endorsement/guarantee upon the signing of the endorsement/guarantee contract with the bank or upon the approval of limit.

Other relevant endorsements/guarantees should be included in the endorsement/guarantee balance.

Note 6: Fill in the actual amount of endorsements/guarantees used by the endorsed/guaranteed company.

Note 7: Fill in 'Y' for those cases of provision of endorsements/guarantees by listed parent company to subsidiary and provision by subsidiary to listed parent company, and provision to the party in Mainland China.

Note 8: In accordance with the Company's Procedures for Provision of Loans: the limit on endorsements/guarantees to a single party is 45% of its net assets.

Note 9: In accordance with the Company's Procedures for Provision of Loans: the ceiling on total endorsements/guarantees is 45% of the Company's net assets,

Note 10: The total endorsement/guarantee amount provided by Winstek Semiconductor Co., Ltd. (Winstek Technology) shall not exceed 50% of the its net value in the latest period.

The endorsement guarantee limit for a single enterprise shall be limited at 20% of the net value of Winstek Semiconductor Co., Ltd. (Winstek Technology) at the time when the endorsement/guarantee was made.

However, an endorsement/guarantee between Winstek Semiconductor Co., Ltd. (Winstek Technology) and among companies of which Winstek Technology directly or indirectly holds 100% of the voting shares, or other companies that Winstek Technology has agreed to purchase and upon completion will become a subsidiary of which Winstek Technology directly or indirectly holds 100% shares, and approved by a resolution of the Board of Directors, its endorsement/guarantee amount shall not be restricted by the aforesaid total amount of endorsement/guarantee and the limit of endorsement/guarantee for a single enterprise. However, the endorsement/guarantee to a single enterprise shall not exceed 100% of the net value of Winstek Technology in its most recent financial reports audited or reviewed by CPA.

In addition, the endorsement/guarantee not between Winstek Technology and among companies of which Winstek Technology directly or indirectly holds 100% voting shares, the total cumulative amount of such external endorsements/guarantees shall not exceed 100% of the net value of Winstek Technology in its most recent financial reports audited or reviewed by CPA.

INDEPENDENT AUDITORS' REPORT TRANSLATED FROM CHINESE

PWCR22000513

To the Board of Directors and Shareholders of Sigurd Microelectronics Corporation

***Opinion***

We have audited the parent company only balance sheets of Sigurd Microelectronics Corporation (the “Company”) as at December 31, 2022 and 2021, and the related parent company only statements of comprehensive income, of changes in equity and of cash flows for the years then ended, and notes to the parent company only financial statements, including a summary of significant accounting policies.

In our opinion, based on our audits and the reports of other independent auditors (please refer to the *Other matter* section) of our report, the accompanying parent company only financial statements present fairly, in all material respects, the financial position of Sigurd Microelectronics Corporation as at December 31, 2022 and 2021, and its financial performance and its cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers.

***Basis for opinion***

We conducted our audits in accordance with the Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants and Standards on Auditing of the Republic of China. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the parent company only financial statements* section of our report. We are independent of the Company in accordance with the Norm of Professional Ethics for Certified Public Accountants in the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. Based on our audits and the reports of other independent auditors, we believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

***Key audit matter***

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the parent company only financial statements of the current period. This matter was addressed in the context of our audit of the parent company only financial statements as a whole and, in forming our opinion thereon, we do not provide a separate opinion on these matters.

Key audit matter of the Company's parent company only financial statements of the current period is stated as follows:

### ***Capitalisation of property, plant and equipment***

#### Description

The Company increased the capital expenditure to meet its operational needs. Please refer to Note 4 (14) for accounting policies on property, plant and equipment, and Note 6(8) for details of property, plant and equipment. Considering capitalisation of property, plant and equipment is significant to the Company's parent company only financial statements, thus, we identified the audit of capitalisation of property, plant and equipment as a key audit matter.

#### How our audit addressed the matter

We performed the following audit procedures in respect of the above key audit matter:

Assessed and validated the effectiveness of the internal control system over additions to property, plant and equipment, as well as sample tested and examined respective purchase orders and invoices to ensure that transactions were approved accordingly and recognised amounts were accurate. Sample tested and examined the acceptance documents to validate the appropriateness of the timing that assets are ready for use and capitalisation (timing of starting depreciation).

### ***Other matter — Audited by other independent auditors***

We did not audit the 2022 and 2021 financial statements of certain investee companies accounted for using the equity method. Those financial statements were audited by other independent auditors whose reports thereon have been furnished to us, and our opinion expressed herein is based solely on the reports of other independent auditors. Investments accounted for using equity method amounted to NT\$ 67,043 thousand and NT\$ 96,756 thousand, constituting 0.23% and 0.33% of total assets, as at December 31, 2022 and 2021, respectively, and their comprehensive (loss) income amounted to NT\$ (24,967) thousand and NT\$ 12,291 thousand, constituting (0.90%) and 0.38% of the total comprehensive (loss) income for the years ended December 31, 2022 and 2021, respectively.

### ***Responsibilities of management and those charged with governance for the parent company only financial statements***

Management is responsible for the preparation and fair presentation of the parent company only financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and for such internal controls as the management determines are necessary to enable the preparation of parent company only financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the parent company only financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management either intends to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Those charged with governance, including the audit committee, are responsible for overseeing the Company's financial reporting process.

### ***Auditor's responsibilities for the audit of the parent company only financial statements***

Our objectives are to obtain reasonable assurance about whether the parent company only financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue a auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Standards on Auditing of the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these parent company only financial statements.

As part of an audit in accordance with the Standards on Auditing of the Republic of China, we exercise professional judgement and professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the parent company only financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting

from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.

2. Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal controls.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our report to the related disclosures in the parent company only financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our report. However, future events or conditions may cause the Company to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the parent company only financial statements, including the disclosures, and whether the parent company only financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
6. Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Company to express an opinion on the parent company only financial statements. We are responsible for the direction, supervision and performance of the audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From those matters communicated with those charged with governance, we determine the matter that was of most significance in the audit of the parent company only financial statements of the current period and is therefore the key audit matter. We describe the matter in our report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

SIGURD MICROELECTRONICS CORPORATION  
NOTES TO THE PARENT COMPANY ONLY FINANCIAL STATEMENTS  
DECEMBER 31, 2022 AND 2021

(EXPRESSED IN THOUSANDS OF NEW TAIWAN DOLLARS, EXCEPT AS OTHERWISE  
INDICATED)

1. HISTORY AND ORGANISATION

Sigurd Microelectronics Corporation (formerly named More Power Electronic Co., Ltd., the “Company”) was established in the Republic of China (R.O.C.) on December 15, 1988. In 1998, the Company acquired, Sigurd Corporation, via assets purchase (the acquired company was liquidated and dissolved after the merger), in order to expand and provide turnkey assembly and testing services to customers. The name of the Company was changed to Sigurd Microelectronics Corporation on November 27, 1998. The main business activities of the Company include the design, processing, testing, burn-in treatment, manufacture, trading, etc., of integrated circuits.

On February 11, 2004, the Company’s Board of Directors resolved to acquire Ucomm Caesar Technology Co., Ltd., whose main business was RF testing. The Company is the surviving company and Ucomm Caesar Technology Co., Ltd. is the dissolved company. After the merger, the Company’s name was retained. The effective date for the merger was March 1, 2005.

On December 30, 2005, the Company’s Board of Directors resolved to acquire ASI Semiconductor Co., Ltd., whose main business was integrated circuit testing. The Company is the surviving company and ASI Semiconductor Co., Ltd. is the dissolved company. After the merger, the Company’s name was retained. The effective date for the merger was June 12, 2006.

On May 8, 2013, the Company Board of Directors resolved to acquire Meicer Semiconductor Co., Ltd. whose main business was integrated circuits packaging. The Company is the surviving company and the effective date for the merger was May 31, 2013.

2. THE DATE OF AND PROCEDURES FOR AUTHORISATION FOR ISSUANCE OF THE PARENT COMPANY ONLY FINANCIAL STATEMENTS

These parent company only financial statements were authorised for issuance by the Board of Directors on March 7, 2023.

### 3. APPLICATION OF NEW AND AMENDED INTERNATIONAL FINANCIAL REPORTING STANDARDS AND INTERPRETATIONS

#### (1) Effect of the adoption of new or amended International Financial Reporting Standards (“IFRSs”) that came into effect as endorsed by the Financial Supervisory Commission (“FSC”)

New standards, interpretations and amendments endorsed by FSC and became effective from 2022 are as follows:

New Standards, Interpretations and Amendments	Effective date by International Accounting Standards Board
Amendments to IFRS 3, ‘Reference to the conceptual framework’	January 1, 2022
Amendments to IAS 16, ‘Property, plant and equipment: proceeds before intended use’	January 1, 2022
Amendments to IAS 37, ‘Onerous contracts—cost of fulfilling a contract’	January 1, 2022
Annual improvements to IFRS Standards 2018–2020	January 1, 2022

The above standards and interpretations have no significant impact to the Company’s financial position and financial performance based on the Company’s assessment.

#### (2) Effect of new or amended IFRSs as endorsed by the FSC but not yet adopted

New Standards, Interpretations and Amendments	Effective date by International Accounting Standards Board
Amendments to IAS 1, ‘Disclosure of accounting policies’	January 1, 2023
Amendments to IAS 8, ‘Definition of accounting estimates’	January 1, 2023
Amendments to IAS 12, ‘Deferred tax related to assets and liabilities arising from a single transaction’	January 1, 2023

The above standards and interpretations have no significant impact to the Company’s financial position and financial performance based on the Company’s assessment.

(3) IFRSs issued by IASB but not yet endorsed by the FSC

New standards, interpretations and amendments issued by IASB but not yet included in the IFRSs as endorsed by the FSC are as follows:

<u>New Standards, Interpretations and Amendments</u>	<u>Effective date by International Accounting Standards Board</u>
Amendments to IFRS 10 and IAS 28, 'Sale or contribution of assets between an investor and its associate or joint venture'	To be determined by International Accounting Standards Board
Amendments to IFRS 16, 'Lease liability in a sale and leaseback'	January 1, 2024
IFRS 17, 'Insurance contracts'	January 1, 2023
Amendments to IFRS 17, 'Insurance contracts'	January 1, 2023
Amendment to IFRS 17, 'Initial application of IFRS 17 and IFRS 9 – comparative information'	January 1, 2023
Amendments to IAS 1, 'Classification of liabilities as current or non-current'	January 1, 2024
Amendments to IAS 1, 'Non-current liabilities with covenants'	January 1, 2024

The above standards and interpretations have no significant impact to the Company's financial position and financial performance based on the Company's assessment.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of these parent company only financial statements are set out below. These policies have been consistently applied to all the periods presented, unless otherwise stated.

(1) Compliance statement

The parent company only financial statements of the Company have been prepared in accordance with the Regulations Governing the Preparations of Financial Reports by Securities Issuers.

(2) Basis of preparation

A. Except for the following items, the parent company only financial statements have been prepared under the historical cost convention:

- (a) Financial assets and financial liabilities at fair value through profit or loss.
- (b) Financial assets at fair value through other comprehensive income.
- (c) Defined benefit liabilities recognised based on the net amount of pension fund assets minus present value of defined benefit obligation.

B. The preparation of parent company only financial statements in conformity with IFRSs requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Company's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the parent company only financial statements are disclosed in Note 5.

### (3) Foreign currency translation

Items included in the parent company only financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates (the “functional currency”). The parent company only financial statements are presented in New Taiwan dollars, which is the Company’s functional and presentation currency.

#### A. Foreign currency transactions and balances

- (a) Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions or valuation where items are remeasured. Foreign exchange gains and losses resulting from the settlement of such transactions are recognised in profit or loss in the period in which they arise.
- (b) Monetary assets and liabilities denominated in foreign currencies at the period end are re-translated at the exchange rates prevailing at the balance sheet date. Exchange differences arising upon re-translation at the balance sheet date are recognised in profit or loss.
- (c) Non-monetary assets and liabilities denominated in foreign currencies held at fair value through profit or loss are re-translated at the exchange rates prevailing at the balance sheet date; their translation differences are recognised in profit or loss. Non-monetary assets and liabilities denominated in foreign currencies held at fair value through other comprehensive income are re-translated at the exchange rates prevailing at the balance sheet date; their translation differences are recognised in other comprehensive income. However, non-monetary assets and liabilities denominated in foreign currencies that are not measured at fair value are translated using the historical exchange rates at the dates of the initial transactions.
- (d) All foreign exchange gains and losses based on the nature of those transactions are presented in the statement of comprehensive income within ‘Other gains and losses’.

#### B. Translation of foreign operations

- (a) The operating results and financial position of all the group entities that have a functional currency different from the presentation currency are translated into the presentation currency as follows:
  - i. Assets and liabilities for each balance sheet presented are translated at the closing exchange rate at the date of that balance sheet; and
  - ii. Income and expenses for each statement of comprehensive income are translated at average exchange rates of that period; and
  - iii. All resulting exchange differences are recognised in other comprehensive income (loss).
- (b) When the foreign operation partially disposed of or sold is a subsidiary, cumulative exchange differences that were recorded in other comprehensive income are proportionately transferred to the non-controlling interest in this foreign operation. In addition, even when the Company retains partial interest in the former foreign subsidiary after losing control of the former foreign subsidiary, such transactions should be accounted for as disposal of all interest in the foreign operation.

- (c) Goodwill and fair value adjustments arising on the acquisition of a foreign entity are treated as assets and liabilities of the foreign entity and translated at the closing exchange rates at the balance sheet date.

(4) Classification of current and non-current items

A. Assets that meet one of the following criteria are classified as current assets:

- (a) Assets arising from operating activities that are expected to be realised, or are intended to be sold or consumed within the normal operating cycle;
- (b) Assets held mainly for trading purposes;
- (c) Assets that are expected to be realised within twelve months from the balance sheet date;
- (d) Cash and cash equivalents, excluding restricted cash and cash equivalents and those that are to be exchanged or used to settle liabilities more than twelve months after the balance sheet date.

The Company classifies the assets which do not meet the above criteria as non-current assets.

B. Liabilities that meet one of the following criteria are classified as current liabilities:

- (a) Liabilities that are expected to be settled within the normal operating cycle;
- (b) Liabilities arising mainly from trading activities;
- (c) Liabilities that are to be settled within twelve months from the balance sheet date;
- (d) Liabilities for which the repayment date cannot be extended unconditionally to more than twelve months after the balance sheet date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

The Company classifies the liabilities which do not meet the above criteria as non-current liabilities.

(5) Cash equivalents

Cash equivalents refer to short-term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. Time deposits that meet the definition above and are held for the purpose of meeting short-term cash commitments in operations are classified as cash equivalents.

(6) Financial assets at fair value through profit or loss

- A. Financial assets at fair value through profit or loss are financial assets that are not measured at amortised cost or fair value through other comprehensive income.
- B. On a regular way purchase or sale basis, financial assets at fair value through profit or loss are recognised and derecognised using trade date accounting.
- C. At initial recognition, the Company measures the financial assets at fair value and recognises the transaction costs in profit or loss. The Company subsequently measures the financial assets at fair value, and recognises the gain or loss in profit or loss.

- D. The Company recognises the dividend income when the right to receive payment is established, future economic benefits associated with the dividend will flow to the Company and the amount of the dividend can be measured reliably.

(7) Financial assets at fair value through other comprehensive income

- A. Financial assets at fair value through other comprehensive income comprise equity securities which are not held for trading, and for which the Company has made an irrevocable election at initial recognition to recognise changes in fair value in other comprehensive income and debt instruments which meet all of the following criteria:
- (a) The objective of the Company's business model is achieved both by collecting contractual cash flows and selling financial assets; and
  - (b) The assets' contractual cash flows represent solely payments of principal and interest.
- B. On a regular way purchase or sale basis, financial assets at fair value through other comprehensive income are recognised and derecognised using trade date accounting.
- C. At initial recognition, the Company measures the financial assets at fair value plus transaction costs. The Company subsequently measures the financial assets at fair value:
- (a) The changes in fair value of equity investments that were recognised in other comprehensive income are reclassified to retained earnings and are not reclassified to profit or loss following the derecognition of the investment. Dividends are recognised as income when the right to receive payment is established, future economic benefits associated with the dividend will flow to the Company and the amount of the dividend can be measured reliably.
  - (b) Except for the recognition of impairment loss, interest income and gain or loss on foreign exchange which are recognised in profit or loss, the changes in fair value of debt instruments are taken through other comprehensive income. When the financial asset is derecognised, the cumulative gain or loss previously recognised in other comprehensive income (loss) is reclassified from equity to profit or loss.

(8) Financial assets at amortised cost

- A. Financial assets at amortised cost are those that meet all of the following criteria:
- (a) The objective of the Company's business model is achieved by collecting contractual cash flows.
  - (b) The assets' contractual cash flows represent solely payments of principal and interest.
- B. On a regular way purchase or sale basis, financial assets at amortised cost are recognised and derecognised using trade date accounting.
- C. At initial recognition, the Company measures the financial assets at fair value plus transaction costs. Interest income from these financial assets is included in finance income using the effective interest method, and recognizing impairment loss. A gain or loss is recognised in profit or loss when the asset is derecognised.

D. The Company's time deposits which do not fall under cash equivalents are those with a short maturity period and are measured at initial investment amount as the effect of discounting is immaterial.

(9) Accounts receivable

A. Accounts receivable entitle the Company a legal right to receive consideration in exchange for transferred goods or rendered services.

B. The short-term accounts; receivable without bearing interest are subsequently measured at initial invoice amount as the effect of discounting is immaterial.

(10) Impairment of financial assets

For debt instruments measured at fair value through other comprehensive income and financial assets or contract assets at amortised cost at each reporting date, the Company recognises the impairment provision for 12 months expected credit losses if there has not been a significant increase in credit risk since initial recognition or recognises the impairment provision for the lifetime expected credit losses (ECLs) if such credit risk has increased since initial recognition after taking into consideration all reasonable and verifiable information that includes forecasts. On the other hand, for accounts receivable or contract assets that do not contain a significant financing component, the Company recognises the impairment provision for lifetime ECLs.

(11) Derecognition of financial assets

The Company derecognises a financial asset when one of the following conditions is met:

A. The contractual rights to receive cash flows from the financial asset expire.

B. The contractual rights to receive cash flows of the financial asset have been transferred and the Company has transferred substantially all risks and rewards of ownership of the financial asset.

C. The contractual rights to receive cash flows of the financial asset have been transferred, however, the Company has not retained control of the financial asset.

(12) Inventories

Inventories are stated at the lower of cost and net realisable value. Cost transfer is determined using the weighted-average method. The cost of finished goods and work in progress comprises raw materials, it excludes borrowing costs. The item by item approach is used in applying the lower of cost and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business, less the estimated cost of completion and applicable variable selling expenses.

(13) Investments accounted for using equity method/ subsidiaries

A. Subsidiaries are all entities controlled by the Company. The Company controls an entity when the Company is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity.

B. Unrealised profit (loss) occurred from the transactions between the Company and subsidiaries have been eliminated. The accounting policies of subsidiaries have been adjusted where necessary to ensure consistency with the policies adopted by the Company.

- C. The Company's share of its subsidiaries' post-acquisition profits or losses is recognised in profit or loss, and its share of post-acquisition movements in other comprehensive income is recognised in other comprehensive income. When the Company's share of losses in a subsidiary equals or exceeds its interest in the subsidiary, the Company continues to recognise losses proportionate to its ownership.
- D. If changes in the Company's ownership interests in subsidiaries do not result in loss of control (transactions with non-controlling interest), transactions shall be considered as equity transactions, which are transactions between owners. Difference of adjustment of non-controlling interest and fair value of consideration paid or received is recognised in equity.
- E. Pursuant to the Regulations Governing the Preparation of Financial Reports by Securities Issuers, profit (loss) of the current period and other comprehensive income in the parent company only financial statements shall equal to the amount attributable to owners of the parent in the parent company only financial statements. Owners' equity in the parent company only financial statements shall equal to equity attributable to owners of the parent in the consolidated financial statements.

(14) Property, plant and equipment

- A. Property, plant and equipment are initially recorded at cost. Borrowing costs incurred during the construction period are capitalised.
- B. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised. All other repairs and maintenance are charged to profit or loss during the financial period in which they are incurred.
- C. Land is not depreciated. Other property, plant and equipment apply cost model and are depreciated using the straight-line method to allocate their cost over their estimated useful lives. Each part of an item of property, plant, and equipment with a cost that is significant in relation to the total cost of the item must be depreciated separately.
- D. The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted if appropriate, at each balance sheet date. If expectations for the assets' residual values and useful lives differ from previous estimates or the patterns of consumption of the assets' future economic benefits embodied in the assets have changed significantly, any change is accounted for as a change in estimate under IAS 8, 'Accounting policies, changes in accounting estimates and errors', from the date of the change.

The estimated useful lives of property, plant and equipment are as follows:

Buildings and structures	50 ~ 60 years
Machinery and equipment	1 ~ 5 years
Office equipment	3 ~ 5 years

Others equipment

2 ~ 15 years

(15) Leasing arrangements (lessee) — right-of-use assets/ lease liabilities

- A. Leases are recognised as a right-of-use asset and a corresponding lease liability at the date at which the leased asset is available for use by the Company. For short-term leases or leases of low-value assets, lease payments are recognised as an expense on a straight-line basis over the lease term.
- B. Lease liabilities include the net present value of the remaining lease payments at the commencement date, discounted using the incremental borrowing interest rate.

Lease payments are comprised of the following:

- (a) Fixed payments, less any lease incentives receivable; and
- (b) The exercise price of a purchase option, if the lessee is reasonably certain to exercise that option.

The Company subsequently measures the lease liability at amortised cost using the interest method and recognises interest expense over the lease term. The lease liability is remeasured and the amount of remeasurement is recognised as an adjustment to the right-of-use asset when there are changes in the lease term or lease payments and such changes do not arise from contract modifications.

- C. At the commencement date, the right-of-use asset is stated at cost comprising the following:
- (a) The amount of the initial measurement of lease liability;
- (b) Any lease payments made at or before the commencement date;
- (c) Any initial direct costs incurred by the lessee.

The right-of-use asset is measured subsequently using the cost model and is depreciated from the commencement date to the earlier of the end of the asset's useful life or the end of the lease term.

When the lease liability is remeasured, the amount of remeasurement is recognised as an adjustment to the right-of-use asset.

(16) Intangible assets

Computer software is stated at cost and amortised on a straight-line basis over its estimated useful life of 1 to 3 years.

(17) Impairment of non-financial assets

The Company assesses at each balance sheet date the recoverable amounts of those assets where there is an indication that they are impaired. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell or value in use. When the circumstances or reasons for recognising impairment loss for an asset in prior years no longer exist or diminish, the impairment is reversed. The increased carrying amount due to reversal should not be more than what the depreciated or amortised historical cost would have been if the impairment had not been recognised.

(18) Borrowings

- A. Borrowings comprise long-term and short-term bank borrowings. Borrowings are recognised initially at fair value, net of transaction costs incurred. Borrowings are subsequently stated at amortised cost; any difference between the proceeds (net of transaction costs) and the redemption value is recognised in profit or loss over the period of the borrowings using the effective interest method.
- B. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw-down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

(19) Notes and accounts payable

- A. Accounts payable are liabilities for purchases of raw materials, goods or services and notes payable are those resulting from operating and non-operating activities.
- B. The short-term notes and accounts payable without bearing interest are subsequently measured at initial invoice amount as the effect of discounting is immaterial.

(20) Employee benefits

A. Short-term employee benefits

Short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in respect of service rendered by employees in a period and should be recognised as expenses in that period when the employees render service.

B. Pensions

(a) Defined contribution plans

For defined contribution plans, the contributions are recognised as pension expense when they are due on an accrual basis. Prepaid contributions are recognised as an asset to the extent of a cash refund or a reduction in the future payments.

(b) Defined benefit plans

- i. Net obligation under a defined benefit plan is defined as the present value of an amount of pension benefits that employees will receive on retirement for their services with the Company in current period or prior periods. The liability recognised in the balance sheet in respect of defined benefit pension plans is the present value of the defined benefit obligation at the balance sheet date less the fair value of plan assets. The net defined benefit obligation is calculated annually by independent actuaries using the projected unit credit method. The rate used to discount is determined by using interest rates of high-quality corporate bonds that are denominated in the currency in which the benefits will be paid, and that have terms to maturity approximating to the terms of the related pension liability; when there is no deep market in high-quality corporation bonds, the Company uses interest rates of government bonds (at the balance sheet date) instead.

ii. Remeasurements arising on defined benefit plans are recognised in other comprehensive income in the period in which they arise and are recorded as retained earnings.

iii. Past service costs are recognised immediately in profit or loss.

C. Termination benefits

Termination benefits are employee benefits provided in exchange for the termination of employment as a result from either the Company's decision to terminate an employee's employment before the normal retirement date, or an employee's decision to accept an offer of redundancy benefits in exchange for the termination of employment. The Company recognises expense as it can no longer withdraw an offer of termination benefits or it recognises relating restructuring costs, whichever is earlier. Benefits that are expected to be due more than 12 months after balance sheet date shall be discounted to their present value.

D. Employees' compensation and directors' remuneration

Employees' compensation and directors' remuneration are recognised as expense and liability, provided that such recognition is required under legal or constructive obligation and those amounts can be reliably estimated. Any difference between the resolved amounts and the subsequently actual distributed amounts is accounted for as changes in estimates.

(21) Bonds payable

Ordinary corporate bonds issued by the Company are initially recognised at fair value less transaction costs. Any difference between the proceeds (net of transaction costs) and the redemption value is presented as an addition to or deduction from bonds payable, which is amortised to profit or loss over the period of bond circulation using the effective interest method as an adjustment to 'Finance costs'.

(22) Convertible bonds payable

Convertible bonds issued by the Company contain conversion options (that is, the bondholders have the right to convert the bonds into the Company's common shares by exchanging a fixed amount of cash for a fixed number of common shares). The Company classifies the bonds payable upon issuance as a financial asset, a financial liability or an equity in accordance with the contract terms. They are accounted for as follows:

- (a) The embedded call options are recognised initially at net fair value as 'financial assets or financial liabilities at fair value through profit or loss'. They are subsequently remeasured and stated at fair value on each balance sheet date; the gain or loss is recognised as 'gain or loss on valuation of financial assets or financial liabilities at fair value through profit or loss'.
- (b) The host contracts of bonds are initially recognised at fair value. Any difference between the initial recognition and the redemption value is accounted for as the premium or discount on bonds payable and subsequently is amortised in profit or loss as an adjustment to 'Finance costs' over the period of circulation using the effective interest method.

- (c) The embedded conversion options which meet the definition of equity are initially recognised in 'Capital surplus—share options' at the residual amount of total issue price less the amount of financial assets or financial liabilities at fair value through profit or loss and bonds payable as stated above. Conversion options are not subsequently remeasured.
- (d) Any transaction costs directly attributable to the issuance are allocated to each liability or equity component in proportion to the initial carrying amount of each abovementioned item.
- (e) When bondholders exercise conversion options, the liability component of the bonds (including bonds payable) shall be remeasured on the conversion date. The issuance cost of converted common shares is the total book value of the abovementioned liability component and 'Capital surplus—share options.'

(23) Income tax

- A. The tax expense for the period comprises current and deferred tax. Tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or items recognised directly in equity, in which cases the tax is recognised in other comprehensive income or equity.
- B. The current income tax expense is calculated on the basis of the tax laws enacted or substantively enacted at the balance sheet date in the countries where the Company and its subsidiaries operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in accordance with applicable tax regulations. It establishes provisions where appropriate based on the amounts expected to be paid to the tax authorities. An additional tax is levied on the unappropriated retained earnings and is recorded as income tax expense in the year the shareholders resolve to retain the earnings.
- C. Deferred tax is recognised, using the balance sheet liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the balance sheet. However, the deferred tax is not accounted for if it arises from initial recognition of goodwill or of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit or loss. Deferred tax is provided on temporary differences arising on investments in subsidiaries, except where the timing of the reversal of the temporary difference is controlled by the Company and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax is determined using tax rates and laws that have been enacted or substantially enacted at the balance sheet date and are expected to apply when the related deferred tax asset is realised, or the deferred tax liability is settled.
- D. Deferred tax assets are recognised only to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilised. At each balance sheet date, unrecognised and recognised deferred tax assets are reassessed.

E. A deferred tax assets shall be recognised for the carry forward of unused tax credits resulting from acquisitions of equipment or technology and research and development expenditures to the extent that it is possible that future taxable profit will be available against which the unused tax credits can be utilised.

(24) Share capital

Where the Company repurchases the Company's equity share capital that has been issued, the consideration paid, including any directly attributable incremental costs (net of income taxes) is deducted from equity attributable to the Company's equity holders. Where such shares are subsequently reissued, the difference between their book value and any consideration received, net of any directly attributable incremental transaction costs and the related income tax effects, is included in equity attributable to the Company's equity holders.

(25) Dividends

Dividends are recorded in the Company's financial statements in the period in which they are resolved by the Company's shareholders. Cash dividend are recorded as liabilities, stock dividends are recorded as stocks dividends to be distributed and are reclassified to ordinary shares on the effective date of new shares issuance.

(26) Revenue recognition

Provision of services

A. The Company provides the services of research and design, engineering and testing of integrated circuits. An entity recognises revenue over time if one of the following criteria is met: (a) the customer simultaneously receives and consumes all of the benefits provided by the entity as the entity performs; (b) the entity's performance creates or enhances an asset that the customer controls as the asset is created; (c) or the entity's performance does not create an asset with an alternative use to the entity and the entity has an enforceable right to payment for performance completed to date. The testing and packaging services provided by the Company are in compliance with the (b) above, and shall be gradually recognised as revenue over time, and recognised as revenue via the progress towards completion satisfaction of performance obligation.

B. Since the time interval between the transfer of the promised goods or services to the customer and payment by the customer has not exceeded one year, the Company has not adjusted the transaction price to reflect the time value of money.

(27) Government grants

Government grants are recognised at their fair value only when there is reasonable assurance that the Group will comply with any conditions attached to the grants and the grants will be received. Government grants are recognised in profit or loss on a systematic basis over the periods in which the Group recognises expenses for the related costs for which the grants are intended to compensate.

## 5. CRITICAL ACCOUNTING JUDGEMENTS, ESTIMATES AND KEY SOURCES OF ASSUMPTION UNCERTAINTY

The preparation of these parent company only financial statements requires management to make critical judgements in applying the Company's accounting policies and make critical assumptions and estimates concerning future events. Assumptions and estimates may differ from the actual results and are continually evaluated and adjusted based on historical experience and other factors. Such assumptions and estimates have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year; and the related information is addressed below:

### (1) Critical judgements in applying the Company's accounting policies

None.

### (2) Critical accounting estimates and assumptions

None.

## 6. DETAILS OF SIGNIFICANT ACCOUNTS

### (1) Cash and cash equivalents

	<u>December 31, 2022</u>	<u>December 31, 2021</u>
Cash on hand and revolving funds	\$ 521	\$ 784
Checking accounts and demand deposits	1,218,021	2,044,210
Time deposits	2,991,920	1,757,900
	<u>\$ 4,210,462</u>	<u>\$ 3,802,894</u>

A. The Company transacts with a variety of financial institutions all with high credit quality to disperse credit risk, so it expects that the probability of counterparty default is remote.

B. The Company has no cash and cash equivalents pledged to others.

### (2) Financial assets at fair value through profit or loss

<u>Items</u>	<u>December 31, 2022</u>	<u>December 31, 2021</u>
Current items:		
Financial assets mandatorily measured at fair value through profit or loss		
Beneficiary certificates	\$ 240,000	\$ 315,000
Corporate bonds	143,480	143,480
Redemption right of the Company's convertible bonds	1,050	1,050
	384,530	459,530
Valuation adjustment	11,674	21,752
	<u>\$ 396,204</u>	<u>\$ 481,282</u>

A. Amounts recognised in profit or loss in relation to financial assets at fair value through profit or loss are listed below:

Items	Year ended December 31,	
	2022	2021
Financial assets mandatorily measured at fair value through profit or loss		
Listed stocks	\$ -	\$ 1,369
Beneficiary certificates	( 23,707)	23,002
Corporate bonds	9,464	( 4,739)
Redemption right of convertible bonds of the company	( 1,050)	( 898)
	<u>(\$ 15,293)</u>	<u>\$ 18,734</u>

B. Information relating to price risk and fair value of financial asset at fair value through profit or loss is provided in Notes 12(2) and (3).

(3) Financial assets at fair value through other comprehensive income

Items	December 31, 2022	December 31, 2021
Non-current items:		
Equity instruments		
Listed stocks	\$ 140,000	\$ 140,000
Unlisted stocks	<u>1,064,640</u>	<u>518,640</u>
	1,204,640	658,640
Valuation adjustment	<u>291,829</u>	<u>795,232</u>
	<u>\$ 1,496,469</u>	<u>\$ 1,453,872</u>

A. The Company has elected to classify equity investments that are considered to be strategic investments as financial assets at fair value through other comprehensive income. The fair value of such investments amounted to \$1,496,469 and \$1,453,872 as at December 31, 2022 and 2021, respectively.

B. The Company did not sell any financial assets at fair value through other comprehensive income during the year ended December 31, 2022 and 2021.

C. Amounts recognised in profit or loss and other comprehensive income in relation to the financial assets at fair value through other comprehensive (loss) income are listed below:

	Year ended December 31,	
	2022	2021
<u>Equity instruments at fair value through other comprehensive income</u>		
Fair value change recognised in other comprehensive income	<u>(\$ 503,404)</u>	<u>\$ 427,732</u>
Dividend income recognised in profit or loss held at end of years	<u>\$ 17,881</u>	<u>\$ 13,804</u>

D. Information relating to price risk and fair value of financial assets at fair value through other comprehensive income is provided in Notes 12(2) and (3).

(4) Financial assets at amortised cost

Items	December 31, 2022	December 31, 2021
Current items:		
Time deposits	\$ 78,480	\$ 78,480
Bonds sold under repurchase agreements	200,000	-
	<u>\$ 278,480</u>	<u>\$ 78,480</u>
Non-current items:		
Corporate bonds	<u>\$ 30,000</u>	<u>\$ 30,000</u>

A. Amounts recognised in profit or loss in relation to financial assets at amortised cost are listed below:

	Year ended December 31,	
	2022	2021
Interest income	<u>\$ 2,104</u>	<u>\$ 1,455</u>

B. As of December 31, 2022 and 2021, without taking into account any collateral held or other credit enhancements, the maximum exposure to credit risk in respect of the amount that best represents the financial assets at amortised cost held by the Company was \$308,480 and \$108,480, respectively.

C. Information relating to credit risk of financial assets at amortised cost is provided in Note 12(2). The counterparties of the Company's investments certificate of deposit were good credit quality financial institution. The probability of default is expected to be low.

(5) Accounts receivable

	December 31, 2022	December 31, 2021
Accounts receivable	\$ 2,076,269	\$ 2,231,260
Accounts receivable - related parties	183,389	112,427
	2,259,658	2,343,687
Less: Loss allowance	-	-
	<u>\$ 2,259,658</u>	<u>\$ 2,343,687</u>

A. The ageing analysis of accounts receivable is as follows:

	December 31, 2022	December 31, 2021
	Accounts receivable	Accounts receivable
Not past due	\$ 2,240,461	\$ 2,324,263
Up to 30 days	18,345	17,789
31 to 90 days	852	1,635
91 to 180 days	-	-
Over 181 days	-	-
	<u>\$ 2,259,658</u>	<u>\$ 2,343,687</u>

The above ageing analysis was based on past due date.

B. As of December 31, 2022 and 2021, accounts receivable were all from contracts with customers. And as of January 1, 2021, the balance of receivables from contracts with customers amounted to \$2,350,758.

C. As at December 31, 2022 and 2021, without taking into account any collateral held or other credit enhancements, the maximum exposure to credit risk in respect of the amount that best represents the accounts receivable was \$2,259,658 and \$2,343,687, respectively.

D Information relating to credit risk of accounts receivable is provided in Note 12(2).

(6) Inventories

	December 31, 2022		
	Costs	Allowance for valuation loss	Carrying Amount
Raw materials	\$ 127,031	(\$ 902)	\$ 126,129
Supplies	27,550	-	27,550
Work in progress	2,220	-	2,220
	<u>\$ 156,801</u>	<u>(\$ 902)</u>	<u>\$ 155,899</u>

	December 31, 2021		
	Costs	Allowance for valuation loss	Carrying Amount
Raw materials	\$ 78,571	(\$ 630)	\$ 77,941
Supplies	23,767	-	23,767
	<u>\$ 102,338</u>	<u>(\$ 630)</u>	<u>\$ 101,708</u>

The cost of inventories recognised as expense for the years:

	Year ended December 31,	
	2022	2021
Cost of goods used	\$ 7,089,805	\$ 6,667,577
Inventory valuation loss (gain)	272 (	1,582)
Inventory scrapped	-	2,726
Revenue from sale of scrapped inventories	- (	216)
	<u>\$ 7,090,077</u>	<u>\$ 6,668,505</u>

The Company recognised inventory valuation gain for the year ended December 31, 2021 because some of the inventories previously written down were sold.

(7) Investments accounted for using equity method

	December 31, 2022	December 31, 2021
Subsidiaries:		
Sigurd International Co., Ltd.	\$ 167,173	\$ 173,247
Burgurd Co., Ltd.	1,288	1,382
TEST-SERV Inc.	1,395,797	1,392,368
Bloomeria Limited	1,174,796	2,788,099
Flusol Co., Ltd.	758,104	1,091,102
AMBERSAN Medical Technology Co., Ltd.	23,969	24,926
FLATEK, INC.	67,043	96,756
SIGWIN Corporation	2,429,169	17,239
UTC Holdings Corporation	2,880,770	2,551,792
	<u>\$ 8,898,109</u>	<u>\$ 8,136,911</u>

Share of profit from subsidiaries for the years ended December 31, 2022 and 2021:

	December 31, 2022	December 31, 2021
Subsidiaries:		
Sigurd International Co., Ltd.	(\$ 8,304)	(\$ 5,329)
Burgurd Co., Ltd.	( 94)	162
TEST-SERV Inc.	151,310	201,667
Bloomeria Limited	494,909	273,657
Flusol Co., Ltd	( 353,072)	( 94,385)
AMBERSAN Medical Technology Co., Ltd.	( 957)	( 7,110)
FLATEK, INC.	( 26,527)	8,719
SIGWIN Corporation	27,256	1,714
UTC Holdings Corporation	355,107	( 1,372)
	<u>\$ 639,628</u>	<u>\$ 377,723</u>

A. Details of the Company's subsidiaries are provided in Note 4(3) in the Company's 2022 consolidated financial statements.

B. On April 14, 2021, the Company completed the acquisition of a 100% share equity in UTC Holdings Corporation with US\$ 165,000 thousand (approximate \$4,701,842). The subsidiary

which was belonging to UTC Holdings Corporation were included in the consolidated financial statements.

On June 7, 2021, UTC Holdings Corporation performed capital reduction and returned cash to the Company in the amount of \$2,900,000 (including \$920,470 and US\$71,489 thousand), the ratio of capital reduction was 52.59%.

On August 4, 2021, UTC Holdings Corporation increased cash capital in the amount of \$701,337.

On August 11, 2021, the Company has remitted capital in the amount of \$701,337 and acquired all of increased share equity.

- C. On July 15, 2021, the Company's foreign subsidiary, Brugurd Co., Ltd., increased cash capital in the amount of US\$ 1,500 thousand. On August 19, 2021, the Company has remitted capital in the amount of US\$ 1,500 thousand (\$41,931) and acquired all of increased share equity.
- D. TST CO., LTD. was established on May 10, 2022. The Company invested \$200,000 to obtain its 100% shareholding.
- E. In June 2022, TPFUSION INC. increased cash capital in the amount of \$8,100. In June 2022, FLATEK, INC has remitted capital in the amount of \$8,100 and acquired all of increased share equity.
- F. On October 17, 2022, Winstek Semiconductor Technology Co., Ltd. performed capital reduction and returned cash to the Company's subsidiary, Winstek Semiconductor Co., Ltd., in the amount of \$1,000,000, the ratio of capital reduction was 32.25%.
- G. The Company planned to adjust the shareholding structure of Bloomeria Limited and of SIGWIN Corporation Cooperation which it held indirectly to activate the utilisation efficiency of the Group's assets and optimise the shareholders' equity as resolved by the Board of Directors on November 1, 2022. As of December 31, 2022, the adjustment results are as follows:

On November 7, 2022, SIGWIN Corporation performed capital reduction by retiring ordinary shares in the amount of \$216,557 and cash distribution from capital surplus in the amount of \$1,133,443 and returned cash to the Company and the Company's subsidiary, Bloomeria, in the amount of \$8,727 and \$1,341,273, respectively, the ratio of capital reduction was 70%.

On November 29, 2022, SIGWIN Corporation increased cash capital in the amount of \$1,500,000 by issuing 7,653,061 ordinary new shares with a par value of \$10 (in dollars) and an issuance price of \$196 (in dollars) per share. All proceeds from shares issued have been collected and the legal registration procedures had been completed.

On December 16, 2022, the Board of Directors of SIGWIN Corporation resolved the capitalisation of earnings by issuing new shares. The legal registration procedures for the capitalisation of dividends amounting to \$128,000 by issuing 12,800,000 ordinary shares with a par value of NT\$10 (in dollars) per share had been completed.
- H. Bloomeria Limited planned to perform capital reduction in the amount of NT\$1,427,162 by retiring 1,384,602,258 issued shares to activate the utilisation efficiency of the assets of the Group, Company and shareholders as resolved by the Board of Directors on December 14, 2022.

Note: For the year ended December 31, 2022, the transfer-out from construction in progress and

equipment to be inspected amounted to \$634,951, which was transferred to the prepaid expenses \$542.

For the year ended December 31, 2021, the transfer-out from construction in progress and equipment to be inspected amounted to \$826,644. In addition, the amount of transfer-in from prepaid equipment to machinery and equipment was \$174.

- A. Amount of borrowing costs capitalised as part of property, plant and equipment and the range of the interest rates for such capitalisation are as follows:

	2022	2021
Amount capitalised	\$ 15,653	\$ 15,024
Range of the interest rates for capitalisation	1.13%~2.17%	0.99%~1.42%

- B. The significant components of buildings and structures include buildings, laboratory and facility equipment, which are depreciated over 50 and 60 years, respectively.
- C. Information about the property, plant and equipment that were pledged to others as collateral is provided in Note 8.
- D. As of December 31, 2022 and 2021, the area of the land held by the Company was both 43,207 square meters, of which 11,524 square meters was a farming and grazing land held in the name of others. The Company has obtained the mortgage set by the landowner to secure the Company's right on the untransferred part of the land.

(9) Leasing arrangements — lessee

- A. The Company leases various assets, including buildings, machinery and equipment and transportation equipment. For demands of production and operation, lease agreements are typically made for periods of 1 to 5 years, lease terms are negotiated on an individual basis and contain a wide range of different terms and conditions. The lease agreements do not impose covenants, but leased assets may not be used as security for borrowing purposes.
- B. The machinery and transportation equipment leased by the Company were classified as short-term lease contracts because the lease period did not exceed 12 months.

C. The carrying amount of right-of-use assets and the depreciation are as follows:

	December 31, 2022	December 31, 2021
	Carrying amount	Carrying amount
Buildings	\$ 47,258	\$ 67,649
Machinery and equipment	119,567	189,013
Transportation equipment (business vehicles)	5,219	6,390
	<u>\$ 172,044</u>	<u>\$ 263,052</u>
	Year ended December 31, 2022	Year ended December 31, 2021
	Depreciation	Depreciation
Buildings	\$ 21,440	\$ 15,888
Machinery and equipment	46,466	131,496
Transportation equipment (business vehicles)	4,455	5,420
	<u>\$ 72,361</u>	<u>\$ 152,804</u>

D. For the years ended December 31, 2022 and 2021, the additions to right-of-use assets was \$4,333 and \$341,893, respectively.

E. When the lease terms ceased, the Company had preemptive rights on some of leased machinery and equipment. For the years ended December 31, 2022 and 2021, aforementioned lease contracts with preemptive right were due, the Company exercised the preemptive right to buy machinery and equipment in the amount of \$22,981 and \$427,981, respectively.

F. The information on profit and loss accounts relating to lease agreements is as follows:

	Year ended December 31,	
	2022	2021
<u>Items affecting profit or loss</u>		
Interest expense on lease liabilities	\$ 2,769	\$ 7,870
Expense on short-term lease agreements	104,373	120,281

G. For the years ended December 31, 2022 and 2021, the Company's total cash outflow for leases were \$209,582 and \$693,886, respectively.

(10) Other payables

	December 31, 2022	December 31, 2021
Accrued salaries and bonuses	\$ 446,533	\$ 418,979
Accrued employees' compensation and directors' remuneration	417,500	393,000
Payables for equipment and construction	142,588	225,681
Others	601,136	841,555
	<u>\$ 1,607,757</u>	<u>\$ 1,879,215</u>

(11) Bonds payable

Less: Discount on bonds payable	( 80,368)	( 117,272)
	<u>4,419,632</u>	<u>4,528,728</u>
Less: Current portion		
(shown as 'Other current liabilities')	-	( 144,767)
	<u>\$ 4,419,632</u>	<u>\$ 4,383,961</u>

Domestic 3rd Unsecured Convertible Bonds

A. To raise the capital for acquiring machinery and equipment, the Board of Directors of the Company resolved to issue the Domestic 3rd domestic unsecured convertible bonds on August 7, 2019, which had been approved by the FSC. The aforementioned unsecured convertible bonds were priced on October 3, 2019 and were issued on October 15, 2019. The major terms of issuance are as follows:

- (a) Issue amount: Issued at 100.5% of par value of \$100. The units for this offering were 12,000, with aggregated offering amount of \$1,206,000.
- (b) Issuance duration: Three years, from October 15, 2019 to October 15, 2022.
- (c) Coupon rate and principal payment method: The coupon rate is 0% per annum. Except for converting the corporate bonds into the Company's ordinary share by the holder or redemption and written off by the Company through a securities firm, the Company shall repay the nominal amount of the bonds via cash in one lump sum at the time of maturity.
- (d) Conversion period: Except for exercising the right of conversion, provided by the law, or due to a transfer suspension period stipulated in a contract (if any); the corporate bonds held by the bondholders shall be converted into ordinary shares of the Company from three months after the issuance (January 16, 2020) until the maturity date (October 15, 2022).
- (e) Conversion price and its adjustment: The conversion price at the time of issuance is set at \$37 (in dollars) per share. However, in case of ex-rights or ex-dividends after the issuance of the Company's bonds, the closing price used to calculate the conversion price shall first be calculated as the price after ex-rights or ex-dividends. After the conversion price is determined and prior to the actual issuance date, it should be adjusted according to the conversion price adjustment formula in case of ex-dividend or ex-rights. Because the Company has issued the cash dividends according to the provisions of the issuance and conversion method, the conversion price should be adjusted. The conversion price was adjusted from \$37 (in dollars) to \$36.6 (in dollars) on November 15, 2019; and the conversion price was adjusted from \$36.6 (in dollars) to \$34.8 (in dollars) on August 2, 2020; and the conversion price was adjusted from \$34.8 (in dollars) to \$33.2 (in dollars) on August 22,

2021; and the conversion price was adjusted from \$33 (in dollars) to \$30.7 (in dollars) on July 20, 2022.

- (f) The rights and obligations of the new shares converted from the bonds are the same as the issued and outstanding common shares.
  - (g) Under the terms of the bonds, all bonds redeemed (including bonds repurchased from the Taipei Exchange), matured and converted are retired and not to be re-issued; all rights and obligations attached to the bonds are also extinguished.
- B. Regarding the issuance of 3rd unsecured convertible bonds, the equity conversion options amounting to \$43,697 were separated from the liability component and were recognised in 'Capital surplus—share options' in accordance with IAS 32.
- C. The 3rd unsecured convertible bonds matured on October 15, 2022. As of December 31, 2022, the 3rd unsecured convertible bonds totaling \$1,199,900 (face value) had been converted into 35,230,626 shares of common stock. The remaining unconverted bonds amounting to \$100 (face value) were redeemed in cash at face value at the maturity date according to the Article 6 of provisions of the issuance and conversion method of the 3rd domestic unsecured convertible bonds.

#### Domestic 1st Secured Bonds

In order to fulfill working capital, on March 10, 2021, the Company's Board of Directors approved to issue the first domestic secured corporate bonds, the issuance has been filed to Taipei Exchange and has been effective. Main terms of the issuance were as follows:

- (a) Total issuance amount: The bonds were issued at face value of \$1,000, the issuance number was 3,000 with a total issuance amount of \$3,000,000.
- (b) Issuance duration: 5 years, from March 19, 2021 to March 19, 2026.
- (c) Coupon rate and payment method: The coupon rate was fixed rate at 0.58%. Interest will be paid annually. The principle will be paid at once when it is due.
- (d) Secured method: The corporate bond was guaranteed by the syndicated guaranteed engagement performance obligation contract of corporate bond guarantee which were entered by banks.

#### Domestic 4th Unsecured Convertible Bonds

A. To raise the capital for acquiring machinery and equipment, the Board of Directors of the Company resolved to issue the Domestic 4th domestic unsecured convertible bonds on August 4, 2021, which had been approved by the FSC. The aforementioned unsecured convertible bonds were priced on October 2, 2021 and were issued on October 13, 2021. The major terms of issuance are as follows:

- (a) Issue amount: Issued at 106.2% of par value of \$100. The units for this offering were 15,000, with aggregated offering amount of \$1,592,946.
- (b) Issuance duration: Three years, from October 13, 2021 to October 13, 2024.
- (c) Coupon rate and principal payment method: The coupon rate is 0% per annum. Except for converting the corporate bonds into the Company's ordinary share by the holder or

- redemption and written off by the Company through a securities firm, the Company shall repay the nominal amount of the bonds via cash in one lump sum at the time of maturity.
- (d) Conversion period: Except for exercising the right of conversion, provided by the law, or due to a transfer suspension period stipulated in a contract (if any); the corporate bonds held by the bondholders shall be converted into ordinary shares of the Company from three months after the issuance (January 14, 2022) until the maturity date (October 13, 2024).
  - (e) Conversion price and its adjustment: The conversion price at the time of issuance is set at \$65.4 (in dollars) per share. However, in case of ex-rights or ex-dividends after the issuance of the Company's bonds, the closing price used to calculate the conversion price shall first be calculated as the price after ex-rights or ex-dividends. After the conversion price is determined and prior to the actual issuance date, it should be adjusted according to the conversion price adjustment formula in case of ex-dividend or ex-rights. The conversion price was adjusted from \$65.4 (in dollars) to \$60.5 (in dollars) on July 20, 2022.
  - (f) The rights and obligations of the new shares converted from the bonds are the same as the issued and outstanding common shares.
  - (g) Under the terms of the bonds, all bonds redeemed (including bonds repurchased from the Taipei Exchange), matured and converted are retired and not to be re-issued; all rights and obligations attached to the bonds are also extinguished.
- B. Regarding the issuance of the 4th unsecured convertible bonds, the equity conversion options amounting to \$136,893 were separated from the liability component and were recognised in 'Capital surplus—share options' in accordance with IAS 32. The call options embedded in bonds payable were separated from their host contracts and were recognised in 'Financial assets or liabilities at fair value through profit or loss' in net amount in accordance with IFRS 9 because the economic characteristics and risks of the embedded derivatives were not closely related to those of the host contracts. The effective interest rates of the bonds payable after such separation was 0.09%.
- C. As of December 31, 2022, the 4th unsecured convertible bonds hadn't been converted into common stock.

(12) Long-term borrowings

<u>Type of borrowings</u>	<u>Borrowing period and repayment term</u>	<u>Interest rate range</u>	<u>Collateral</u>	<u>December 31, 2022</u>
Long-term bank borrowings				
Credit borrowings	Borrowing period is from September 17, 2018 to May 15, 2032; principal and interest are repayable by instalments	0.90%~1.76%	(Note 1)	\$ 5,109,197
Secured borrowings	Borrowing period is from September 26, 2019 to January 8, 2026; principal and interest are repayable by instalments	1.56%~1.78%	Land, plant and machinery and equipment (Note 3)	761,560
				5,870,757
Less: Current portion (Shown as ‘Other current liabilities’)				( 1,209,097)
				<u>\$ 4,661,660</u>

<u>Type of borrowings</u>	<u>Borrowing period and repayment term</u>	<u>Interest rate range</u>	<u>Collateral</u>	<u>December 31, 2021</u>
Long-term bank borrowings				
Credit borrowings	Borrowing period is from September 17, 2018 to August 10, 2026; principal and interest are repayable by instalments	0.95%~1.35%	(Note 2)	\$ 5,524,225
Secured borrowings	Borrowing period is from September 26, 2019 to January 8, 2026; principal and interest are repayable by instalments	0.79%~1.19%	Land, plant and machinery and equipment (Note 4)	483,345
				6,007,570
Less: Current portion (Shown as ‘Other current liabilities’)				( 2,279,068)
				<u>\$ 3,728,502</u>

Note 1: Credit borrowings

According to the signed loan agreements contracts, the following financial ratios and terms should be maintained before the full settlement of the debts:

- A. Current ratio: the net current assets divided by the net current liabilities in the consolidated financial statements shall not be less than 100%.
- B. Debt ratio: the total net liabilities plus contingent liabilities divided by net tangible assets in the consolidated financial statements shall not be more than 100%.
- C. Times interest earned: the net profit before tax plus interest expense, depreciation expense and amortisation expense divided by interest expense of consolidated financial statements shall be more than 10.
- D. Net tangible assets shall not be less than \$11 billion.
- E. On July 1, 2019 Ministry of Economic Affairs R.O.C. (“MOEA”) implemented the “Action Plan for welcoming Overseas Taiwanese Businesses to Return to Invest in Taiwan” and companies are subsidized by financial institutes with preferential interest loans 0.7% ~ 1.1% of loan interest for qualified investment projects. The Group has obtained the qualification from the MOEA and signed loan agreements with financial institutions for the line of credit amounted to \$3.18 billion with term of 10 years. For the year ended December 31, 2022 the Company recognized grant revenue from the borrowing project in the amount of \$1,188.

Note 2: Credit borrowings

According to the signed loan agreements, the following financial ratios and terms should be maintained before the full settlement of the debts:

- A. Current ratio: the net current assets divided by the net current liabilities in the consolidated financial statements shall not be less than 100%.
- B. Debt ratio: the total net liabilities plus contingent liabilities divided by net tangible assets in the consolidated financial statements shall not be more than 80%.
- C. Times interest earned: the net profit before tax plus interest expense, depreciation expense and amortisation expense divided by interest expense in the consolidated financial statements shall not be less than 15.
- D. Net tangible assets shall not be less than \$10 billion.

Note 3: Secured borrowings

According to the signed loan agreements, the following financial ratios and terms should be maintained before the full settlement of the debts:

- A. Debt ratio: the total net liabilities plus contingent liabilities divided by net tangible assets in the consolidated financial statements shall not be more than 100%.
- B. Cash and cash equivalents divided by short-term borrowings plus current portion of long-term borrowings and corporate bond shall not be less than 1.
- C. The purpose of bank borrowing shall be acquisition of equipment and working capital.

Note 4: Secured borrowings

According to the signed loan agreements, the following financial ratios and terms should be maintained before the full settlement of the debts:

- A. Current ratio: the net current assets divided by the net current liabilities in the consolidated financial statements shall not be less than 120%.
- B. Debt ratio: the total net liabilities plus contingent liabilities divided by net tangible assets in the consolidated financial statements shall not be more than 100%.
- C. Net tangible assets shall not be less than \$11 billion.
- D. Times interest earned: the net profit before tax plus interest expense, depreciation expense and amortisation expense divided by interest expense in the consolidated financial statements shall not be less than 3.
- E. The purpose of bank borrowing shall be acquisition of equipment and working capital.

The abovementioned ratios were calculated based on the semi-annual consolidated financial statements audited or reviewed by the independent accountants. The 2022 and 2021 consolidated financial statements met the requirements of the abovementioned ratios.

### (13) Pensions

- A. (a) The Company has a defined benefit pension plan in accordance with the Labor Standards Act, covering all regular employees' service years prior to the enforcement of the Labor Pension Act on July 1, 2005 and service years thereafter of employees who chose to continue to be subject to the pension mechanism under the Labor Standards Act. Under the defined benefit pension plan, two units are accrued for each year of service for the first 15 years and one unit for each additional year thereafter, subject to a maximum of 45 units. Pension benefits are based on the number of units accrued and the average monthly salaries and wages of the last 6 months prior to retirement. The Company contributes monthly an amount equal to 2% of the employees' monthly salaries and wages to the pension fund deposited with Bank of Taiwan, the trustee, under the name of the independent pension fund committee. Also, the Company would assess the balance in the aforementioned labor pension reserve account by December 31, every year. If the account balance is insufficient to pay the pension calculated by the aforementioned method to the employees expected to qualify for retirement in the following year, the Company will make contributions for the deficit by next March.
- (b) The amounts recognised in the balance sheet are as follows:

	<u>December 31, 2022</u>	<u>December 31, 2021</u>
Present value of defined benefit obligations	(\$ 261,386)	(\$ 269,653)

At December 31	<u>(\$ 269,653)</u>	<u>\$ 96,284</u>	<u>(\$ 173,369)</u>

(d) The Bank of Taiwan was commissioned to manage the fund of the Company's defined benefit pension plan in accordance with the fund's annual investment and utilisation plan and the "Regulations for Revenues, Expenditures, Safeguard and Utilisation of the Labor Retirement Fund" (Article 6: The scope of utilisation for the fund includes deposit in domestic or foreign financial institutions, investment in domestic or foreign listed, over-the-counter, or private

placement equity securities, investment in domestic or foreign real estate securitisation products, etc.). With regard to the utilisation of the fund, its minimum earnings in the annual distributions on the final financial statements shall be no less than the earnings attainable from the amounts accrued from two-year time deposits with the interest rates offered by local banks. If the earnings is less than aforementioned rates, government shall make payment for the deficit after being authorised by the Regulator. The Company has no right to participate in managing and operating that fund and hence the Company is unable to disclose the classification of plan asset fair value in accordance with IAS 19 paragraph 142. The composition of fair value of plan assets as of December 31, 2022 and 2021 is given in the Annual Labor Retirement Fund Utilisation Report announced by the government.

(e) The principal actuarial assumptions used were as follows:

	Year ended December 31, 2022	Year ended December 31, 2021
Discount rate	1.15%	0.75%
Future salary increases	3.00%	3.00%

Assumptions regarding future mortality rate are set based on actuarial advice in accordance with published statistics and experience in Taiwan.

Because the main actuarial assumption changed, the present value of defined benefit obligation is affected. The analysis was as follows:

	Discount rate		Future salary increases	
	Increase 0.25%	Decrease 0.25%	Increase 1%	Decrease 1%
December 31, 2022				
Effect on present value of defined benefit obligations	(\$ 4,665)	\$ 4,826	\$ 19,755	(\$ 17,613)
December 31, 2021				
Effect on present value of defined benefit obligations	(\$ 5,713)	\$ 5,939	\$ 24,382	(\$ 21,344)

The sensitivity analysis above is based on a change in one assumption while the other conditions remain unchanged. In practice, more than one assumption may change all at once. The method of analysing sensitivity and the method of calculating net pension liabilities in the balance sheet are the same.

The method of analysing sensitivity and the method of assumptions did not change compared to the previous period.

(f) Expected contributions to the defined benefit pension plan of the Company for the year ending December 31, 2023 amount to \$4,141.

B. (a) Effective July 1, 2005, the Company has established a defined contribution pension plan (the “New Plan”) under the Labor Pension Act (the “Act”), covering all regular employees with R.O.C. nationality. Under the New Plan, the Company contributes monthly an amount based on 6% of the employees’ monthly salaries and wages to the employees’ individual pension accounts at the Bureau of Labor Insurance. The benefits accrued are paid monthly or in lump sum upon termination of employment.

(b) The pension costs under defined contribution pension plan of the Company for the years ended December 31, 2022 and 2021 were \$62,256 and \$59,432, respectively.

(14) Share capital

As of December 31, 2022, the Company’s authorised capital was \$10,000,000, consisting of 1,000,000 thousand shares of ordinary stock (including 20,000 thousand shares reserved for employee stock options), and the paid-in capital was \$4,567,410 with a par value of \$10 (in dollars) per share. All proceeds from shares issued have been collected.

Movements in the number of the Company’s ordinary shares outstanding are as follows:

	2022	2021
At January 1	452,078,156	431,611,382
Conversion of corporate bonds	4,662,864	20,466,774
At December 31	<u>456,741,020</u>	<u>452,078,156</u>

(15) Capital surplus

Pursuant to the R.O.C. Company Act, capital surplus arising from paid-in capital in excess of par value on issuance of common stocks and donations can be used to cover accumulated deficit or to issue new stocks or cash to shareholders in proportion to their share ownership, provided that the Company has no accumulated deficit. Further, the R.O.C. Securities and Exchange Act requires that the amount of capital surplus to be capitalised mentioned above should not exceed 10% of the paid-in capital each year. Capital surplus should not be used to cover accumulated deficit unless the legal reserve is insufficient.

	2022			
	Share premium	Consolidation premium	Share options	Total

At December 31	<u>\$ 555,999</u>	<u>\$ 244,129</u>	<u>\$ 142,225</u>	<u>\$ 942,353</u>

(16) Retained earnings

A. Under the Company's Articles of Incorporation, the current year's earnings, if any, shall first be used to pay all taxes and offset prior years' operating losses and then 10% of the remaining amount shall be set aside as legal reserve. Legal reserve will not be necessary once the reserve is equal to total paid-in capital. And set aside or reverse the special surplus reserve as needed. The remainder plus undistributed earnings is distributable earnings.

B. Except for covering accumulated deficit or issuing new stocks or cash to shareholders in proportion to their share ownership, the legal reserve shall not be used for any other purpose. The use of legal reserve for the issuance of stocks or cash to shareholders in proportion to their share ownership is permitted, provided that the distribution of the reserve is limited to the portion in excess of 25% of the Company's paid-in capital.

The distribution of the Company's distributable earnings is made via cash dividends or stock dividends. Dividends are given priority in the form of cash dividends in terms of distributable earnings and is also distributed via stock dividends. The ratio for cash dividends shall not be less than 10% of total dividends to be distributed.

On July 15, 2021, the Company's shareholders approved the distribution of the Company's distributable earnings via cash dividends or in shares dividends. The first priority of distribution of earnings is cash and it can be distributed in shares as well. The appropriation of shareholders dividends was 10%~80% of distributable earnings in the current year, the ratio of cash dividends can not be lower than 10%.

On June 9, 2022 the Company's shareholders approved the Company may, pursuant to a resolution to adopted by the Board of Directors as required in Item 5 Article 240 of the Company Act, distribute its dividends and bonuses, in whole or in part by cash ; and in addition there to a report of such distribution shall be submitted to the shareholders' meeting.

C. In accordance with the regulations, the Company shall set aside special reserve from the debit balance on other equity items at the balance sheet date before distributing earnings. When debit balance on other equity interests is reversed subsequently, the reversed amount could be included in the distributable earnings.

D. The appropriations of 2021 and 2020 earnings had been resolved at shareholders' meeting on June 9, 2022 and July 15, 2021, respectively. Details are as below:

	2021		2020	
	Amount	Dividends per share (in dollars)	Amount	Dividends per share (in dollars)
Legal reserve	\$ 284,248		\$ 175,518	
Cash dividends	1,369,427	\$ 3.00	880,165	\$ 2.00
Total	<u>\$ 1,653,675</u>		<u>\$ 1,055,683</u>	

E. On June 9, 2022 and July 15, 2021, the shareholders' meeting resolved the cash distribution of capital surplus amounting to \$502,123 in cash (\$1.10 (in dollars) per share) and \$396,074 in cash (\$0.90 (in dollars) per share), respectively.

F. On March 7, 2023, the Board of Directors resolved the appropriation for 2022 earnings through distribution of cash dividends amounting to \$1,918,312 in cash (\$4.2 (in dollars) per share).

G. Information of appropriation resolved by shareholder's meeting and the Board of Directors will be posted in the "Market Observation Post System".

	<u>183,389</u>	<u>112,427</u>
Other receivables — lending of machinery and equipment for testing		
Subsidiary	-	140
Other receivables — purchase on behalf of related parties		
Subsidiaries	23	20
Other receivables — sale of property, plant and equipment		
Subsidiaries	159,300	143,580
Others receivables — other		
Subsidiaries	<u>8,540</u>	<u>415</u>
	<u>167,863</u>	<u>144,155</u>
	<u>\$ 351,252</u>	<u>\$ 256,582</u>

The receivables from related parties arise mainly from sale transactions and sale of property, plant and equipment. The receivables are due 2 months after the date of sales. The receivables are unsecured in nature and bear no interest. There are no provisions held against receivables from related parties.

C. Payables to related parties:

	<u>December 31, 2022</u>	<u>December 31, 2021</u>
Accounts payable:		
Other payables — borrowing of machinery and equipment for testing:		
Subsidiaries	\$ 1,910	\$ 5,344
Other payables — others:		
Subsidiaries	<u>2,506</u>	<u>5,656</u>
	<u>\$ 4,416</u>	<u>\$ 11,000</u>

The payable to related parties arise mainly from borrowing of machinery and equipment for testing, acquisition of accessories and acquisition of property, plant and equipment. The payables are due 2 months after the date of transaction. The receivables are unsecured in nature and bear no interest.

D. Property transactions:

(a) Acquisition of property, plant and equipment:

	Year ended December 31,	
	2022	2021
Subsidiaries	\$ -	\$ 33,483

(b) Disposal of property, plant and equipment

	Year ended December 31, 2022		Year ended December 31, 2021	
	Proceeds	Gain on disposal	Proceeds	Gain on disposal
Subsidiaries	\$ 22,462	\$ 3,956	\$ 54,121	\$ 11,560

(c) Participated in subsidiaries' issuance of cash capital

	Accounts	No. of shares	Objects	Year ended December 31, 2022
				Consideration
Yann Yuan Investments Co., Ltd	Financial asset at fair value through other comprehensive income	8,400,000	Common stock	\$ 546,000
SIGWIN Cooperation	Investment accounted for using equity method	7,653,061	Common stock	1,500,000
Total				\$ 2,046,000

	Accounts	No. of shares	Objects	Year ended December 31, 2021
				Consideration
Yann Yuan Investments Co., Ltd.	Financial asset at fair value through other comprehensive income	1,000,000	Common stock	\$ 158,000
Sigurd UTC Corporation	Investment accounted for using equity method	70,133,700	Common stock	701,337
Bugurd Co., Ltd.	Investment accounted for using equity method	Note	Note	41,931
Total				\$ 901,268

Note: This subsidiary was a limited corporation and thus the number of shares was not applicable. In addition the Company acquired a dividend of 2 shares per share, totaling 14,000 thousand shares from Yann Yuan Investment Co., Ltd.

(d) Subsidiaries reduced capital by returning cash

				Year ended December 31, 2022	
	Accounts	No. of shares	Objects	Proceeds	Gain/(loss)
SIGWIN Cooperation	Investment accounted for using equity method	140,000	Common stock	\$ 8,727	\$ -

Subsidiaries	Lease expenses	\$ 58,850	\$ 51,594
Subsidiary	Research and development expense — research expense	\$ 16,800	\$ 13,400

(3) Key management compensation

		Year ended December 31,	
		2022	2021
Salaries and Short-term employee benefits		\$ 119,734	\$ 121,283
Post-employment benefits		1,078	1,066
Total		\$ 120,812	\$ 122,349

## 8. PLEDGED ASSETS

The Company's assets pledged as collateral are as follows:

<u>Pledged assets</u>	<u>Book value</u>		<u>Purpose</u>
	<u>December 31, 2022</u>	<u>December 31, 2021</u>	
Property, plant and equipment	<u>\$ 1,204,324</u>	<u>\$ 1,450,149</u>	Short-term and long-term borrowings

Note: Shown as 'Non-current financial assets at amortised cost-non-current'.

## 9. SIGNIFICANT CONTINGENT LIABILITIES AND UNRECOGNISED CONTRACT COMMITMENTS

### (1) Contingencies

None.

### (2) Commitments

Capital expenditures contracted for at the balance sheet date but not yet incurred are as follows:

	<u>December 31, 2022</u>	<u>December 31, 2021</u>
Property, plant and equipment	<u>\$ 1,701,973</u>	<u>\$ 2,456,181</u>

## 10. SIGNIFICANT DISASTER LOSS

None.

## 11. SIGNIFICANT EVENTS AFTER THE REPORTING PERIOD

Please refer to Note 6(16) for the appropriation for 2022 earnings.

## 12. OTHERS

### (1) Capital management

The Company's capital management objectives are to ensure that the Company can continue to operate, maintain the best capital structure to reduce capital costs, and provide compensation to shareholders. To maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares, or sell assets to reduce debt. The Company uses the debt-to-capital ratio to monitor its capital, which is calculated as net debt divided by total capital. Net debt is calculated as total borrowings (including current and non-current borrowings as reported in the parent company only balance sheet) minus cash and cash equivalents. The calculation of total capital is the equity reported in the parent company only balance sheet plus the net debt.

The Company's strategy for 2022 remained the same as that of 2021, which was committed to maintain the debt-to-capital ratio at around 40%. As of December 31, 2022 and 2021, the Company's debt ratio was both less than 40%.

(2) Financial instruments

A. Financial instruments by category

	<u>December 31, 2022</u>	<u>December 31, 2021</u>
<u>Financial assets</u>		
Financial assets mandatorily measured at fair value through profit or loss	\$ 396,204	\$ 481,282
Financial assets at fair value through other comprehensive income	1,496,469	1,453,872
Financial assets at amortised cost		
Cash and cash equivalents	4,210,462	3,802,894
Financial assets at amortised cost	308,480	108,480
Accounts receivable (including related parties)	2,259,658	2,343,687
Other receivables (including related parties)	206,761	183,699
Guarantee deposits paid	15,914	16,214
	<u>\$ 8,893,948</u>	<u>\$ 8,390,128</u>
	<u>December 31, 2022</u>	<u>December 31, 2021</u>
<u>Financial liabilities</u>		
Financial liabilities at amortised cost		
Notes payable	\$ 252	\$ 259
Accounts payable	91,373	131,069
Other payables (including related parties)	1,612,173	1,890,215
Corporate bonds payable (including current portion)	4,419,632	4,528,728
Long-term borrowings (including current portion)	5,870,757	6,007,570
Guarantee deposits received	6,526	6,761
	<u>\$ 12,000,713</u>	<u>\$ 12,564,602</u>
Lease liabilities ( including current portion)	<u>\$ 141,414</u>	<u>\$ 239,521</u>

B. Financial risk management policies

- (a) The Company's activities expose it to a variety of financial risks: market risk (including foreign exchange risk, interest rate risk and price risk), credit risk and liquidity risk. The overall risk management policies are carried out to focus on unforeseen events in markets and to minimise any adverse effects on the financial position and financial performance of the Company.

- (b) Risk management is carried out by the Company treasury under policies approved by the Board of Directors. Company treasury identifies, evaluates and hedges financial risks in close co-operation with the Company's operating units. The Board provides written principles for overall risk management, as well as written policies covering specific areas and matters, such as foreign exchange risk, interest rate risk, credit risk, use of derivative financial instruments and non-derivative financial instruments, and investment of excess liquidity.

C. Significant financial risks and degrees of financial risks

(a) Market risk

Foreign exchange risk

- i. The Company operates internationally and is exposed to foreign exchange risk arising from the transactions of the Company using various currencies, primarily with respect to the USD. Foreign exchange risk arises from future commercial transactions and recognised assets and liabilities.
- ii. Management of the Company has set up policies to require Company treasury to hedge foreign exchange risk exposure. Exchange rate risk is measured through a forecast of highly probable USD and RMB expenditures. Foreign currency forward contracts are utilised to minimise the volatility of the exchange rate on cost of expected inventory purchases.
- iii. The Company's businesses involve some non-functional currency operations (the Company's functional currency: NTD). The information on assets and liabilities denominated in foreign currencies whose values would be materially affected by the exchange rate fluctuations is as follows:

December 31, 2022			
	Foreign currency		Book value
	amount		
	(in thousands)	Exchange rate	(NTD)
(Foreign currency: functional currency)			
<u>Financial assets</u>			
<u>Monetary items</u>			
USD:NTD	\$ 262,091	30.71	\$ 8,048,805
<u>Financial liabilities</u>			
<u>Monetary items</u>			
USD:NTD	\$ 3,116	30.71	\$ 95,700

December 31, 2021			
	Foreign currency	Exchange rate	Book value
	amount (in thousands)		(NTD)
(Foreign currency: functional currency)			
<u>Financial assets</u>			
<u>Monetary items</u>			
USD:NTD	\$ 160,621	27.68	\$ 4,445,989
<u>Financial liabilities</u>			
<u>Monetary items</u>			
USD:NTD	\$ 4,482	27.68	\$ 124,062
iv. The total exchange gain (losses), including realised and unrealised arising from significant foreign exchange variations on monetary items held by the Company for the years ended December 31, 2022 and 2021, amounted to \$508,162 and (\$13,822), respectively.			
v. Analysis of foreign currency market risk arising from significant foreign exchange variations:			

Year ended December 31, 2022				
Sensitivity analysis				
	Degree of variation	Effect on profit or loss	Effect on other comprehensive income	
(Foreign currency: functional currency)				
<u>Financial assets</u>				
<u>Monetary items</u>				
USD:NTD	1%	\$ 80,488	\$	-
RMB:NTD	1%	122	\$	-
<u>Financial liabilities</u>				
<u>Monetary items</u>				
USD:NTD	1%	(\$ 957)	\$	-
JPY:NTD	1%	( 69)		-

	Year ended December 31, 2021		
	Sensitivity analysis		
	Degree of variation	Effect on profit or loss	Effect on other comprehensive income
(Foreign currency: functional currency)			
<u>Financial assets</u>			
<u>Monetary items</u>			
USD:NTD	1%	\$ 44,460	\$ -
<u>Financial liabilities</u>			
<u>Monetary items</u>			
USD:NTD	1%	(\$ 1,241)	\$ -

#### Price risk

- i. The Company's investments in equity securities, which are exposed to price risk, consist of financial assets at fair value through profit or loss and financial assets at fair value through other comprehensive income. To manage its price risk arising from investments in equity securities, The Company diversifies its portfolio. Diversification of the portfolio is done in accordance with the limits set by the Company.
- ii. The Company's investments in equity securities comprise shares and open-end funds issued by the domestic companies. The prices of equity securities would change due to the change of the future value of investee companies. If the prices of these equity securities had increased/decreased by 1% with all other variables held constant, post-tax profit for the years ended December 31, 2022 and 2021 would have increased/decreased by \$2,453 and \$3,388, respectively, as a result of gains/losses on equity securities classified as at fair value through profit or loss; other comprehensive income would have increased/decreased by \$14,965 and \$14,539, respectively, as a result of the above change on financial assets at fair value through other comprehensive income.

#### Cash flow and fair value Interest rate risk

- i. The Company's main interest rate risk arises from short-term borrowings and long-term borrowings with floating rates, which expose the Company to cash flow interest rate risk. During 2022 and 2021, the Company's borrowings at floating rate were mainly denominated in New Taiwan dollars and US dollars.
- ii. The Company's borrowings are measured at amortised cost. The borrowings are periodically contractually repriced and to that extent are also exposed to the risk of future changes in market interest rates.
- iii. If the borrowing interest rate had increased/decreased by 1% with all other variables held constant, profit before tax for the years ended December 31, 2022 and 2021 would have decreased/increased by \$58,708 and \$60,076, respectively. Changes in interest expense

mainly results from floating-rate borrowings.

(b) Credit risk

- i. Credit risk refers to the risk of financial loss to the Company arising from default by the clients or counterparties of financial instruments on the contract obligations. The main factor is that counterparties could not repay in full the accounts receivable based on the agreed terms, and the contract cash flows of debt instruments stated at amortised cost.
- ii. The Company manages their credit risk taking into consideration the entire Company's perspective. For banks and financial institutions, only independently rated parties with a minimum rating of 'A' are accepted. According to the credit policy, the Company is responsible for managing and analysing the credit risk for each of their new clients before standard payment and delivery terms and conditions are offered. Internal risk control assesses the credit quality of the customers, taking into account their financial position, past experience and other factors. Individual credit limits are set based on internal or external ratings in accordance with limits set by the Board of Directors. The utilisation of credit limits is regularly monitored.
- iii. The Company adopts the assumptions under IFRS 9, and the default occurs when the contract payments are past due over 90 days.
- iv. The Company adopts following assumptions under IFRS 9 to assess whether there has been a significant increase in credit risk on that instrument since initial recognition:
  - (i) If the contract payments were past due over 30 days based on the terms, there has been a significant increase in credit risk on that instrument since initial recognition.
  - (ii) For investments in bonds that are traded over the counter, if any external credit rating agency rates these bonds as investment grade, the credit risk of these financial assets is treated low.
- v. The Company categorised customers' accounts receivable and contract assets in accordance with credit rating of customer. The Company applies the modified approach using provision matrix, loss rate methodology to estimate expected credit loss under the provision matrix basis.
- vi. The following indicators are used to determine whether the credit impairment of debt instruments has occurred:
  - (i) It becomes probable that the issuer will enter into bankruptcy or other financial reorganisation due to financial difficulties;
  - (ii) The disappearance of an active market for that financial asset because of financial difficulties of the issuer;
  - (iii) Default or delinquency in interest or principal repayments;
  - (iv) Adverse changes in national or regional economic conditions that are expected to cause a default.

- vii. The Company used the forecastability of the future to adjust historical and current information to assess the default possibility of accounts receivable and contract assets. As of December 31, 2022 and 2021, the provision matrix is as follows:

	Not past due	Up to 30 days past due	31~90 days past due	91~180 days past due	Over 180 days	Total
<u>At December 31, 2022</u>						
Expected loss rate	0.33%	0.58%	23.66%~24.79%	32.18%	32.18%~100%	
Total book value	\$ 2,347,359	\$ 18,345	\$ 852	\$ -	\$ -	\$ 2,366,556
Loss allowance	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -
	Not past due	Up to 30 days past due	31~90 days past due	91~180 days past due	Over 180 days	Total
<u>At December 31, 2021</u>						
Expected loss rate	0.11%	0.29%	3.83%~16.95%	30.88%	41.07%~100%	
Total book value	\$ 2,467,634	\$ 17,789	\$ 1,635	\$ -	\$ -	\$ 2,487,058
Loss allowance	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -

- viii. The Company writes off the financial assets, which cannot be reasonably expected to be recovered, after initiating recourse procedures. However, the Company will continue executing the recourse procedures to secure their rights. The Company has no financial assets subject to write off on December 31, 2022 and 2021.
- ix. Movements in loss allowance for investments in debt instruments carried at amortised cost are as follows:

	December 31, 2022			
	Lifetime			
	12 months	Significant increase in credit risk	Impairment of credit	Total
Financial assets at amortised cost	\$ 308,480	\$ -	\$ -	\$ 308,480
	December 31, 2021			
	Lifetime			
	12 months	Significant increase in credit risk	Impairment of credit	Total
Financial assets at amortised cost	\$ 108,480	\$ -	\$ -	\$ 108,480

The financial assets at amortised cost held by the Company are all time deposits with maturity over three months and pledged time deposit. The credit risk rating has no significant abnormal situation.

(c) Liquidity risk

- i. Cash flow forecasting is performed in the operating departments of the Company and aggregated by Company treasury. Company treasury monitors rolling forecasts of the Company's liquidity requirements to ensure it has sufficient cash to meet operational needs while maintaining sufficient headroom on its undrawn borrowing facilities at all times so that the Company does not breach borrowing limits or covenants on any of its borrowing facilities. Such forecasting takes into consideration the Company's debt financing plans, covenant compliance, compliance with internal balance sheet ratio targets and, if applicable, external regulatory or legal requirements, for example, currency restrictions.
- ii. The Company has the following undrawn borrowing facilities:

	December 31, 2022	December 31, 2021
Floating rate:		
Expiring within one year	\$ 2,257,943	\$ 1,829,758
Expiring beyond one year	5,193,778	2,450,000
	<u>\$ 7,451,721</u>	<u>\$ 4,279,758</u>

- iii. The table below analyses the Company's non-derivative financial liabilities into relevant maturity groupings based on the remaining period at the balance sheet date to the contractual maturity date for non-derivative financial liabilities. The amounts disclosed in the table are the contractual undiscounted cash flows.

December 31, 2022	Less than 6 months	Between 6 months and 1 year	Between 1 and 2 years	Over 2 years	Total
<u>Non-derivative financial liabilities</u>					
Notes payable	\$ 252	\$ -	\$ -	\$ -	\$ 252
Accounts payable	91,373	-	-	-	91,373
Other payables (including related parties)	1,612,173	-	-	-	1,612,173
Lease liabilities	41,049	38,643	33,258	31,117	144,067
Bonds payable (including current portion)	-	17,400	17,400	4,552,200	4,587,000
Guarantee deposits received	-	-	-	6,526	6,526
Long-term borrowings (including current portion)	681,421	600,958	2,489,370	2,254,891	6,026,640

December 31, 2021	Less than 6 months	Between 6 months and 1 year	Between 1 and 2 years	Over 2 years	Total
<u>Non-derivative financial liabilities</u>					
Notes payable	\$ 259	\$ -	\$ -	\$ -	\$ 259
Accounts payable	131,069	-	-	-	131,069
Other payables (including related parties)	1,890,215	-	-	-	1,890,215
Lease liabilities	64,717	40,107	77,802	63,190	245,816
Bonds payable (including current portion)	17,400	146,000	34,800	4,534,800	4,733,000
Guarantee deposits received	-	-	-	6,761	6,761
Long-term borrowings (including current portion)	1,839,102	487,033	1,541,124	2,241,198	6,108,457

### (3) Fair value information

A. The different levels that the inputs to valuation techniques are used to measure fair value of financial and non-financial instruments have been defined as follows:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date. A market is regarded as active where a market in which transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis. The fair value of the Company's investments in listed stocks and beneficiary certificates are included in Level 1

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Unobservable inputs for the asset or liability. The fair value of the Company's investments in equity investment without active market are included in Level 3.

B. Financial instruments not measured at fair value

Except for those listed in the table below, the carrying amounts of cash and cash equivalents, financial assets at amortised cost, accounts receivable, other receivables, short-term and long-term borrowings, notes payable, accounts payable and other payables are approximate to their fair values.

	December 31, 2022			
	Book value	Fair value		
		Level 1	Level 2	Level 3
Financial liabilities:				
Bonds payable				
(including current portion)	<u>\$ 4,419,632</u>	<u>\$ -</u>	<u>\$ 4,249,048</u>	<u>\$ -</u>

December 31, 2021				
	Book value	Fair value		
		Level 1	Level 2	Level 3
Financial liabilities:				
Bonds payable				
(including current portion)	\$ 4,528,728	\$ -	\$ 4,455,912	\$ -

C. The related information of financial and non-financial instruments measured at fair value by level on the basis of the nature, characteristics and risks of the assets and liabilities is as follows:

December 31, 2022	Level 1	Level 2	Level 3	Total
<b>Assets</b>				
<u>Recurring fair value measurements</u>				
Financial assets at fair value through profit or loss				
Beneficiary certificate	\$ 245,341	\$ -	\$ -	\$ 245,341
Corporate bonds	150,863	-	-	150,863
Financial assets at fair value through other comprehensive income				
Equity securities	96,886	-	1,399,583	1,496,469
	<u>\$ 493,090</u>	<u>\$ -</u>	<u>\$ 1,399,583</u>	<u>\$ 1,892,673</u>
December 31, 2021	Level 1	Level 2	Level 3	Total
<b>Assets</b>				
<u>Recurring fair value measurements</u>				
Financial assets at fair value through profit or loss				
Beneficiary certificate	\$ 338,833	\$ -	\$ -	\$ 338,833
Corporate bonds	141,399	-	-	141,399
Redemption right of convertible bonds of the company	-	-	1,050	1,050
Financial assets at fair value through other comprehensive income				
Equity securities	119,746	-	1,334,126	1,453,872
	<u>\$ 599,978</u>	<u>\$ -</u>	<u>\$ 1,335,176</u>	<u>\$ 1,935,154</u>

(b) The methods and assumptions the Company used to measure fair value are as follows:

- i. The instruments the Company used market quoted prices as their fair values (that is, Level 1) are listed below by characteristics:

	Closed-end fund	Corporate bond	Convertible (exchangeable) bond
Market quoted price	Closing price	Weighted average quoted price	Closing price

- ii. Except for financial instruments with active markets, the fair value of other financial instruments is measured by using valuation techniques or by reference to counterparty quotes. The fair value of financial instruments measured by using valuation techniques can be referred to current fair value of instruments with similar terms and characteristics in substance, discounted cash flow method or other valuation methods, including calculated by applying model using market information available at the consolidated balance sheet date.
- D. For the years ended December 31, 2022 and 2021, there was no transfer between Level 1 and Level 2.
- E. The following chart is the movement of Level 3 for the years ended December 31, 2022 and 2021:

	<u>2022</u>	<u>2021</u>
	<u>Equity securities</u>	<u>Equity securities</u>
At January 1	\$ 1,335,176	\$ 769,047
Gains and losses recognised in other comprehensive income		
Recorded as unrealised gains on valuation of investments in equity instruments measured at fair value through other comprehensive income	( 481,593)	407,079
Purchases in the year	546,000	158,000
Issuance of corporate bonds this year	-	1,050
At December 31	<u>\$ 1,399,583</u>	<u>\$ 1,335,176</u>

- F. For the years ended December 31, 2022 and 2021, there was no transfer into or out from Level 3.
- G. Company treasury is in charge of valuation procedures for fair value measurements being categorised within Level 3, which is to verify independent fair value of financial instruments. Such assessment is to ensure the valuation results are reasonable by applying independent information to make results close to current market conditions, confirming the resource of information is independent, reliable and in line with other resources and represented as the exercisable price, and frequently calibrating valuation model, performing back-testing, updating inputs used to the valuation model and making any other necessary adjustments to the fair value.

H. The following is the qualitative information of significant unobservable inputs and sensitivity analysis of changes in significant unobservable inputs to valuation model used in Level 3 fair value measurement:

	Fair value at December 31, 2022	Valuation technique	Significant unobservable input	Range (weighted average)	Relationship of inputs to fair value
Non- derivative equity instrument: Unlisted shares	\$ 1,399,583	Net asset value	Not applicable	0.9%	The higher the net asset value, the higher the fair value
	Fair value at December 31, 2021	Valuation technique	Significant unobservable input	Range (weighted average)	Relationship of inputs to fair value
Non- derivative equity instrument: Unlisted shares	\$ 1,334,126	Net asset value	Not applicable	0.90	The higher the net asset value, the higher the fair value
Financial assets at fair value through profit or loss - redemption right of corporate bonds	1,050	The Binomial- Tree approach to convertible bonds	Stock price volatility	32.49%	The higher the price volatility, the higher the fair value

I. The Company has carefully assessed the valuation models and assumptions used to measure fair value; therefore, the fair value measurement is reasonable. However, use of different valuation models or assumptions may result in difference measurement. The following is the effect of profit or loss or of other comprehensive income from financial assets and financial liabilities categorised within Level 3 if the inputs used to valuation models have changed:

		December 31, 2022				
				Recognised in other		
				Recognised in profit or loss	comprehensive income	
				Favourable	Unfavourable	Favourable
				change	change	change
		Input	Change			Unfavourable change
Financial liabilities						
Redemption right of corporate bonds	Volatility	±1%	\$ -	\$ -	\$ -	\$ -

		December 31, 2021				
				Recognised in other		
				Recognised in profit or loss	comprehensive income	
				Favourable	Unfavourable	Favourable
				change	change	change
		Input	Change			Unfavourable change
Financial liabilities						
Redemption right of corporate bonds	Volatility	±1%	\$ 150	(\$ 150)	\$ -	\$ -

(4) Impact of amid the novel coronavirus crisis on the Company's operations

The Company has evaluated amid the novel coronavirus crisis, the Company's ability to continue as a going concern, asset impairment and financing risks have not been greatly affected.

13. SUPPLEMENTARY DISCLOSURES

(1) Significant transactions information

A. Loans to others: Please refer to table 1.

B. Provision of endorsements and guarantees to others: Please refer to table 2.

C. Holding of marketable securities at the end of the year (not including subsidiaries, associates and joint ventures): Please refer to table 3.

D. Acquisition or sale of the same security with the accumulated cost exceeding \$300 million or 20% of the Company's paid-in capital: Please refer to table 4.

E. Acquisition of real estate reaching \$300 million or 20% of paid-in capital or more: None.

F. Disposal of real estate reaching \$300 million or 20% of paid-in capital or more: None.

G. Purchases or sales of goods from or to related parties reaching \$100 million or 20% of paid-in capital or more: Please refer to table 5.

H. Receivables from related parties reaching \$100 million or 20% of paid-in capital or more: Please refer to table 6.

I. Trading in derivative instruments undertaken during the reporting year: None.

J. Significant inter-company transactions during the reporting year: Please refer to table 7.

(2) Information on investees

Names, locations and other information of investee companies (not including investees in Mainland China): Please refer to table 8.

(3) Information on investments in Mainland China

A. Basic information: Please refer to table 9.

B. Significant transactions, either directly or indirectly through a third area, with investee companies in the Mainland China: Please refer to table 7.

(5) Major shareholders information

As of December 31, 2022, there is no major shareholder who held equally or more than 5% shareholding of the Company.

14. SEGMENT INFORMATION

Segment information is exempt from the parent only financial statements disclosures pursuant to the provisions provided by IFRS 8 “Operating Segments”. However, it is required for disclosed in the consolidated financial statements.

Note 1: The numbers filled in for the endorsements/guarantees provided by the Company or subsidiaries are as follows:

(1)The Company is '0'.

(2)The subsidiaries are numbered in order starting from '1'.

Note 2: Relationship between the endorser/guarantor and the party being endorsed/guaranteed is classified into the following six categories; fill in the number of category each case belongs to:

(1)Having business relationship.

(2)The endorser/guarantor parent company owns directly and indirectly more than 50% voting shares of the endorsed/guaranteed subsidiary.

(3)The endorsed/guaranteed company owns directly and indirectly more than 50% voting shares of the endorser/guarantor parent company.

(4)The endorser/guarantor parent company owns directly and indirectly more than 50% voting shares of the endorsed/guaranteed company.

(5)Mutual guarantee of the trade made by the endorsed/guaranteed company or joint contractor as required under the construction contract.

(6)Due to joint venture, all shareholders provide endorsements/guarantees to the endorsed/guaranteed company in proportion to its ownership.

Sigurd Microelectronics Corporation  
Provision of endorsements and guarantees to others  
Year ended December 31, 2022

Table 2

Expressed in thousands of NTD

(Except as otherwise indicated)

Note 3: Fill in limit on endorsements/guarantees provided for a single party and ceiling on total amount of endorsements/guarantees provided as prescribed in the endorser/guarantor company's "Procedures for Provision of Endorsements and Guarantees", and state each individual party to which the endorsements/guarantees have been provided and the calculation for ceiling on total amount of endorsements/guarantees provided in the footnote.

Note 4: Fill in the year-to-date maximum outstanding balance of endorsements/guarantees provided as of the reporting period.

Note 5: As of the end of the year, the Company shall bear the responsibility for endorsement/guarantee upon the signing of the endorsement/guarantee contract with the bank or upon the approval of limit.

Other relevant endorsements/guarantees should be included in the endorsement/guarantee balance.

Note 6: Fill in the actual amount of endorsements/guarantees used by the endorsed/guaranteed company.

Note 7: Fill in 'Y' for those cases of provision of endorsements/guarantees by listed parent company to subsidiary and provision by subsidiary to listed parent company, and provision to the party in Mainland China.

Note 8: In accordance with the Company's Procedures for Provision of Loans: the limit on endorsements/guarantees to a single party is 45% of its net assets.

Note 9: In accordance with the Company's Procedures for Provision of Loans: the ceiling on total endorsements/guarantees is 45% of the Company's net assets,

Note 10: The total endorsement/guarantee amount provided by Winstek Semiconductor Co., Ltd. (Winstek Technology) shall not exceed 50% of the its net value in the latest period.

The endorsement guarantee limit for a single enterprise shall be limited at 20% of the net value of Winstek Semiconductor Co., Ltd. (Winstek Technology) at the time when the endorsement/guarantee was made.

However, an endorsement/guarantee between Winstek Semiconductor Co., Ltd. (Winstek Technology) and among companies of which Winstek Technology directly or indirectly holds 100% of the voting shares, or other companies that Winstek Technology has agreed to purchase and upon completion will become a subsidiary of which Winstek Technology directly or indirectly holds 100% shares, and approved by a resolution of the Board of Directors, its endorsement/guarantee amount shall not be restricted by the aforesaid total amount of endorsement/guarantee and the limit of endorsement/guarantee for a single enterprise. However, the endorsement/guarantee to a single enterprise shall not exceed 100% of the net value of Winstek Technology in its most recent financial reports audited or reviewed by CPA.

In addition, the endorsement/guarantee not between Winstek Technology and among companies of which Winstek Technology directly or indirectly holds 100% voting shares, the total cumulative amount of such external endorsements/guarantees shall not exceed 100% of the net value of Winstek Technology in its most recent financial reports audited or reviewed by CPA.

VI. Facts regarding the Company and its affiliated enterprises which have developed difficult financial standing in recent year and the period as of the Annual Report date

The Company and its affiliated enterprises have not developed difficult financial standing in the most recent fiscal year up to the date of publication of the annual report.

## Seven. Review and analysis of financial standing and financial performance and the risk concern

### I. Financial position

Unit: NTD Thousand Dollars; %

Item \ Year	2021	2022	Difference	
			Amount	%
Current assets	14,848,084	16,314,192	1,466,108	9.87
Property, plant and equipment	18,479,301	18,155,700	(323,601)	(1.75)
Intangible assets	192,547	241,920	49,373	25.64
Other assets	3,083,041	2,857,542	(225,499)	(7.31)
Total amount of assets	36,602,973	37,569,354	966,381	2.64
Current liabilities	7,694,314	5,885,119	(1,809,195)	(23.51)
Non-current liabilities	11,081,836	12,303,756	1,221,920	11.03
Total amount of liabilities	18,776,150	18,188,875	(587,275)	(3.13)
Share capital	4,520,782	4,567,410	46,628	1.03
Capital reserve	942,353	539,296	(403,057)	(42.77)
Retained earnings	9,342,927	11,036,207	1,693,280	18.12
Other equity	636,474	336,307	(300,167)	(47.16)
Treasury stocks	-	-	-	-
Non-controlling equity	2,384,287	2,901,259	516,972	21.68
Total of equity	17,826,823	19,380,479	1,553,656	8.72
1. Reason of change and the effects: (the amount changes for more 10% or more, and the changed amount accounts for 1% of the total assets for the year)				
(1) Decrease in current liabilities: mainly due to the Company's repayment of long-term loans one year earlier than the maturity date.				
(2) The increase in non-current liabilities: due to long-term borrowing required for operations.				
(3) The decrease in capital reserve: due to an increase in cash dividends compared to 2021.				
(4) The increase in retained earnings: the net income after tax increased on a year-over-year basis due to the increase in revenue compared to the previous year.				
(5) The increase in non-controlling equity: mainly due to an increase in company profits.				
2. Responding plan: none.				

### II. Financial performance

#### (I) Comparison and analysis of financial performance

Unit: NTD Thousand Dollars; %

Item \ Year	2021	2022	Amount increased (decreased)	Change (%)
Operating revenue	16,681,264	18,694,345	2,013,081	12.07
Operating cost	11,732,806	13,165,811	1,433,005	12.21
Operating gross profit	4,948,458	5,528,534	580,076	11.72
Operating expenses	1,508,061	1,701,852	193,791	12.85
Operating incomes	3,440,397	3,826,682	386,285	11.23
Non-operating incomes and expenses	222,415	599,777	377,362	169.67
Pre-tax net profit	3,662,812	4,426,459	763,647	20.85
Income tax expenses	626,564	912,510	285,946	45.64
Net profit of the term	3,036,248	3,513,949	477,701	15.73
Other comprehensive income (after-tax net amount) of the term	373,562	(75,630)	(449,192)	(120.25)
The total comprehensive income of the term	3,409,810	3,438,319	28,509	0.84

Description of the material changed items: (The amount changes of 10% or more with the changed amount accounting for 1% of the total assets for the year)	
1. Increase in operating revenue, gross profit, operating income, pre-tax net profit, and net profit:	With establishments of 5G base stations and demand for 5G cellphones, mobile phone companies are racing to launch 5G cellphones, which led to strong sales of cellphones, network and power management chips from Sigurd's major customers, driving strong revenue growth for us.
2. Increase in operating cost:	Mainly due to the investment in new equipment and expansion of factories for the customers' products, which increased the repair, maintenance and depreciation expenses.
3. The increase in non-operating incomes and expenses:	due to an increase in net foreign currency exchange benefits.
4. The decrease in other comprehensive incomes of the term:	the main factor is the impact of exchange differences on the translation of the company's financial statements.

(II) The potential effects from the expected sales quantity and its basis to the Company's future financial and business, and the responding plans: based on the historical data of operating revenues from previous years, and by referring the forecasts to the semiconductor industry and packaging/testing by professional forecasting agencies, the Company expects the sales quantity and revenue for the coming year is cautiously optimistic.

### III. Cash flow

(I) Analysis and description of the changes to the cash flow in the most recent fiscal year

Unit: NTD Thousand Dollars; %				
Item	2021	2022	Amount increased (decreased)	Percentage increased (decreased) (%)
Operating activities	7,139,313	8,207,074	1,067,761	14.96
Investment activities	(6,703,955)	(5,604,969)	1,098,986	16.39
Fundraising activities	1,953,911	(1,935,999)	(3,889,910)	(199.08)
Description of material changed items				
1. Operating activities: the cash inflow from operating activities was mainly due to the increase in profit and depreciation in FY2022.				
2. Investment activities: the cash outflow from investment activities decreased compared to 2021, mainly due to a decrease in fixed asset purchases in 2022 compared to 2021.				
3. Fundraising activities: the cash inflow from financing activities decreased compared to 2021, mainly due to the issuance of corporate bonds for financing in 2021.				

(II) Improvement plan to the illiquidity: not applicable.

(III) Analysis of cash flow for the next year (2023)

Unit:NTD Thouand Dollars					
Balance of the cash at the beginning of the term	Net cash flows from operating activities for the full year	Cash outflows for the full year	Amount of residual (insufficient) cash	Remedies for insufficient cash amount	
				Investment plan	Financing plan
4,210,462	4,343,357	3,991,806	4,562,013	—	—

1. Analysis of the changes to the cash flow in next year:
  - (1) The net cash flows from operating activities mainly result from the operating cash revenue of NT\$ 4,343,357 thousand dollars.
  - (2) The cash outflow is mainly used for operating expenses such as purchasing machinery and other factory equipment, mainly by replacing old equipment with new ones, improving process capabilities, strengthening product research and development, and improving product quality to meet customer needs, which has a positive impact on the company's financial business.
2. Expected remedies to the short cash account and analysis of liquidity: not applicable.

IV. Effect upon financial operations of any major capital expenditures during the most recent year

In 2022, the Company purchased machines and other factory equipment with the capital in hand and bank loans, for a total of NT\$ 4,012,422 thousand dollars, mainly for the replacement of some old machines and equipment and the purchase of new equipment for the customers. The replacement and purchase helped us enhance the capabilities of production processes and improve product development to meet the customer needs, which in turn had positive effects on the Company's finance and business.

V. The company's reinvestment policy for the most recent fiscal year, the main reasons for the profits/losses generated thereby, the plan for improving re-investment profitability, and investment plans for the coming year

(I) Main reasons for the profits/losses generated thereby, the plan for improving re-investment profitability, and investment plans for the coming year

December 31, 2022; unit: thousand NT\$

Reinvested company	Profit/loss of investment in the most recent year	Policy	Profit/loss and the main reason thereof	Corrective action plan	Other future investment plans
Sigurd International Co., Ltd.	(8,304)	Offshore investment (BVI)	Main cause is to recognize the profit/loss of Sigurd Microelectronics (Cayman) Co., Ltd. and Flusol Co., Ltd.	Not applicable	None
Sigurd Microelectronics (Cayman) Co., Ltd.	Note	Offshore investment (Cayman)	Major reason is to recognize income/loss of Sigurd Micro Electronics (Wuxi) Co., Ltd	Not applicable	None
Sigurd Micro Electronics (Wuxi) Co., Ltd	Note	Manufacturing and sales of microelectronic products.	Main exchange income/loss	Not applicable	None
TEST-SERV Inc.	151,310	Packaging testing	Stable operation with recurrent profit	Not applicable	None
Flusol Co., Ltd.	(353,072)	Hong Kong investment	Main cause is recognizing the loss of SIRIZE Technology (Suzhou) Corp.	Once the operation of the subsidiary is improved, the investment profit will be contributed.	None
Burgurd Co., Ltd.	(94)	Hong Kong trading	Mainly due to the exchange gains	Not applicable	None

Reinvested company	Profit/loss of investment in the most recent year	Policy	Profit/loss and the main reason thereof	Corrective action plan	Other future investment plans
SIRIZE Technology (Suzhou)Corp.	(369,563)	R&D of semiconductor testing software, and advanced packaging and testing services	Plant and equipment are being installed for mass production	The company will keep on focusing on the niche products and obtaining orders from clients.	None
Bloomeria Limited	494,909	Investing Company	Dividend revenue	None	None
UTC Holdings Corporation	355,107	Investing Company	Major reason is to recognize income/loss of Sigurd UTC Corp.	Not applicable	None
Sigurd UTC Corp.	Note	Packaging testing	Mainly due to the increase in customer size and revenue	Not applicable	None
Winstek Semiconductor Co., Ltd.	Note	Packaging testing	Stable operation with recurrent profit	Not applicable	None
Winstek Semiconductor Technology Co., Ltd.	Note	Packaging testing	Stable operation with recurrent profit	Not applicable	None
TST Co., Ltd.	Note	Plant development and leasing	Interest revenue	Not applicable	None
Ambersan Medical Technology Co., Ltd.	(957)	Manufacturing and sales of medical equipment.	Mainly due to unstable operations, resulting in losses	Not applicable	None
SIGWIN Corporation	27,256	External investments	Mainly due to recognized profit/loss of the investment	Not applicable	None
Fletek Co., Ltd.	(26,527)	Service provider electronic information.	Main operating losses and recognized profit/loss of the investment	Not applicable	None
OPS Electronics Limited	Note	Investment business	Mainly due to recognized profit/loss of the investment	Not applicable	None
OPS Electronics (Shenzhen) Co., Ltd.	Note	Production and sales of disk burner and accessories, copier, chip testing apparatus, and electronic components.	Main operating losses	Not applicable	None
TPfusion Technology Co., Ltd.	Note	Service provider electronic information.	Mainly due to recognized profit/loss of the investment	Not applicable	None
TPfusion Corp.	Note	Service provider electronic information.	The company will keep on focusing on the niche products and increase the operating revenue	Not applicable	None

Reinvested company	Profit/loss of investment in the most recent year	Policy	Profit/loss and the main reason thereof	Corrective action plan	Other future investment plans
Valuenet International Limited	Note	Service provider electronic information.	Mainly due to foreign currency exchange benefits	Foreign currency hedge	None

Note: The investment income or loss of each subsidiary includes the investment income or loss of reinvestments that should be recognized according to the regulations. Hence, no other forms should be filled out.

(II) Investment plan for the next year: none

## VI. Analyses and assessment of risks

(I) The effect upon the company's profits (losses) of interest and exchange rate fluctuations and changes in the inflation rate, and response measures to be taken in the future:

1. Interest rate risks: The Group closely monitors the movement of interest rate. It is expected that there will be no material movement of the domestic interest rate level; however, the movement of interest rate will be monitored, and the fixed or floating rate borrowing will be adjusted accordingly, to mitigate the risks of increasing fund costs due to movement of interest rates. Therefore, it is expected the Company's profits (losses) are not exposed to a great risk of interest rate movement.
- 2: Movement of foreign exchange: the fair value changes along with the fluctuation of foreign exchange. With the proper financial operations, the assets and liabilities in foreign currencies are not expected to be exposed to material market risks. The transactions involving foreign exchange take a natural hedge approach for the effective control of risks. The movement of foreign exchange rate is under monitoring, to minimize the FX risks. Though TWD exchange rate fluctuates, but with proper financial control, the risks are mitigated, and thus the fluctuation of foreign exchange does not impact the profits (losses) of the Group's companies.
3. Risk of inflation: The profits (losses) of the Group has not been significantly affected by inflations; it is expected the inflation will not affect the Group in the future, either.
4. Future responding measures: to respond to the movement of interest rate and foreign exchange, the Company closely communicates with the banks to grasp the trends of market movement for prudential assessment as the reference of transaction. Moreover, before offering quotations to clients, the Business units conduct comprehensive considerations and assessment regarding future foreign exchange movement and the influential factors, to determine proper and reasonable prices, so that the fluctuation of foreign exchange does not affect the revenue and profit of the Company adversely.

(II) The company's policy regarding high-risk investments, highly leveraged investments, loans to other parties, endorsements, guarantees, and derivatives transactions; the main reasons for the profits/losses generated thereby; and response measures to be taken in the future.

1. The Groups focuses on the major businesses, and takes no high-risk

investments nor highly leveraged investments; each investment is conducted after prudential assessments. Procedures for Providing Endorsements/guarantees

2. Main reasons of profit/loss, and the measures to be taken in response:

- (1) The Company has adopted the overall risk management and control system, to clearly identify, measure, and control all the risks to which the Company exposes, so that the management of the Company is able to effectively control and measure the market risks, credit risks, liquidity risks, and cash flow risks.
- (2) To effectively control various objectives of market risk managements, the Group complies with related principles and adequately takes the economic environment, competition, and risks of market values into accounts, to achieve the optimized risk positions, maintenance of proper liquidity positions, and centralized management of all market risks.

(III) Future R&D plans and the expected R&D expenses: The future total R&D expenses are expected to be contained within 3.5% of the revenues and amount to approximately NT\$400 million.

1. Improvement of the high-level SoC IC testing techniques for 5G mobile phones.
2. Improvement of the IC testing technology for 5G related equipment.
3. R&D of the 5G millimeter wave (mmWave) and antenna package AiP testing technology.
4. With the expanding application and growing demand for AI (Artificial Intelligence), the Company is working with various research institutions and companies in the related industry to enhance its packaging and testing technology.
5. R&D of the Metaverse-related IC packaging and testing.
6. Development of the integrated IC testing technologies relevant to the IoT (Internet of Things).
7. Development of the RF related packaging and testing technology such as Wi-Fi 6/6E, WLAN SoC ICs, NFC (Near Field Communication) and Wireless Power (wireless charging).
8. Research on the IC testing specifications related to Wi-Fi 7, etc. for the development of the new internet generation.
9. Development of the related image IC integrated testing technology: Moving towards 8K4K (with a resolution of 7680x4320) video/audio Codec IC related testing technologies, based on the existing 4K2K package test.
10. Exploration of 3nm testing technologies.
11. Deepening the 4nm testing capability and scaling up mass production.
12. Improvement of the integrated backend production capacity of WLCSP and enhancement of relevant technological capabilities.
13. Enhancement of the GaN-related packaging and testing technology.
14. R&D of the SiC-related packaging and testing technology.
15. Enhancement of the low-earth-orbit satellite testing capability and increase of the mass production.
16. Increase of automotive electronics and vehicle-to-everything-related IC

test volume and maximization of the scope of certification.

17. Promotion of a smart factory and the width and depth of equipment automation and maximization of intelligent production.

18. Improve the specifications of logic and mixed signal testing machines, and expand the production scale.

(IV) Effect on the company's financial operations of important policies adopted and changes in the legal environment at home and abroad, and measures to be taken in response: the Company monitors the changes to the major domestic and foreign policies and laws at all times, and takes responding measures in time actively. For the most recent fiscal year up to the printing date of the annual report, there has been no finance/business affected by any change to the major domestic and foreign policies and laws.

(V) Effect on the company's financial operations of developments in science and technology (including cyber security risks) as well as industrial changes, and measures to be taken in response:

1. After experiencing the global recession, the management has taken more conservative approaches toward operations, with more prudential investments. Not only maintaining or enhancing the effective utilization of equipment and providing productivities, the Company also takes the maintenance of excellent quality as the first priority to regain the confidence of clients.

2. Description of assessment and analysis of cyber security risks:

(1) The Company established the framework of information security management: To provide the undisrupted operation system for the business operation of the Company, and comply with the related regulatory requirements, the ISMS information security management system, covering all managerial matters, to prevent unforeseeable system disruption risks resulting from natural disasters or man-made negligence that bring various potential risks and disasters. In order to effectively promote and fulfill different tasks related to information security, the "Information Security Promotion Committee" has been established to develop the objectives, strategies and management procedures regarding information security of the Company, facilitate the effectiveness of the information security management system, and further help the Company reach the established objectives for the information security management system; And regularly review relevant matters such as capital security policies.

(2) Description of assessment and analysis of cyber security risks: The information security policies and operational guidelines are reviewed on a regular basis to ensure the adequacy and effectiveness and further establish the safe and trustworthy information system service. To prevent the data destruction caused by unforeseeable natural disasters or man-made negligence, a data remote backup mechanism is established to send the backup media to other plants for remote storage. Meanwhile, the recovery simulation testing drill of the information system is also performed, so that the completeness of data and the rapid recovery of the system services are ensured to achieve

the expected recovery time of system. To strengthen the protections to information security, ensure the confidentiality of the Company's data, and the protection to the security of personal data, as well as mitigate the information security vulnerability of data leaking, all the computers in the Company have been installed with antivirus software, and all the USB external access are blocked. The e-mail and social media drills are conducted regularly and the defense system against invasion is established to monitor and identify the malicious actions and behaviors existing in the network and systems. The information security service conducts vulnerability scanning, to detect any vulnerability existing in the information system, fix it if any, and enhance the preventive measures.

(3) Establishment of information security policies and concrete managerial programs: To enhance the information security management, the safe and trustworthy information system service is established, to ensure the confidentiality, completeness, and availability of data assets, and mitigate the risks including the followings: the internal and external data assets stolen due to man-made negligence, willful misconduct, or natural disasters; improper applications; leakage, tampering, or destruction of data. The service also helps us comply with the related regulatory requirements to provide the uninterrupted operation system for the business operation of the Company.

- ① Each information security managerial requirement must comply with the related regulatory requirements and the operational requirements, to conduct the risk assessment for the information systems, to confirm the security needs of the information operation, take proper information security measures, and ensure the security of the information system.
- ② Based on the roles and functions, the information security training is conducted as necessary, while promoting the information security policies and related implementation guidelines.
- ③ The access authorizations of each information system and services are separated as the minimum authorization for the business needs and the responsibilities, to prevent unauthorized access.
- ④ The software and hardware management for the information system are deployed under an overall plan, to utilize the information resources effectively.
- ⑤ The establishment of a new information system shall consider the information security factors, to prevent any circumstance hazardous to the system security.
- ⑥ A safe and solid information machine room environment is established, and the related maintenance is conducted regularly, to ensure the stable operation of the information system.
- ⑦ The drills of information system security continuity are conducted regularly, to ensure the information system operates properly if any material information security incident occurs.
- ⑧ The information security audits are conducted regularly, to review the implementation of information security management systems.

- ⑨ Pursuant to the requirements of the Personal Information Protection Act and the Intellectual Property Act, the personal information and intellectual rights are processed and protected cautiously.
- ⑩ The assessments of information security policies are conducted regularly, to cause the policies conforming to the information security management, laws and regulations, technologies, and the latest circumstance of the Company's operation, to ensure the feasibility and effectiveness of the information security practices.

(VI) Effect on the company's crisis management of changes in the company's corporate image, and measures to be taken in response:

(VII) Expected benefits and possible risks associated with any mergers and acquisitions, and mitigation measures being or to be taken: not applicable.

(VIII) Expected benefits and possible risks associated with any plant expansion, and mitigation measures being or to be taken: not applicable.

(IX) Risks associated with any consolidation of sales or purchasing operations, and mitigation measures being or to be taken:

1. Mitigating the risk of over-concentrated purchases: the Company seeks many suppliers assessed outstanding, to ensure the quality of procured materials, while mitigating the risks of supply shortage or disruption.
2. Mitigating the risk of over-concentrated sales: in the recent years, the Company has adjusted the product structures to meet the market demands. Not only does the Company increase the weight of the testing business, but also develops new product lines, and increases the demands from clients' markets. We increase various testing services, to enhance the overall competitive edges, to avoid the risk of over-concentrated sales.

(X) Effect upon and risk to the company in the event a major quantity of shares belonging to a director, supervisor, or shareholder holding greater than a 10 percent stake in the company has been transferred or has otherwise changed hands, and mitigation measures being or to be taken: none.

(XI) Effect upon and risk to the company associated with any change in governance personnel or top management, and mitigation measures being or to be taken: During 2022, up to the printing date of the annual report, there has been no change in governance personnel or top management.

(XII) Litigious and non-litigious matters. List major litigious, non-litigious or administrative disputes: none.

(XIII) Other important risks, and mitigation measures being or to be taken: none.

## VII. Other key matters

None.

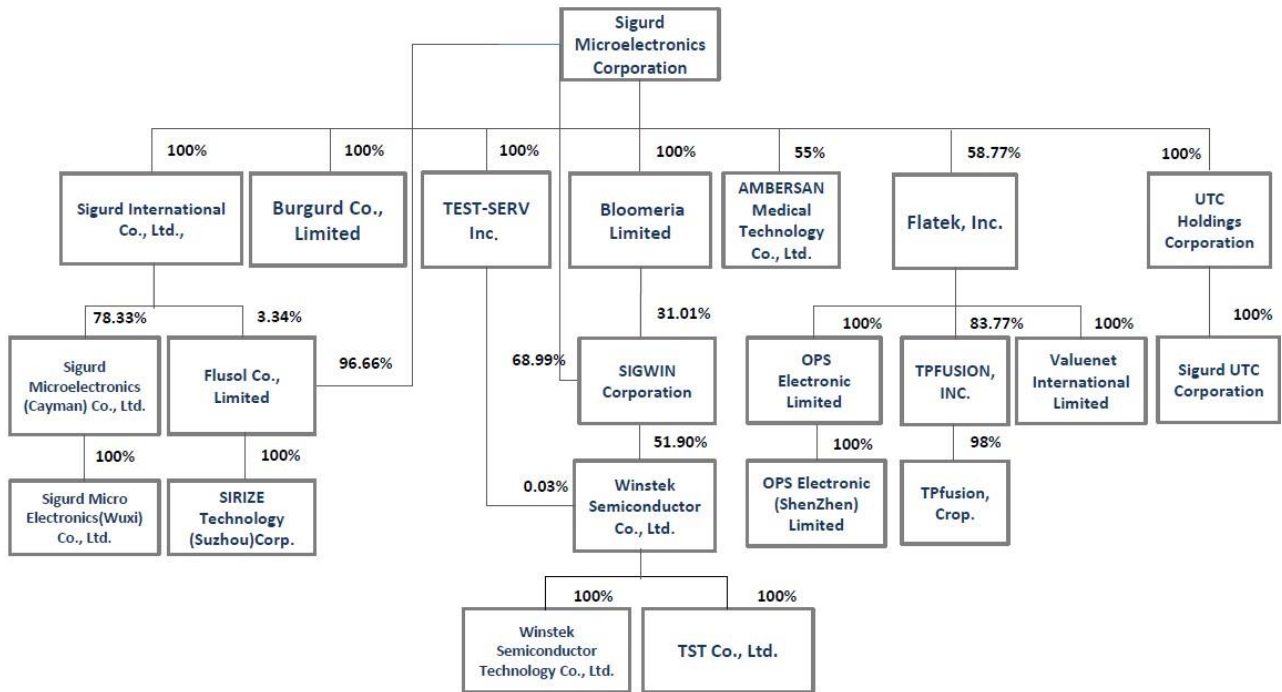

## Eight.Special Mentioned Matters

#### (I) Consolidated Business Report of Affiliates

##### 1. Organizational chart of affiliates

##### 2. Profile of each affiliate

Unit:Dollars

Name of corporation	Date of establishment	Address	Paid-up capital	Major business/production
Sigurd International Co. Ltd.	September 28, 2000	B.V.I.	USD 30,254,000	Investing Company
Sigurd Microelectronics (Cayman) Co., Ltd.(Originally named TPIC MICROELECTRONICS CO.,LTD.)	June 20, 2001	CAYMAN	USD 453,000	Investing Company
Sigurd Micro Electronics (Wuxi) Co.,Ltd	April 29, 1998	Wuxi, China	USD 28,000,000	Production and sales of microelectronic products.
TEST-SERV Inc.	February 24, 1992	Taiwan	NTD 802,000,000	Packaging and testing.
Flusol Co., Ltd.	October 18, 2010	Hong Kong	USD 46,554,000	Investing Company
Burgurd Co., Ltd.	October 18, 2010	Hong Kong	USD 2,186,000	International Trade Company
SIRIZE Technology (Suzhou)Corp.	September 6, 2019	Suzhou, China	USD \$45,000,000	R&D of semiconductor testing software, and advanced packaging and testing services
Bloomeria Limited	September 26, 2014	Singapore	USD 27,518,000	Investing Company
UTC Holdings Corporation	March 13, 2020	Taiwan	NTD 3,315,610,000	Investing Company

Name of corporation	Date of establishment	Address	Paid-up capital	Major business/production
Sigurd UTC Corp.	June 13, 1995	Taiwan	NTD 1,019,300,000	Testing service of integrated circuits and manufacture, sales and design of flip chip and substrate based
Winstek Technology Co., Ltd	April 26, 2000	Taiwan	NTD 1,362,617,000	R & D and testing of integrated circuits IC
Winstek Semiconductor Technology Co., Ltd	September 29, 2005	Taiwan	NTD 2,100,000,000	Wafer bumping and packaging service of wafer.
TST Co., Ltd.	May 10, 2022	Taiwan	NTD 200,000,000	Plant development and leasing
Ambersan Medical Technology Co., Ltd.	September 19, 2019	Taiwan	NTD 66,000,000	Manufacturing and sales of medical equipment.
SIGWIN Corporation	March 12, 2020	Taiwan	NT\$ 297,341,000	Investing Company
Flatek Co., Ltd.	June 5, 2002	Taiwan	NTD 170,160,000	Service provider electronic information.
OPS Electronics Limited	January 21, 2009	Hong Kong	HKD 10,000	Investment business
OPS Electronics (Shenzhen) Co., Ltd.	March 9, 2011	Shenzhen, China	HKD 6,500,000	Production and sales of disk burner and accessories, copier, chip testing apparatus, and electronic components.
Flatek Co., Ltd.	December 22, 2012	Taiwan	NTD 23,100,000	Service provider electronic information.
TPfusion Corp.	December 27, 2012	Osaka, Japan	JPY 30,986,000	Service provider electronic information.
Valuenet International Limited	July 8, 2005	B.V.I.	USD 50,000	Service provider electronic information.

3. Presumably sharing the same shareholder information with the parties under controlled or subordinated: none.

4. The businesses covered by whole affiliates' operations: designing, processing, testing, pre-burning treatment, producing and transacting for various IC; the export/import trading of the aforementioned materials and finished products; external investment.

5. Information of directors, supervisors, and general managers of affiliates
